AIRBORNE TO CHAIRBORNE Chairborne is not commonly used as one word but as separated chair borne but Encarta Dictionary gives the meaning of this used as one word as holding sedentary military job Work at a desk in an office job in the armed forces rather than having combat or field duties Since I started my lawyer s career within the air force going into the Department of the Judge Advocate I think it is appropriately used [A Talent for War](#) Ramdhir Sinh,2013-10-18 Lt Gen Sagat Singh is unarguably the only military genius post independence India has produced He commenced his military career through humble beginnings in the Bikaner State Forces with only a smattering knowledge of English At the outbreak of World War 2 he was commissioned as an officer and served in the Middle East with his Battalion and on staff By the time the War was over he was the only officer to have done two staff courses including the prestigious course at Quetta On being absorbed into the Indian Army after Independence he was transferred to 3rd Gorkha Rifles where he commanded two battalions He was given command of the Para Brigade on promotion and led it in the Goa Operations with aplomb He was primarily responsible for liberating this Portuguese Colony Sagat s drive and energy stood out On promotion as Major General he commanded 17 Mountain Division in Sikkim where in 1967 in a bloody skirmish which lasted several days he gave the Chinese a bloody nose proving that the Indian Army was no pushover That year he was transferred to Shillong and tasked to curb the Mizo Insurgency In two years he succeeded in doing so effectively In 1970 he was promoted to Lt Gen and given command of 4 Corps It seemed his whole life was geared to leading a Corps into battle In 1971 in a major logistic achievement he moved and staged his Corps at Agartala When operations commenced to liberate Bangladesh his Corps relentlessly attacked and defeated Pakistan forces crossed river lines and terrain considered impassable His innovative use of helicopters has never been repeated His is the only example in the Indian Army of a successful corps level campaign which can stand out historically His knowledge of the operational art was perhaps without parallel He retired in Dec 1974 and settled down in Jaipur where till his death in 2001 he tried to ameliorate the lives of ex servicemen and his people His achievements were recognised by the Government of Bangladesh when the President publicly and formally honoured his son and daughter in law in Mar 2013 [The Civilianization of War](#) Andrew Barros,Martin Thomas,2018-08-09 Distinguishing between civilians and combatants is a central aspect of modern conflicts Yet such distinctions are rarely upheld in practice The Civilianization of War offers new ways of understanding civilians exposure to violence in war Each chapter explores a particular approach to the political legal or cultural distinctions between civilians and combatants during twentieth century and contemporary conflicts The volume as a whole suggests that the distinction between combatants and non combatants is dynamic and oft times unpredictable rather than fixed and reciprocally understood Contributors offer new insights into why civilian targeting has become a strategy for some and how in practice its avoidance can be so difficult to achieve Several

discuss distinct population groups that have been particularly exposed to wartime violence including urban populations facing aerial bombing child soldiers captives and victims of sexual violence The book thus offers multiple perspectives on the civil military divide within modern conflicts an issue whose powerful contemporary resonance is all too apparent

Empire and it was again united under Gupta Empire Muslim rule in the subcontinent began when the Arabs conquered Sindh and Multan Then several invasions from Central Asia led to the formation of Muslim empires such as the Delhi Sultanate and the Mughal Empire Mughals conquered most of northern India and finally controlled the entire sub continent and Afghanistan Mughal Empire declined in the 18th century Then East India Company gained ascendancy over South Asia Dissatisfaction with Company rule led to an unsuccessful revolt in 1857 after which India was directly administered by the British Crown In the 20th century a nationwide struggle for independence was launched by Indian National Congress The subcontinent gained independence from Great Britain in 1947 but the country was partitioned into two dominions of India and Pakistan After Independence a new era began This comprehensive book comprising four volumes covers the entire history of the Indian Nation in a very compact manner This book is an asset for historians teachers students and general readers at par

Fighting to the End C. Christine Fair,2014 Pakistan s army has dominated the state for most of its 66 years It has locked the country in an enduring rivalry with India to revise the maps in Kashmir and to resist India s slow but inevitable rise To prosecute these dangerous policies the army employs non state actors under the security of its ever expanding nuclear umbrella The Pakistan army started three wars with India over Kashmir in 1947 1965 and 1999 and failed to win any of them It has sustained a proxy war in Kashmir since 1989 using Islamist militants some of whom have now turned their guns against the Pakistani state The Pakistan army has supported non Islamist insurgencies throughout India as well as a country wide Islamist terror campaign that have brought the two countries to the brink of war on several occasions Despite Pakistan s efforts to coerce India it has only achieved modest successes Even though India vivisected Pakistan in 1971 Pakistan continues to see itself as India s equal and demands the world do the same The tools that the army prefers to use non state actors under a nuclear umbrella has brought international opprobrium upon the country and the army In recent years erstwhile proxies have turned their gun on the Pakistani state itself and its peoples Why does the army persist in pursuing these revisionist policies that have come to imperil the very viability of the state itself from which the army feeds This volume argues that the answer lies at least partially in the strategic culture of the army From the army s distorted view of history the army is victorious as long as can resist India s purported hegemony and the territorial status quo To acquiesce is defeat Because the army is unlikely to abandon these preferences the world must prepare for an ever more dangerous future Pakistan

Unconventional Warfare in South Asia Scott Gates,Kaushik Roy,2016-02-17 India is the world s tenth largest economy and possesses the world s fourth largest military The subcontinent houses about one fifth of

the world's population and its inhabitants are divided into various tribes, clans, and ethnic groups following four great religions: Buddhism, Christianity, Hinduism, and Islam. Framing the debate using case studies from across the region, as well as China, Afghanistan, and Burma, and using a wealth of primary and secondary sources, this incisive volume takes a closer look at the organization and doctrines of the shadow armies and the government forces which fight the former. Arranged in a thematic manner, each chapter critically asks: Why stateless marginal groups rebel? How do states attempt to suppress them? What are the consequences in the aftermath of the conflict, especially in relation to conflict resolution and peace building? *Unconventional Warfare in South Asia* is a welcomed addition to the growing field of interest on civil wars and insurgencies in South Asia. An indispensable read which will allow us to better understand whether South Asia is witnessing a New War and whether the twenty-first century belongs to the insurgents.

India After Gandhi: The History of the World's Largest Democracy Ramachandra Guha, 2017-07-13
Ramachandra Guha's *India after Gandhi* is a magisterial account of the pains, struggles, humiliations, and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections, the fall of the Congress and the rise of Narendra Modi, a major anti-corruption movement, more violence against women, Dalits, and religious minorities, a wave of prosperity for some but the persistence of poverty for others, comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

Extremely Violent Societies Christian Gerlach, 2010-10-14
In this groundbreaking book, Christian Gerlach traces the social roots of the extraordinary processes of human destruction involved in mass violence throughout the twentieth century. He argues that terms such as genocide and ethnic cleansing are too narrow to explain the diverse motives and interests that cause violence to spread in varying forms and intensities. From killings and expulsions to enforced hunger, collective rape, strategic bombing, forced labour, and imprisonment, he explores what happened before, during, and after periods of widespread bloodshed in countries such as Armenia, Indonesia, Bangladesh, Nazi-occupied Greece, and in anti-guerrilla wars worldwide in order to highlight the crucial role of socio-economic pressures in the generation of group conflicts. By focussing on why so many different people participated in or supported mass violence and why different groups were victimized, he offers us a new way of understanding one of the most disturbing phenomena of our times.

Political Conflict in Pakistan Mohammad Waseem, 2022-04-01
This book is a major reinterpretation of politics in Pakistan. Its focus is conflict among groups, communities, classes, ideologies, and institutions which has shaped the country's political dynamics. Mohammad Waseem critically examines the theory surrounding the millennium-long conflict between Hindus and Muslims as separate

nations who practiced mingled faiths and the Hindu Muslim and Sikh renaissances that created a twentieth century clash of communities and led to partition Political Conflict in Pakistan addresses multiple clashes between the high culture as a mission to transform society and the low culture of the land and the people between those committed to the establishment s institutional constitutional framework and those seeking to dismantle the colonial state between the corrupt and those seeking to hold them to account between the political class and the middle class and between civil and military power The author exposes how the ruling elite centralised power through the militarisation and judicialization of politics rendering the federalist arrangement an empty shell and thus grossly alienating the provinces He sets all this within the contexts of education and media as breeders of conflict the difficulties of establishing an anti terrorist regime and the state s pragmatic attempts at conflict resolution by seeking to keep the outsiders inside This is a wide ranging account of a country of contestations

The Koch Dynasty and Charismatic Bir Chilarai Dr. Subhajit Choudhury,2024-02-21 The chivalrous and charismatic Koch Generalissimo Sukladwaj known as Chilarai was the younger brother Prime Minister of King Naranarayan of the kingdom of Kamrupa Kamata Kingdom during 1510 1571 Before mentioning about Mahaveer Chilarai it would be worthy to mention that Maharaj Viswa Singha who rose from the position of cow hard king to that of a very powerful monarch of Kamrupa Kamata and the founder of the Koch Kingdom was a great and benevolent king He was known as a great warrior a superb organizer of people a just and efficient ruler extraordinarily courageous highly religious tolerant in attitudes and undoubtedly adventurous with sky rocketing ambitions His children in general Naranarayan and Chilarai in particular must have genetically inherited all the great qualities of their father importantly aggressive personality organizing and leadership qualities and there of a nation builder The qualities as part of teaching vis vis learning were art of warfare wrestling study of the sastras weaponry horse riding and fighting from horse back and particularly attacking the enemy with swords shields spears bows arrows fire arms etc Once Nara Singha one of the sons of Viswa Singha succeeded the throne after the death of Viswa Singha without following norms as set by his father Naranarayan and Chilarai removed him from the throne and further entered Nepal to fetch Nara Singha who fled to Nepal In Nepal the king of Nepal honored both Naranarayan and Chilarai As Hanuman Danda and Druga murti as the sacred deity of Koch kingdom also recovered from Narasimha by Chilarai with delicate approach Further the duo brother Naranarayan and Chilarai continued to extend their kingdom with massive platoon of soldiers little over 6 lakhs with Bhutiya Daflas and Bhuyan joined as one force

Conditions of Violence Christian Gerlach,2024-11-04 Mass violence comes not only from states but also from people By analyzing mass violence as social interaction through survivor accounts and other sources this book presents understudied agents aims and practices of direct violence and ways of action of those under persecution Sound history examining the noises of mass violence and persecution is particularly telling about such practices This volume shows that violence can become socially hegemonic and some people claim a freedom to kill as a political right To scrutinize indirect violence which

is often imperialist in character and claims many victims the book proposes the concept of conditions of violence These conditions are produced by definable groups of actors and foreseeably harm definable groups which differs from the anonymous and static structural violence This is exemplified in a case study concerning famines in World War II and another on COVID 19 as mass violence Less global in character other case studies in this volume deal with Rwanda Bangladesh East Pakistan and the Soviet Union
