Tolkien as a Literary Artist Thomas Kullmann, Dirk Siepmann, 2021-05-05 This book takes a fresh look at Tolkien s literary artistry from the points of view of both linguistics and literary history with the aim of shedding light on the literary techniques used in The Lord of the Rings The authors study Tolkien's use of words style narrative techniques rhetoric and symbolism to highlight his status as literary artist Dirk Siepmann uses a corpus stylistic approach to analyse Tolkien s vocabulary and syntax while Thomas Kullmann uses discourse theory literary history and concepts of intertextuality to explore Tolkien's literary techniques relating them to the history of English fiction and poetry Issues discussed include point of view speeches story telling landscape descriptions the poems inserted into the body of the narrative and the role of language in the characterization of the novel s protagonists This book will be of particular interest to students and scholars of literature corpus linguistics and stylistics as well as Tolkien fans and specialists The Lord of the Rings Harold Bloom, 2008 Presents a collection of critical essays discussing Tolkien's epic fantasy The Ring and the Cross: The ring Paul E. Kerry, 2011 The influence of J R R Tolkien's Christianity on his writing has sparked intense discussion and debate What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkein's oeuvre with particular reference to The Lord of the Rings The Ring and the Cross addresses these two needs The Lord of the Rings and the Western Narrative Tradition Martin Simonson, 2008 When The Lord of the Rings was published in the 1950 s it did not sit comfortably among any preconceived notions of literary genre The critical responses reflected the confusion for some it was an unwelcome reappearance of narrative standards that modernism was supposed to have done away with or just a bad novel Others considered it a refreshing work in the epic and romance traditions Ironically much of the critical prejudice regarding the question of genre in The Lord of the Rings has been motivated by the same kind of blindness that Tolkien denounced in his famous 1936 lecture Beowulf the monsters and the critics Like Beowulf Tolkien's work has also failed to be properly appreciated and assessed due to a general refusal to accept the centrality of monsters because despite its monstrous

originality and fantastic setting it is very clearly and not only chronologically at the centre of twentieth century literature The Lord of the Rings and the Western Narrative Tradition is an attempt to account for the particular genre interaction that governs Tolkien's tale and put it in a meaningful relationship with the contemporary literary context At the same time it is a quest to track down one of the most famous and elusive literary monsters of the past century by filling out a long neglected white space on the map of comparative literature and genre criticism **Led Zeppelin and Philosophy Scott** Calef, 2011-08-31 Led Zeppelin who bestrode the world of rock like a colossus have continually grown in popularity and influence since their official winding up in 1980 They exasperated critics and eluded classification synthesizing blues rock folk rockabilly funk classical country Indian and Arabic techniques They performed the alchemical trick of transmuting base led into gold and platinum and diamond They did what they would finding wisdom through personal excess and artistic self discipline Not a coda to Zeppelin s legacy but a blast of metaphysical graffiti as relevant today as the first time we heard the opening chords of Stairway to Heaven From Kant to Kashmir from Freud to Fool in the Rain Calef and company explore Zeppelin's music in an introspective suggestive manner worthy of both a blistering Page solo and a bawdy Bonham stomp BRANDON W FORBES co editor of Radiohead and Philosophy Led Zeppelin's albums personalities live performances art work myths influences and more all come under the microscope Compelling insights and observations add more depth to a subject that continues to thrill and inspire Each chapter is driven by an unquenchable thirst for Zeppelin knowledge and pulls the reader deeper into the world of Led Zeppelin DAVE LEWIS editor Tight But Loose From Imagination to Faërie Yannick Imbert, 2022-06-23 Tolkien is one of our most beloved fantasy writers Such was the power of his imagination that much has been written on his invented world languages and myth This book is an invitation to tread the paths of Tolkien s realm exploring three regions of his work language myth and imagination We will be looking for a path leading to a summit from where we can view Tolkien's whole realm Yannick Imbert argues that we can gain such a view only if we understand Tolkien's philosophical theology his Thomism To attain this vantage point and better understand the genius of his Middle Earth readers journey with Tolkien through his academic personal and theological milieu which together formed his Thomistic imagination A Companion to J. Vincent, 2012-11-15 Recent scholarship on Tolkien has been especially attentive not only to the importance of religion in his personal life but also to the wider theological implications which may be drawn from his works In this study Alana M Vincent argues that the cultural influence of The Lord of the Rings provides an excellent model for understanding the mutually transformative relationship between religion and culture and in so doing also provides an important and unexplored pathway for inter religious exchange Interrupted Music Verlyn Flieger, 2005 Tolkien made a continuous effort over several years to construct a comprehensive mythology to include not only the stories themselves but also the storytellers scribes and bards who were the offspring of his thought In Interrupted Music Flieger attempts to illuminate the structure of Tolkien's work allowing the reader to appreciate its broad overarching design and its careful painstaking construction from publisher description C. The Spirit and the Screen Steven Félix-Jäger, Chris E. W. Green, 2023-05-15 The Spirit and the Screen engages contemporary films from the perspective of pneumatology to give theologies of culture fruitful new perspectives that begin

with the Spirit rather than other common theological contact points Christology anthropology theological ethics creation eschatology etc This book explores pertinent pneumatological issues that arise in film as well as literary devices that draw allusions to the Spirit It offers three main contributions first it explores how Christian understandings of the person and work of the Spirit illuminate the nature of film and film making second it shows that there are in fact Spirit figures in film as distinct from but inseparable from Christ figures even if sometimes they re not intended as such Spirit led characters are moved to act prophetically against their inclinations and in excess of their skill or knowledge and with eccentric life giving creativity third it identifies subtle and explicit symbolizations of the Spirit in pop culture symbolizations that requires deep careful thinking about the Christian doctrine of the Spirit and generate new horizons for cultural analysis The contributors of this book explore these issues asking how Christian convictions and experiences of the Spirit might shape the way one thinks about films and film making Tolkien Studies ,2009 The Invented Worlds of J.R.R.
