

## LUBRICATION AND MAINTENANCE

Proper lubrication will insure long life and excellent performance—A few drops of oil or a small amount of grease should be applied to all bearing surfaces as needed, after one or two thousand rounds of loading operation.

The press head will require adjustment and/or cleaning if the measure drum sticks or jams. Often a slight adjustment of the nut on top of measure drum will cure the trouble. If measure drum continues to hang, clean press head thoroughly.

### To Disassemble:

1. Empty shot and powder hoppers. Remove hopper locating screw and measure stud.
2. Remove nut on top of hopper. Loosen set screw in nut before attempting to unscrew.
3. Lift hoppers from machine.
4. Remove lock nut and lift out measure drum.
5. Unscrew locknut and spring stop directly above station #4.
6. Cut off plates can be lifted out.
7. Clean and lubricate.

### To Assemble:

1. Be sure the cut off plate indexing pin and springs are in place.
2. Replace cut off plates.
3. Replace spring stop.
4. Place measure return spring in measure drum—compress spring past assembly nut hole—insert rod or nail in hole to keep spring compressed.
5. Place drum in head—replace measure stud and remove assembly nut.
6. Replace other parts.
7. Tighten lock nut until measure drum will not move freely—Then back nut off until measure drum is just free.
8. Tighten set screw in turret nut—Check measure drum to be sure it returns freely.

## WARRANTY

The Manufacturer warrants each new Reloading Tool manufactured by it to be free from defects in material and workmanship under normal use and service, its obligation under this warranty being limited to making good at its Factory any part or parts thereof supplied by the Manufacturer.

The obligation of the Manufacturer under this warranty shall be limited to the repair or replacement of parts proved defective within ninety (90) days from date of original purchase, if he returned to the Manufacturer with transportation charges prepaid, and which its manufacturer shall disclaim to its satisfaction to have been thus defective; this warranty being expressly in lieu of all other warranties expressed or implied, and of all other obligations or liabilities on its part, and it neither assumes nor authorizes any other person to assume for it any liability in connection with the use of its Reloading Tool or parts thereof.

This warranty shall not apply to any tool or part which shall have been repaired or altered outside of an authorized dealer in any way so as, in the judgment of the Manufacturer, to affect its strength or reliability, nor which has been subject to misuse, negligence or accident.
