The Inner Yoga of Happiness Dennis Hill,2008 Why do we do what we do Isn t everything we do ultimately to bring us happiness Think about it All our planning all our actions all our manipulations all our accumulations are so that we can just be happy When we get what we want really how long does it last Is there a way that we can be happy all the time The drive to fulfill our desires in practice does not bring us lasting happiness so what can we do There is one practice that is most essential in revealing the bliss of the Self and that is meditation This is the fundamental practice of mystics in all cultures that shows us the happiness that lies just behind the mind and shines its joyous radiance when the mind is at peace If we will just spend some time every day in this sublime equanimity we will get everything The traditional path to the inner yoga of happiness which is taught in yoga philosophy Advaita Vedanta is simply the practice of meditation In this practice we distill the inner caprice of thought down to simple stillness As we get longer stretches of this stillness we become acquainted with
