Joseph Shieber

Testimony A Philosophical Introduction

Jennifer Lackey, Aidan McGlynn

Testimony A Philosophical Introduction:

Testimony Joseph Shieber, 2015-07-03 The epistemology of testimony has experienced a growth in interest over the last twenty five years that has been matched by few if any other areas of philosophy Testimony A Philosophical Introduction provides an epistemology of testimony that surveys this rapidly growing research area while incorporating a discussion of relevant empirical work from social and developmental psychology as well as from the interdisciplinary study of knowledge creation in groups The past decade has seen a number of scholarly monographs on the epistemology of testimony but there is a dearth of books that survey the current field This book fills that gap assessing the strengths and weaknesses of all major competing theories All chapters conclude with Suggestions for Further Reading and Discussion Questions *The Oxford Handbook of Social Epistemology* Jennifer Lackey, Aidan McGlynn, 2025 How do we learn from one another on the internet How can we defend ourselves from propaganda and seek the truth How do our race gender and other aspects of our identity imbue how we learn and know things Social epistemology explores timely and urgent questions such as these which is why the field has seen an explosion of interest in recent years Having originated as a subfield social epistemology now permeates the agenda of mainstream epistemology even though it challenges epistemology's traditional focus on the individual The Oxford Handbook of Social Epistemology offers a collection of cutting edge essays on many of the most important issues in this rapidly growing area of philosophy It takes stock of recent developments in the field and reassesses topics that have been thought to fit comfortably within a more traditional approach to epistemology including our capacities to know our own minds to reason and to remember by examining the ways in which they might be significantly impacted by one's social environment Several chapters interrogate the boundaries of what social epistemology is by exploring its application to significant issues outside of philosophy such as psychology sociology and political theory as well as the ways it intersects with ethics the philosophies of language and mind political philosophy feminist philosophy and critical philosophy of race Divided into seven sections this handbook provides a comprehensive coverage of work in this exciting and fertile area of philosophy as it highlights the relevance and importance of social factors to some of the most pressing epistemological questions facing us as agents in the world

A Dialogue Between Law and History Baosheng Zhang, Thomas Yunlong Man, Jing Lin, 2020-12-14 This book builds on the success of the First International Conference on Facts and Evidence A Dialogue between Law and Philosophy Shanghai China May 2016 which was co hosted by the Collaborative Innovation Center of Judicial Civilization CICJC and East China Normal University The Second International Conference on Facts and Evidence A Dialogue between Law and History was jointly organized by the CICJC the Institute of Evidence Law and Forensic Science ELFS at China University of Political Science and Law CUPL and Peking University School of Transnational Law STL in Shenzhen China on November 16 17 2019 Historians legal scholars and legal practitioners share the same interest in ascertaining the truth in their respective professional endeavors It is generally recognized that any historical study without

truthful narration of historical events is fiction and that any judicial trial without accurate fact finding is a miscarriage of justice In both historical research and the judicial process practitioners are invariably called upon before making any arguments to prove the underlying facts using evidence regardless of how the concept is defined or employed in different academic or practical contexts Thus historians and legal professionals have respectively developed theories and methodological tools to inform and explain the process of gathering evidentiary proof When lawyers and judges reconsider the facts of cases questions of law are actually a subset of questions of fact and thus the legal interpretation process also involves questions of historical fact The book brings together more than twenty leading history and legal scholars from around the world to explore a range of issues concerning the role of facts as evidence in both disciplines As such the book is of enduring value to historians legal scholars and everyone interested in truth seeking **On nature and grace.**

Philosophical introduction William George Ward,1859 *Hume and Contemporary Epistemology* Scott Stapleford,Verena Wagner,2024-10-28 This is the first edited collection dedicated to demonstrating Hume s relevance to contemporary debates in epistemology It features original essays by Hume scholars and epistemologists that address a wide range of important questions including the following What does a Humean conception of knowledge look like How do Hume s understanding of belief and suspension of judgement bear on current debates about doxastic attitudes Is there a Humean way of uniting reasons in the epistemic and practical domains What is the proper role of reason at the foundations of ethics and epistemology from a Humean point of view What contribution might an examination of Humean scepticism make to understanding of current sceptical hypotheses Is Hume a hinge epistemologist Does naturalized epistemology trace back to Hume Does Hume have an ethics of belief What can Hume contribute to virtue and vice epistemology Some chapters try to bring historically accurate interpretations of Hume s ideas into contact with current issues while others will take ideas merely suggested by Hume and demonstrate their philosophical usefulness Together they demonstrate Hume s enduring relevance for debates about knowledge belief inquiry and suspension reasons modal knowledge scepticism hinge epistemology naturalized epistemology the ethics of belief and moral epistemology virtue and vice epistemology and the epistemology of testimony Hume and Contemporary Epistemology will be of interest to scholars and advanced students working on Hume epistemology and the history of philosophy *The Routledge Handbook of Social Epistemology* Miranda Fricker,Peter J. Graham,David Henderson,Nikolaj J.L.L. Pedersen,2019-07-19 Edited by an international team of leading scholars The Routledge Handbook of Social Epistemology is the first major reference work devoted to this growing field The Handbook s 46 chapters all appearing in print here for the first time and written by philosophers and social theorists from around the world are organized into eight main parts Historical Backgrounds The Epistemology of Testimony Disagreement Diversity and Relativism Science and Social Epistemology The Epistemology of Groups Feminist Epistemology The Epistemology of Democracy Further Horizons for Social Epistemology With lists of references after each chapter and a

comprehensive index this volume will prove to be the definitive guide to the burgeoning interdisciplinary field of social epistemology **The Routledge Handbook of the Philosophy of Evidence** Maria Lasonen-Aarnio, Clayton

Littlejohn, 2023-12-19 What one can know depends on one's evidence Good scientific theories are supported by evidence Our experiences provide us with evidence Any sort of inquiry involves the seeking of evidence It is irrational to believe contrary to your evidence For these reasons and more evidence is one of the most fundamental notions in the field of epistemology and is emerging as a crucial topic across academic disciplines The Routledge Handbook of the Philosophy of Evidence is an outstanding reference source to the key topics problems and debates in this exciting subject and is the first major volume of its kind Comprising forty chapters by an international team of contributors the handbook is divided into six clear parts The Nature of Evidence Evidence and Probability The Social Epistemology of Evidence Sources of Evidence Evidence and Justification Evidence in the Disciplines The Routledge Handbook of the Philosophy of Evidence is essential reading for students and researchers in philosophy of science and epistemology and will also be of interest to those in related disciplines across the humanities and social sciences such as law religion and history **Progress in Theology** Gijsbert van den

Brink, Rik Peels, Bethany Sollereder, 2024-07-10 This book explores the intriguing relationship between theology science and the ideal of progress from a variety of perspectives While seriously discussing the obstacles and pitfalls related to the notion of progress in theology it argues that there are in fact many different kinds of progress in theology It considers how this sheds positive light on what theologians do and suggests that other disciplines in the humanities can equally profit from these ideas The chapters provide tools for making further progress in theology featuring detailed case studies to show how progress in theology works in practice and connecting with the role and place of theology in the University The book rearticulates in multiple ways theology's distinctive voice at the interface of science and religion **A History of the**

Quests for the Historical Jesus, Volume 1 Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a

bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates

Best Explanations Kevin McCain,Ted Poston,2017-12-01 Explanatory reasoning is ubiquitous Not only are rigorous inferences to the best explanation used pervasively in the sciences this kind of reasoning is common in everyday life Despite its widespread use inference to the best explanation is still in need of precise formulation and it remains controversial On the one hand supporters of explanationism take inference to the best explanation to be a justifying form of inference some even take all justification to be a matter of explanatory reasoning On the other hand critics object that inference to the best explanation is not a fundamental form of inference and some argue that we should be skeptical of inference to the best explanation in general This volume brings together twenty philosophers to explore various aspects of inference to the best explanation and the debates surrounding it These specially commissioned essays constitute the cutting edge of research on the role explanatory considerations play in epistemology and philosophy of science

Robert Audi: Critical Engagements Johannes Müller-Salo,2018-11-30 This volume documents the 20th Münster Lectures in Philosophy with Robert Audi In the last decades Audi s work has deeply influenced different important philosophical discussions ranging from epistemology theory of action and philosophy of rationality to ethics philosophy of religion and political philosophy The critical examinations collected in this book reflect the breadth of Audi s contributions in discussing topics as diverse as epistemological foundationalism and the theory of testimony ethical intuitionism the problem of evil and religion s public place within a liberal democracy Besides his replies to each critical engagement the volume contains an extensive essay on the problems of perception and cognition written by Audi himself This volume will be of enormous use to all scholars interested in the younger history of American philosophy and one of its leading figures It will also appeal to philosophers and curious readers with an interest in the endeavor of designing a comprehensive theory of rationality and human reasoning

Virtue Theoretic Epistemology Christoph Kelp,John Greco,2020-07-23 Virtue epistemology is one of the most flourishing research programmes in contemporary epistemology Its defining thesis is that properties of agents and groups are the primary focus of epistemic theorising Within virtue epistemology two key strands can be distinguished virtue reliabilism which focuses on agent properties that are strongly truth conducive such as perceptual and inferential abilities of agents and virtue responsibilism which focuses on intellectual virtues in the sense of character traits of agents such as open mindedness and intellectual courage This volume brings together ten new essays on virtue epistemology with contributions to both of its key strands written by leading authors in the field It will advance the state of the art and provide readers with a valuable overview of what virtue epistemology has achieved

Lying Eliot

Michaelson, Andreas Stokke, 2018 This is the first dedicated collection of philosophical essays on the topic of lying Interdisciplinary in approach it explores how a better understanding of language can inform the study of knowledge ethics or politics Written primarily for researchers and graduate students in philosophy it also accessible to readers from other disciplines

Scottish Philosophy in the Eighteenth Century, Volume II Aaron Garrett, James A. Harris, 2023-07-20 In this second volume on the Scottish Enlightenment of the eighteenth century a team of leading experts explore philosophical method metaphysics and the philosophy of mind as well as the teaching of philosophy in Scottish universities and Scottish achievements in the science of the mind

Knowledge Transmission Stephen Wright, 2018-09-03 Our knowledge of the world comes from various sources But it is sometimes said that testimony unlike other sources transmits knowledge from one person to another In this book Stephen Wright investigates what the transmission of knowledge involves and the role that it should play in our theorising about testimony as a source of knowledge He argues that the transmission of knowledge should be understood in terms of the more fundamental concept of the transmission of epistemic grounds and that the claim that testimony transmits knowledge is not only defensible in its own right but indispensable to an adequate theory of testimony This makes testimony unlike other epistemic sources

Knowledge in Contemporary Philosophy Stephen Hetherington, Markos Valaris, 2021-09-20 The Philosophy of Knowledge A History presents the history of one of Western philosophy's greatest challenges understanding the nature of knowledge Divided chronologically into four volumes it follows conceptions of knowledge that have been proposed defended replaced and proposed anew by ancient medieval modern and contemporary philosophers This volume covers contemporary discussions about scientific social and self knowledge and attempts to understand knowledge naturalistically contextually and normatively With original insights into the vast sweep of ways in which philosophers have sought to understand knowledge The Philosophy of Knowledge A History embraces what is vital and evolving within contemporary epistemology Overseen by an international team of leading philosophers and featuring 50 specially commissioned chapters this is a major collection on one of philosophy's defining topics

Conversational Pressure Sanford C. Goldberg, Sanford Goldberg, 2020 Sanford C Goldberg explores the source nature and scope of the normative expectations we have of one another as we engage in conversation He examines two fundamental types of expectation epistemic and interpersonal that are generated by the performance of speech acts themselves

The Social Contexts of Intellectual Virtue Adam Green, 2016-12-08 This book reconceives virtue epistemology in light of the conviction that we are essentially social creatures Virtue is normally thought of as something that allows individuals to accomplish things on their own Although contemporary ethics is increasingly making room for an inherently social dimension in moral agency intellectual virtues continue to be seen in terms of the computing potential of a brain taken by itself Thinking in these terms however seriously misconstrues the way in which our individual flourishing hinges on our collective flourishing Green's account of virtue epistemology is based on the extended credit view which conceives of knowledge as an

achievement and broadens that focus to include team achievements in addition to individual ones He argues that this view does a better job than alternatives of answering the many conceptual and empirical challenges for virtue epistemology that have been based on cases of testimony The view also allows for a nuanced interaction with situationist psychology dual processing models in cognitive science and the extended mind literature in philosophy of mind This framework provides a useful conceptual bridge between individual and group epistemology and it has novel applications to the epistemology of disagreement prejudice and authority

How Do You Know? Gordon Barnes, 2021-10-06 *How Do You Know* explores problems of knowledge that arise in everyday life If you are not an expert how can you know that another person is an expert If experts are politically biased should you still trust them More generally how should you approach the testimony of other people treat it all as innocent until proven guilty or is that too simple Does the internet make us better knowers or is it just a minefield of misinformation Is it always irrational to believe a conspiracy theory Suppose someone just as intelligent and well informed as you are disagrees with you about something how should that affect your belief Can we have knowledge of what is right and wrong *How Do You Know* approaches these issues through the lens of social epistemology and via the preeminently social genre of philosophical dialogue Its characters think and speak like real people in the world today discussing and debating issues that are current practically relevant and even controversial while equipping readers with tools and concepts to see more clearly for themselves

Suspicious History Jack Zevin, 2021-04-15 *Suspicious* aims at providing teachers and students of history and related social sciences with ideas for critical thinking about past and present applied to documentation images and historical writing Issues of perspective bias storytelling patriotism and heroism as well as interpretation are distributed among different chapters along with guidance for making discussion provocative and involving in light of principles for rethinking history

When people should go to the book stores, search commencement by shop, shelf by shelf, it is essentially problematic. This is why we give the book compilations in this website. It will completely ease you to see guide **Testimony A Philosophical Introduction** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you object to download and install the Testimony A Philosophical Introduction, it is extremely easy then, before currently we extend the belong to to purchase and create bargains to download and install Testimony A Philosophical Introduction thus simple!

Testimony A Philosophical Introduction Introduction

In the digital age, access to information has become easier than ever before. The ability to download Testimony A Philosophical Introduction has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Testimony A Philosophical Introduction has opened up a world of possibilities. Downloading Testimony A Philosophical Introduction provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Testimony A Philosophical Introduction has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Testimony A Philosophical Introduction. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Testimony A Philosophical Introduction. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Testimony A Philosophical Introduction, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Testimony A Philosophical Introduction has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Testimony A Philosophical Introduction Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Testimony A Philosophical Introduction is one of the best book in our library for free trial. We provide copy of Testimony A Philosophical Introduction in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Testimony A Philosophical Introduction. Where to download Testimony A Philosophical Introduction online for free? Are you looking for Testimony A Philosophical Introduction PDF? This is definitely going to save you time and cash in something you should think about.
