It's a story of three teenagers enduring and surviving against the odds, adapting where many adults failed. Not many teenagers survived The Havoc, probably because most didn't acclimate and learn like these three. So what's the secret to their survival? Good question. The answer lies in these pages: a journal written by a teenager named Chris. Each section includes some discussion questions to help you digest what you just read. These questions will point to the Bible here and there for some wisdom that has stood the test of time: wisdom for surviving your real world.

**Parenting in the Zombie Apocalypse** Steven J. Kirsh, 2019-06-04 Parenting is difficult under the best of circumstances but extremely daunting when humanity faces cataclysmic annihilation. When the dead rise, hardship, violence, and the ever-present threat of flesh-eating zombies will adversely affect parents and children alike. Depending on their age, children will have little chance of surviving a single encounter with the undead, let alone the unending peril of the Zombie Apocalypse. The key to their survival, and thus the survival of the species, will be the caregiving they receive. Drawing on psychological theory and real-world research on developmental status, grief, trauma, mental illness, and child rearing in stressful environments, this book critically examines factors influencing parenting and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead.
