**Manual of Historico-critical Introduction to the Canonical Scriptures of the Old Testament** Carl Friedrich Keil,1870      A manual of religious instruction, to assist parents in preparing their children for ... confirmation and ... the sacrament of the Lord's supper, by a lay member of the Church of England Manual,1832      A Manual of the whole Scripture History and of the History of the Jews ... Third edition Joseph Esmond Riddle,1857      **Manual on the Millennium** Dr. Roger W. Maslin,2015-11-18 Manual on the Millennium is an examination of the viewpoints concerning the nature of the millennium and how they relate to the associated end time events The author argues for his own personal viewpoint as well as with the problems inherent in interpreting those events that are so popular with the dispensational pre millennialist views

He provides a fresh examination of such subjects as the postponed kingdom the restoration of Israel rebuilding the temple the Battle of Armageddon the Antichrist and the seventy weeks of Daniel The author maintains that the arbitrary interpretation of the millennium of Revelation as a literal period of a thousand years as a whole does not fit the judgment teachings of the New Testament or the complete message of the return of Christ in context with the rest of the Scriptures The proper interpretation of the nature of the millennium is foundational to understanding the prophetic message of the New Testament This work is designed to be a valuable resource and handbook for the study of end time events for the serious Bible student

Doe,2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers
