The Yoga Sutras of Patanjali Patañjali, Charles Johnston, 1912 **The Yoga Sutras of Patanjali - The Book of the Spiritual Man** Patañjali, Charles Johnston, 2022-11-24 Reproduction of the original **The Yoga Sutras Of Patanjali - The Book Of The Spiritual Man (Annotated Edition)** Patanjali, Swami Vivekananda, 2012 This edition includes an extensive preface by Swami Vivekananda the chief disciple of the 19th century mystic Ramakrishna Paramahansa and the founder of the Ramakrishna Math and the Ramakrishna Mission He gives the reader deep insights about Yoga and the Ultimate Goal in Life The Yoga Sutras of Patanjali are in themselves exceedingly brief yet they contain the essence of practical wisdom set forth in admirable order and detail The theme if the present interpreter be right is the great regeneration the birth of the spiritual from the psychical man the same theme which Paul so wisely and eloquently set forth in writing to his disciples in Corinth the theme of all mystics in all lands We think of ourselves as living a purely physical life in these material bodies of ours In reality we have gone far indeed from pure physical life for ages our life has been psychical we have been centred and immersed in the psychic nature Some of the schools of India say that the psychic nature is as it were a looking glass wherein are mirrored the things seen by the physical eyes and heard by the physical ears But this is a magic mirror the images remain and take a certain life of their own Thus within the psychic realm of our life there grows up an imaged world wherein we dwell a world of the images of things seen and heard and therefore a world of memories a world also of hopes and desires of fears and

regrets Mental life grows up among these images built on a measuring and comparing on the massing of images together into general ideas on the abstraction of new notions and images from these till a new world is built up within full of desires and hates ambition envy longing speculation curiosity self will self interest The teaching of the East is that all these are true powers overlaid by false desires that though in manifestation psychical they are in essence spiritual that the psychical man is the veil and prophecy of the spiritual man

The Yoga Sutras of Patanjali Charles Johnston, 2017-06-03 The Yoga Sutras of Patanjali are in themselves exceedingly brief less than ten pages of large type in the original Yet they contain the essence of practical wisdom set forth in admirable order and detail The theme if the present interpreter be right is the great regeneration the birth of the spiritual from the psychical man the same theme which Paul so wisely and eloquently set forth in writing to his disciples in Corinth the theme of all mystics in all lands We think of ourselves as living a purely physical life in these material bodies of ours In reality we have gone far indeed from pure physical life for ages our life has been psychical we have been centred and immersed in the psychic nature Some of the schools of India say that the psychic nature is as it were a looking glass wherein are mirrored the things seen by the physical eyes and heard by the physical ears But this is a magic mirror the images remain and take a certain life of their own Thus within the psychic realm of our life there grows up an imaged world wherein we dwell a world of the images of things seen and heard and therefore a world of memories a world also of hopes and desires of fears and regrets Mental life grows up among these images built on a measuring and comparing on the massing of images together into general ideas on the abstraction of new notions and images from these till a new world is built up within full of desires and hates ambition envy longing speculation curiosity self will self interest The teaching of the East is that all these are true powers overlaid by false desires that though in manifestation psychical they are in essence spiritual that the psychical man is the veil and prophecy of the spiritual man The purpose of life therefore is the realizing of that prophecy the unveiling of the immortal man the birth of the spiritual from the psychical whereby we enter our divine inheritance and come to inhabit Eternity This is indeed salvation the purpose of all true religion in all times Patanjali has in mind the spiritual man to be born from the psychical His purpose is to set in order the practical means for the unveiling and regeneration and to indicate the fruit the glory and the power of that new birth Through the Sutras of the first book Patanjali is concerned with the first great problem the emergence of the spiritual man from the veils and meshes of the psychic nature the moods and vestures of the mental and emotional man Later will come the consideration of the nature and powers of the spiritual man once he stands clear of the psychic veils and trammels and a view of the realms in which these new spiritual powers are to be revealed At this point may come a word of explanation I have been asked why I use the word Sutras for these rules of Patanjali's system when the word Aphorism has been connected with them in our minds for a generation The reason is this the name Aphorism suggests to me at least a pithy sentence of very general application a piece of proverbial wisdom that may be quoted in a good many sets of circumstance and which will almost bear on its face the

evidence of its truth But with a Sutra the case is different It comes from the same root as the word sew and means indeed a thread suggesting therefore a close knit consecutive chain of argument Not only has each Sutra a definite place in the system but further taken out of this place it will be almost meaningless and will by no means be self evident *The Yoga Sutras of Patanjali: The Book of the Spiritual Man* Patañjali, 2019-11-19 The Yoga Sutras of Patanjali The Book of the Spiritual Man offers a profound synthesis of ancient Indian philosophy and practical guidance for spiritual practice Written in a concise and aphoristic style the text is composed of 195 sutras that explore the eightfold path of yoga integrating ethical precepts Yamas and Niyamas physical postures Asanas breathing techniques Pranayama and meditative practices Pata jali s work not only articulates the intricacies of the mind and consciousness but also serves as a transformative guide for those seeking enlightenment positioning itself within the broader context of Hindu philosophy and the spiritual traditions of the ancient world Pata jali an esteemed sage and philosopher is believed to have lived in the 2nd century BCE although much about his life remains shrouded in mystery His work is a critical cornerstone of classical yoga philosophy drawing from the Vedas and earlier texts while contributing significantly to the discourse on meditation and self realization Pata jali s insights emerge from a rich cultural and spiritual milieu reflecting the depth of human experience and the quest for inner peace For readers keen on deepening their understanding of yoga beyond the physical practice The Yoga Sutras of Patanjali is an indispensable text It not only caters to spiritual aspirants but also offers invaluable wisdom applicable to contemporary life Engaging with this work will inspire and challenge you to explore the depths of your own consciousness and embark on a transformative journey toward spiritual awakening In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An Author Biography reveals milestones in the author s life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read *The Yoga Sutras of Patanjali* Charles Johnston, 1968 ***The Yoga Sutras of Patanjali*** , 1952 ***The Yoga Sutras of Patanjali*** Charles Johnston, 2018-09-11 This valuable book provides a complete manual for the study and practice of Raja Yoga the path of concentration and meditation This new edition of these timeless teachings is a treasure to be read and referred to again and again by seekers treading the spiritual path The classic Sutras thought threads at least 4 000 years old cover the yogic teachings on ethics meditation and physical postures and provide directions for dealing with situations in daily life The Sutras are presented here in the purest form with the original Sanskrit and with translation transliteration and commentary by Sri Swami
