**The World of Richard III** Kristie Dean, 2015-02-15 Follow Richard III through the resplendent castles towering cathedrals manor houses and chapels associated with his controversial life      **A Meditation on King Richard Iii** Margaret J. Howell, 2015-05-27 Documents may have been destroyed the graves left unmarked the records rewritten but his idea dominated the minds and experiences of those who knew him best and who shared their recollections so that he has joined that rare group of singular personalities who make friends centuries after they have passed from the world Richard III was a king with all that implies and he has returned after five centuries trailing some of his mediaeval glory He was also pious This little book provides a brief biography describes the form and feature of the time its ceremony and its hope It reviews briefly the history of deposed monarchs and concentrates also on the inward life which was the mainspring of action and recalls the lost faith we once all shared with King Richard Some techniques for contemplation give the reader unfamiliar with such concepts a good start with simple methods sentences for meditation and set prayers      Shakespeare and the Remains of Richard III Philip Schwyzer, 2013-09-26 This book explores how memories and traces of the reign of Richard III survived a century and more to influence the world and work of William Shakespeare offering a new approach to the cultural history of the Tudor era whilst shedding fresh light on the sources and preoccupations of Shakespeare's play      Digging for Richard III: The Search for the Lost King (Revised and Expanded) Mike Pitts, 2015-09-08 As gripping as any detective fiction Proof that one doesn't need to be fascinated with Richard III to be enthralled by the story of his body's discovery Publisher's Weekly In August 2012 a search began and on February 4 2013 a team from Leicester University delivered its verdict to a mesmerized press room and to the world they had found the remains of Richard III whose legacy was perhaps the most contested of all British monarchs Prior to this major discovery there had been little new information about Richard III for some time With no new evidence to fuel it the debate over what kind of man he might have been seemed to have stalled Thus the story of the discovery of Richard III is a story of the value of archaeology careful analysis of physical evidence backed up by the latest science and technology and how it can change our understanding of history Firsthand accounts from the team that found the king along with photographs from the author's own archives and an expanded epilogue incorporating new DNA evidence augment this compelling detective story as the evidence is uncovered      *The Tragedy of Richard III, with the Landing of Earle Richmond, and the Battell at Bosworth Field* William Shakespeare, 2001-04      *Richard III* Macaw Books, 2018-08-09 Simplified English makes Shakespeare accessible for everyone Perfect for introducing children to Shakespeare Makes a fantastic teaching tool      **Richard III** William Shakespeare, 1839      **The Mythology of Richard III** John Ashdown-Hill, 2015-04-15 John Ashdown Hill whose research was instrumental in the discovery of Richard III's remains explores and unravels the web of myths around Richard III      *The Dramatic Works of William Shakspeare: King Richard III.
