

FOCUS PHILOSOPHICAL LIBRARY

Spinoza's Theologico-Political Treatise

Translated from the Latin with
Glossary, Indices and Interpretive Essay

Martin D. Yaffe

Theologico Political Treatise Focus Philosophical Library

David Johnson

Theologico Political Treatise Focus Philosophical Library:

Theologico-Political Treatise Baruch Spinoza, 2004-10-01 A complete translation in English of this modern text with substantive apparatus to allow the student and serious reader to grapple in a meaningful way with this seminal text The text includes ample footnotes Spinoza's annotations an interpretative essay glossary and other indices Focus Philosophical Library translations are close to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Spinoza's immediate audience This is the paperback edition *Philosophy, Theology, and Politics* Paul Bagley, 2008-05-31 The interpretation of Spinoza's theologico political teaching remains a matter of controversy Is Spinoza simply addressing contemporary difficulties in The Netherlands of the late 1660s Or is he attempting to solve a more basic and enduring human problem In this book it is argued that against the background of contemporary concerns Spinoza treats the more fundamental natural problem of reconciling those who live by the dictates of reason with those who live by the urgings of the passions Based upon his accounts of theology human nature and politics Spinoza fashions a theocratic or theologico political solution to the natural problem by holding that the universal religion and the democratic liberalism of the treatise share a common purpose Thus Spinoza becomes a new Moses *Phaedo* Plato, 2012-07-01 This is an English translation of one of Plato's great dialogues of Socrates talking about death dying and the soul due to his impending execution Included is an introduction and glossary of key terms Focus Philosophical Library translations are close to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience **Emil Fackenheim's Post-Holocaust Thought and Its Philosophical Sources** Kenneth Hart Green, Martin D. Yaffe, 2021-10-01 Recognized as one of the leading philosophers and Jewish thinkers of the twentieth century Emil Ludwig Fackenheim has been widely praised for his boldness originality and profundity As is well known a striking feature of Fackenheim's thought is his unwavering contention that the Holocaust brought about a radical shift in human history so monumental and unprecedented that nothing can ever be the same again Fackenheim regarded it as the specific duty of thinkers and scholars to assume responsibility to probe this historical event for its impact on the human future and to make its immense ramifications evident In Emil Fackenheim's Post Holocaust Thought and Its Philosophical Sources scholars consider important figures in the history of philosophy including Kant Hegel Heidegger and Strauss and trace how Fackenheim's philosophical confrontations with each of them shaped his overall thought This collection details which philosophers exercised the greatest influence on Fackenheim and how he diverged from them Incorporating widely varying approaches the contributors in the volume wrestle with this challenge historically politically and philosophically in order to illuminate the depths of Fackenheim's own thought Spinoza's Modernity Willi Goetschel, 2004-01-15 Spinoza's Modernity is a major original work of intellectual history that reassesses the philosophical project of Baruch Spinoza

uncovers his influence on later thinkers and demonstrates how that crucial influence on Moses Mendelssohn G E Lessing and Heinrich Heine shaped the development of modern critical thought Excommunicated by his Jewish community Spinoza was a controversial figure in his lifetime and for centuries afterward Willi Goetschel shows how Spinoza s philosophy was a direct challenge to the theological and metaphysical assumptions of modern European thought He locates the driving force of this challenge in Spinoza s Jewishness which is deeply inscribed in his philosophy and defines the radical nature of his modernity

Redacted Dominionism Christopher Cone,2012-11-29 Critiques of the environmental ramifications of the early Genesis narrative by environmental thinkers such as Aldo Leopold Ian McHarg and Lynn White underscore a long standing tension between the environmental movement and Western Christianity The evangelical community especially has been at odds with the environmental movement in grounding its theology of human relations to nature on the Genesis narrative a narrative the environmental community views generally as contributing negatively to environmental matters Redacted Dominionism is a literal interpretation of the early Genesis narrative that recognizes human relations to nature are based on theocentric themes Redacted Dominionism understands humanity as initially given dominion over nature by virtue of the image of God in humanity but that human disobedience to God tarnished that image and human qualification for dominion was lost Post fall the dominion mandate is never repeated in Genesis and seems even to be replaced Redacted Dominionism offers an important biblical approach to understanding human responsibility to God for how we interact with His creation *Timaeus*

Plato,2016-02-11 Both an ideal entr e for beginning readers and a solid text for scholars the second edition of Peter Kalkavage s acclaimed translation of Plato s Timaeus brings enhanced accessibility to a rendering well known for its faithfulness to the original text An extensive essay offers insights into the reading of the work the nature of Platonic dialogue and the cultural background of the Timaeus Appendices on music astronomy and geometry provide additional guidance A brief outline of the themes of the work a detailed glossary and a selected bibliography are also included **Poetics**

Aristotle,2011-12-14 A complete translation of Aristotle s classic that is both faithful and readable along with an introduction that provides the modern reader with a means of understanding this seminal work and its impact on our culture In this volume Joe Sachs translator of Aristotle s Physics Metaphysics and the Nicomachean Ethics also supplements his excellent translation with well chosen notes and glossary of important terms Focus Philosophical Library translations are close to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Aristotle s immediate audience The Legacy of Hans Jonas Hava

Tirosh-Samuelson,Christian Wiese,2008-06-25 An international interdisciplinary and interreligious retrospective examination of Hans Jonas 1903 1993 that engages his ideas in light of Existentialism utopian thought process philosophy and theology Zionism and environmentalism The Classical and Christian Origins of American Politics Kody W. Cooper,Justin Buckley

Dyer,2022-12-15 Shows how the American founding was deeply influenced by the classical Christian natural law tradition

Euthydemus Plato, 2012-07-01 From the Introduction Neglected for ages by Plato scholars the *Euthydemus* has in recent years attracted renewed attention The dialogue in which Socrates converses with two sophists whose techniques of verbal manipulation utterly disengage language from any grounding in stable meaning or reality is in many ways a dialogue for our times Contemporary questions of language and power permeate the speech and action of the dialogue The two sophists Euthydemus and his brother Dionysodorus explicitly question whether speech has any connection to truth and specifically whether anything can be said about justice and nobility that cannot also be said about their opposites Focus Philosophical Library translations are close to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience Features Notes glossary and an interpretive essay

Sophist Plato, 2012-07-01 This is an English translation of Plato presenting a new conception of the Theory of Forms Socrates and others discuss the epistemological and metaphysical puzzles of the *Parmenides* with aims to define the meaning of the Sophist The glossary of key terms is a unique addition to Platonic literature by which concepts central to each dialogue are discussed and cross referenced as to their occurrences throughout the work In such a way students are encouraged to see beyond the words into concepts Focus Philosophical Library translations are close to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience

Lincoln and the Politics of Christian Love Grant N. Havers, 2009-11-13 America has seen faith based initiatives and the audacity of hope in twenty first century politics but few participants in our political scene have invoked the other Christian virtue of charity as a guiding principle Abraham Lincoln extolled the merit of loving thy neighbor as thyself especially as a critique of the hypocrisy of slavery but a discussion of Christian love is noticeably absent from today's debates about religion and democracy In this provocative book Grant Havers argues that charity is a central tenet of what Lincoln once called America's political religion He explores the implications of making Christian love the highest moral standard for American democracy showing how Lincoln's legacy demands that a true democracy be charitable toward all and that only a people who lived according to such ideals could succeed in building democracy as Lincoln understood it Havers argues that it is simplistic to conflate Lincoln's invocation of with charity for all with his abiding support for the ideal of human equality The ethic of charity in his view also brought a uniquely Christian realism to the universalism of democracy He also describes how since World War I intellectuals and political leaders have denied that there exists a necessary relation between democracy and Christian love proposing that democracy is sufficiently ethical without reliance on a specific religious tradition Today's neoconservatives and liberals instead posit a universal yearning for democracy that requires no foundation in the ethic of charity Havers shows that this democratic universalism espoused by those who believe a chosen people should uphold the natural rights of humanity is alien to the sober thought of both the founders and Lincoln This carefully argued work defends

Lincoln's understanding of charity as essential to democracy while emphasizing the difficulty of fusing this ethic with the desire to spread democracy to people who do not share America's Christian heritage. In considering the prospect of America's leaders rediscovering a moral foreign policy based on charity rather than the costly idolization of democracy, Lincoln and the Politics of Christian Love makes a timely contribution to the wider debate over both the meaning of religion in American politics and the mission of America in the world and opens a new window on Lincoln's lasting legacy.

Discourse on Method René Descartes, 2012-07-01 This is an English translation of Descartes seminal discourse with an original essay by Richard Kennington. This text is designed to provide the student with a close translation, notes, and a glossary of key terms, facilitating access to ideas as they originally were presented and helping to make the translator's work transparent. Focus Philosophical Library translations are close to and are non-interpretative of the original text, with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Descartes' immediate audience. The Focus Philosophical Library publishes clear, faithful editions enabling access for modern students to the essential ideas and wisdom of the world's greatest thinkers.

Nicomachean Ethics Aristotle, 2011-12-14 Focus Philosophical Library's edition of Aristotle's Nicomachean Ethics is a lucid and useful translation of one of Aristotle's major works for the student of undergraduate philosophy as well as for the general reader interested in the major works of western civilization. This edition includes notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Aristotle's immediate audience. Focus Philosophical Library books are distinguished by their commitment to faithful, clear and consistent translations of texts and the rich world part and parcel of those texts.

Politics Aristotle, 2012-07-01 The Focus Philosophical Library's edition of Aristotle's Politics is a lucid and useful translation for the student of undergraduate philosophy as well as for the general reader interested in the major works of western civilization. This edition includes an introductory essay, notes, glossary, and index intending to provide the reader with some sense of the terms and the concepts as they were understood by Aristotle's immediate audience. Focus Philosophical Library books are distinguished by their commitment to faithful, clear and consistent presentations of texts and the rich world part and parcel of those texts.

Civil Religion in Modern Political Philosophy Steven Frankel, Martin D. Yaffe, 2020-07-28 Inspired by Machiavelli, modern philosophers held that the tension between the goals of biblical piety and the goals of political life needed to be resolved in favor of the political, and they attempted to recast and delimit traditional Christian teaching to serve and stabilize political life accordingly. This volume examines the arguments of those thinkers who worked to remake Christianity into a civil religion in the early modern and modern periods. Beginning with Machiavelli and continuing through to Alexis de Tocqueville, the essays in this collection explain in detail the ways in which these philosophers used religious and secular writing to build a civil religion in the West. Early chapters examine topics such as Machiavelli's comparisons of Christianity with Roman religion, Francis Bacon's cherry-picking of Christian doctrines in the

service of scientific innovation and Spinoza's attempt to replace long held superstitions with newer progressive ones. Other essays probe the scripture based anti-Christian argument that religion must be subordinate to politics espoused by Jean Jacques Rousseau and David Hume both of whom championed reason over divine authority. Crucially the book also includes a study of civil religion in America with chapters on John Locke, Montesquieu and the American Founders illuminating the relationships among religious and civil history, acts and authority. The last chapter is an examination of Tocqueville's account of civil religion and the American regime. Detailed, thought provoking and based on the careful study of original texts, this survey of religion and politics in the West will appeal to scholars in the history of political philosophy, political theory and American political thought. *Leo Strauss and Anglo-American Democracy* Grant N. Havers, 2013-10-15. Leo Strauss and Anglo-American Democracy critically interprets Strauss's political philosophy from a conservative perspective. Most mainstream readers of Strauss have either condemned him from the Left as an extreme right wing opponent of liberal democracy or celebrated him from the Right as a traditional defender of Western civilization. Rejecting both portrayals, Grant N. Havers shifts the debate beyond the conventional parameters, stating that Strauss was neither a man of the Far Right nor a conservative but in fact a secular Cold War liberal. In *Leo Strauss and Anglo-American Democracy*, Havers contends that the most troubling implication of Straussism is that it provides an ideological rationale for the aggressive spread of democratic values on a global basis while ignoring the preconditions that make these values possible. Concepts such as the rule of law, constitutional government, Christian morality and the separation of church and state are not easily transplanted beyond the historic confines of Anglo-American civilization as recent wars to spread democracy have demonstrated.

Socrates and Alcibiades: Four Texts David Johnson, 2012-03-01. *Socrates and Alcibiades: Four Texts* gathers together translations of our four most important sources for the relationship between Socrates and the most controversial man of his day, the gifted and scandalous Alcibiades. In addition to Alcibiades' famous speech from Plato's *Symposium*, this text includes two dialogues, the *Alcibiades I* and *Alcibiades II*, attributed to Plato in antiquity but unjustly neglected today, and the complete fragments of the dialogue *Alcibiades* by Plato's contemporary, Aeschines of Sphettus. These works are essential reading for anyone interested in Socrates' improbable love affair with Athens' most desirable youth, his attempt to woo Alcibiades from his ultimately disastrous worldly ambitions to the philosophical life, and the reasons for Socrates' failure, which played a large role in his conviction by an Athenian court on charges of impiety and corrupting the youth. Focus Philosophical Library translations are close to and are non-interpretative of the original text, with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience. **De Anima** Aristotle, 2012-04-20. A complete translation of Aristotle's classic work *De Anima*, supplemented with well-chosen notes and a comprehensive introduction. Also commonly translated as *On the Soul*, this work is a seminal work from the roots of Classical thinking on the nature of life and the life force. Focus Philosophical Library translations are close to and are non-interpretative.

of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Aristotle's immediate audience
