Irina Ritter

Theocratic Ministry School 2015:

Jehovah's Witnesses in Europe Gerhard Besier, 2016-08-17 The religious association of Jehovah's Witnesses has existed for about 150 years in Europe. How Jehovah's Witnesses found their way in these countries has depended upon the way this missionary association was treated by the majority of the non-Witness population, the government, and established churches. In this respect, the history of Jehovah's Witnesses in Europe is also a history of the social constitution of these countries and their willingness to accept and integrate religious minorities. Jehovah's Witnesses faced suppression and persecution not only in dictatorships but also in some democratic states. In other countries, however, they developed in relative freedom. How the different situations in the various national societies affected the religious association and what challenges Jehovah's Witnesses had to overcome and still do in part even until our day is the theme of this history volume.

Children of the gods. detective story Irina Ritter, 2015-12-19 In one of September days, the head of 5 B class receives a call from an overwhelmed mom of schoolgirl Nadia Timofeeva. Nadia has not returned from school. The whole city is searching for the girl. Volunteers even come from neighboring towns. The case is controlled by Moscow Investigators; they are considering all versions, even the most fantastic. But in the city, people suspect Nadia's family. Investigators get a video which will help to reveal that high profile and mysterious crime.

The Memoirs of a Circuit Overseer's Wife Margie Purvis, 2015-09-12 I am sure you will find that The Memoirs of a Circuit Overseer's Wife will bring a smile to your face, a tear to your eye, warm the cockles of your heart, and reflect the warm love of animals.

Apocalypse Delayed M. James Penton, 2015-02-26 Since 1876, Jehovah's Witnesses have believed that they are living in the last days of the present world. Charles T. Russell, their founder, advised his followers that members of Christ's church would be raptured in 1878 and by 1914, Christ would destroy the nations and establish his kingdom on earth. The first prophecy was not fulfilled, but the outbreak of the First World War lent some credibility to the second. Ever since that time, Jehovah's Witnesses have been predicting that the world would end shortly. Their numbers have grown to many millions in over two hundred countries. They distribute a billion pieces of literature annually and continue to anticipate the end of the world. For almost thirty years, M. James Penton's *Apocalypse Delayed* has been the definitive scholarly study of this religious movement. As a former member of the sect, Penton offers a comprehensive overview of the Jehovah's Witnesses. His book is divided into three parts, each presenting the Witnesses' story in a different context: historical, doctrinal, and sociological. Some of the issues he discusses are known to the general public, such as the sect's opposition to military service and blood transfusions. Others involve internal controversies, including political control of the organization and the handling of dissent within the ranks. Thoroughly revised, the third edition of Penton's classic text includes substantial new information on the sources of Russell's theology and on the church's early leaders, as well as coverage of important developments within the sect since the second edition was published fifteen years ago.

Religious Movements in Contemporary America Irving I. Zaretsky, Mark P. Leone, 2015-03-08 Contemporary religious movements in

America vary greatly in their organization goals methods and membership Reflecting the striking diversity of the current religious movement the papers in this volume consider three categories of religious movements native American churches recently founded religious groups and syncretistic groups based on imported cults The general aim is to understand the varieties of human behavior within these institutions and to point out their relationship to society in the United States Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Power of Resistance Rowhea M. Elmesky, Carol Camp Yeakey, Olivia C. Marcucci, 2017-10-13 This book is guided through the powerful ideological frameworks of culture and social reproduction and looks specifically to the role of schooling as a vehicle for catalysing change

New Islamist Architecture and Urbanism Bülent Batuman, 2017-12-22 New Islamist Architecture and Urbanism claims that in today's world a research agenda concerning the relation between Islam and space has to consider the role of Islamism rather than Islam in shaping and in return being shaped by the built environment The book tackles this task through an analysis of the ongoing transformation of Turkey under the rule of the pro Islamic Justice and Development Party In this regard it is a topical book a rare description of a political regime's reshaping of urban and architectural forms whilst the process is alive Defining Turkey's transformation in the past two decades as a process of new Islamist nation re building the book investigates the role of the built environment in the making of an Islamist milieu Drawing on political economy and cultural studies it explores the prevailing primacy of nation and nationalism for new Islamism and the spatial negotiations between nation and Islam It discusses the role of architecture in the deployment of history in the rewriting of nationhood and that of space in the expansion of Islamist social networks and cultural practices Looking at examples of housing compounds mosques public spaces and the new presidential residence New Islamist Architecture and Urbanism scrutinizes the spatial making of new Islamism in Turkey through comparisons with relevant cases across the globe urban renewal projects in Beirut and Amman nativization of Soviet modernism in Baku and Astana the presidential palaces of Ashgabat and Putrajaya and the neo Ottoman mosques built in diverse locations such as Tokyo and Washington DC

Peacebuilding in Pakistan Heike Ruhland, 2019 When Pakistan was carved out of India in 1947 as a homeland for the Muslims of the subcontinent it was envisioned as a secular state where non Muslims would be granted freedom of religion and equal citizenship However the subsequent historical events led to a fast Islamization of nearly every part of public life and discrimination against the country's religious minorities who today make up less than 4 per cent of the overall population Based on extensive field work involving more than 100 non structured qualitative interviews this study explores the situation of the religious minorities and the dynamics

of interfaith peacebuilding in the Islamic Republic of Pakistan Primary focus was laid on the practice of interfaith dialogue which given the draconic blasphemy laws differs from interfaith dialogue as conceived of in the West Additionally other peacebuilding measures as offered by various non governmental organizations were taken into account be they advocacy promotion of human rights and unbiased education or policy negotiation with the government Heike Ruhland holds two master s degrees one in Islamic Studies University of Zurich and one in International Information Management University of Hildesheim She attained her PhD from the Academy of World Religions University of Hamburg *King of Cults-2nd Edition* David Bridges,2015-08-23 David Bridges is a former Jehovah s Witness and is now an Episcopal Priest Dr Bridges reveals the truth about the Watch Tower Bible and Tract Society and the carefully designed brainwashing and isolation tactics used to control its members and associates The life and practices of the Witnesses are explored and explained **Rediscovering Prophecy** Ronald Barclay Allen,1986 **Tradition,Tension and Translation in Turkey** Şehnaz Tahir Gürçaglar,Saliha Paker,John Milton,2015-07-15 The articles in this volume examine historical cultural literary and political facets of translation in Turkey a society in tortuous transformation since the 19th century from empire to nation state Some draw attention to tradition in Ottoman practices and agents of translation and interpreting while others explore the republican period starting in 1923 with the revolutionary change in script from Arabic to Roman coming in 1928 making a powerful impact on publication and translation practices Areas covered include the German Jewish academic involvement in translation traditional and current practices of translating from Kurdish into Turkish censorship of translated literature intralingual translations from Ottoman into modern Turkish pseudotranslation ideological manipulation and resistance in translation imitativeness vs originality and metonymics of literary reviewing **Constitutionalism, Human Rights, and Islam after the Arab Spring** Rainer Grote,Tilmann J. Röder,2016-07-25 Constitutionalism Human Rights and Islam after the Arab Spring offers a comprehensive analysis of the impact that new and draft constitutions and amendments such as those in Jordan Morocco Syria Egypt and Tunisia have had on the transformative processes that drive constitutionalism in Arab countries This collection of essays written by an expert team of constitutional and comparative law scholars and practitioners provides an overview of the recent constitutional experience of Arab countries explores the potential and actual impact of Islam and Sharia on the notion of modern constitutionalism and offers insight into the ways in which Western ideals may be reconciled with the Islamic tradition Christian Reconstruction Michael J. McVicar,2015-04-27 This is the first critical history of Christian Reconstruction and its founder and champion theologian and activist Rousas John Rushdoony 1916 2001 Drawing on exclusive access to Rushdoony s personal papers and extensive correspondence Michael J McVicar demonstrates the considerable role Reconstructionism played in the development of the radical Christian Right and an American theocratic agenda As a religious movement Reconstructionism aims at nothing less than reconstructing individuals through a form of Christian governance that if implemented in the lives of U S citizens would fundamentally alter the shape of American society

McVicar examines Rushdoony's career and traces Reconstructionism as it grew from a grassroots populist movement in the 1960s to its height of popularity in the 1970s and 1980s. He reveals the movement's galvanizing role in the development of political conspiracy theories and survivalism, libertarianism and antistatism, and educational reform and homeschooling. The book demonstrates how these issues have retained and in many cases gained potency for conservative Christians to the present day despite the decline of the movement itself beginning in the 1990s. McVicar contends that Christian Reconstruction has contributed significantly to how certain forms of religiosity have become central and now familiar aspects of an often controversial conservative revolution in America.

Religion and Political Change in the Modern World Jeffrey Haynes, 2015-09-07. The purpose of the book is to ascertain whether there is a generic impact that religion brings to bear on recent political changes in the modern world. Over the last two decades or so there have been increasing numbers of political issues with which various manifestations of religion engage. This impact is not restricted exclusively to countries in the developed or developing world. Instead we seem to be seeing a widespread impact of religion on politics which defies earlier assumptions about secularisation. This presumes that the more modern a country is then the less likely it is that religion will play a significant political role. Recent evidence is however firmly to the contrary: the degree of modernity in a country does not correspond well with the amount of religiosity in a country nor with the role that religion can play in politics. The book focuses on the recent return of religion to politics. It assesses how religion is involved in recent examples of political change in various countries including the impact of religion on democratization. The book features both theoretical chapters and case studies. The case studies examine different countries: Israel, Egypt, Morocco and Iran and regions: Sub-Saharan Africa with a focus on Islam, Judaism and Protestantism and Catholicism. The overall aim is to get a sense of what is happening when religion and politics interact. The chapters in this book were originally published in *Democratization*.
