state Dowty also proposes thoughtful answers to puzzles regarding the strengths and weaknesses of Israeli democracy in responding to the challenges of communal divisions religious contention the country's non Jewish minority and accommodation with the Palestinians The Jewish State will be invaluable for anyone looking for that one book that gives an intelligent overview of both Israel today and of its origins *The Zionist Idea* Arthur (Rabbiner) Hertzberg,1970 **The Oxford Handbook of the Jewish Diaspora** Hasia R. Hammack,2010-12-28 This book presents a psychological analysis of identity development among Israeli and Palestinian youth developing an argument about the mutual constitution of culture and mind through narrative as well as a compelling critique of traditional approaches to intervention with youth to promote peace and coexistence **Judaism** Dan Cohn-Sherbok,2017-03-27 This newly revised all encompassing textbook is a guide to the history beliefs and practice of Judaism Beginning with the ancient Near Eastern background it covers early Israelite history the emergence of classical rabbinic literature and the rise of medieval Judaism in Islamic and Christian lands It also includes the early modern period and the development of Jewry in the nineteenth and twentieth centuries Extracts from primary sources are used throughout

Trouble in the Tribe Dov Waxman, 2018-05-08 How Israel is dividing American Jews Trouble in the Tribe explores the increasingly contentious place of Israel in the American Jewish community In a fundamental shift growing numbers of American Jews have become less willing to unquestioningly support Israel and more willing to publicly criticize its government More than ever before American Jews are arguing about Israeli policies and many especially younger ones are becoming uncomfortable with Israel's treatment of Palestinians Dov Waxman argues that Israel is fast becoming a source of disunity for American Jewry and that a new era of American Jewish conflict over Israel is replacing the old era of solidarity Drawing on a wealth of in depth interviews with American Jewish leaders and activists Waxman shows why Israel has become such a divisive issue among American Jews He delves into the American Jewish debate about Israel examining the impact that the conflict over Israel is having on Jewish communities national Jewish organizations and on the pro Israel lobby Waxman sets this conflict in the context of broader cultural political institutional and demographic changes happening in the American Jewish community He offers a nuanced and balanced account of how this conflict over Israel has developed and what it means for the future of American Jewish politics Israel used to bring American Jews together Now it is driving them apart Trouble in the Tribe explains why
