**Theologie en pastoraat**, 1901      **Des Perspectives Féministes en Théologie Pastorale** Hedwig Meyer-Wilmes, Lieve Troch, Riet Bons-Storm, 1998 Zusammenf in dt engl und franz      Weal and Woe Reinder Ruard Ganzevoort, Heye K. Heyen, 2004 This book explores the connections between salvation and evil in their Christian religious and non religious shapes How are our biographies embedded in the Christian tradition and the surrounding culture How do we deal with experiences of evil and how do we yearn for or enact shalom The Kampen research group in practical theology and ethics explores these concepts and argues for a multidimensional understanding      Practical Theology Gerben Heitink, 1999 This work by a leading figure in the field offers one of the first attempts to formulate a complete theory of practical theology for scholars teachers students and those directly involved in pastoral ministry Designed to serve as a reference tool this volume provides the necessary theoretical discussion for work in the entire discipline of practical theology Gerben Heitink first surveys the historical development of practical theology from the thought of Schleiermacher to the present He then outlines the theoretical aspects of practical theology looking especially at the hermeneutical empirical and strategic points of view Finally Heitink discusses the various contexts in which practical theology takes place      **Social constructionism and theology [electronic resource]** Chris A. M. Hermans, 2002 Practical theology starts its theological reflections from practices aims at analyzing empirically practices and is directed towards the transformation of these practices From this practice orientation there is a strong connection between practical theology and the social sciences Social constructionism is a growing theory within the social sciences This volume offers a theological and social scientific reflection on this emerging concept of social constructionism      The Scriptures of Israel in Jewish and Christian Tradition Bart J. Koet, Steve Moyise, Joseph Verheyden, 2013-03-22 The Scriptures of Israel in Jewish and Christian Tradition is a collection of studies in honour of Professor Maarten J J Menken Tilburg and addresses questions of textual form Jewish and Christian hermeneutics and notions of authority and inspiration      Science, Religion, the Humanities and Hope Anne Runehov, Michael Fuller, 2024-03-19 This book collects a multidisciplinary range of contributions focusing on the prolific and seminal work of Willem Drees in the fields of philosophy of religion philosophy of the humanities and science and theology religion Trained in both theoretical physics and theology philosophy of religion Drees holds doctoral degrees in both theology and in philosophy and amongst other distinguished positions held professorships at the University of Leiden and at the University of Tilburg Drees was also Editor in Chief of Zygon Journal of Religion Science between 2008 and 2018 and served as President of the European Society for the Study of Science and Theology ESSSAT between 2002 and 2008 In 2018 he was elected as member of the Royal Holland Society of Sciences and Humanities KHMW This contributed volume builds on Drees expansive and provocative scholarly contributions notably around the concept and meaning of naturalism and the humanities to the fields of science and religion as exemplified by his works Religion Science and Naturalism 1996 and What Are the

**Religion and Coping in Mental Health Care** Joseph Pieper,Marinus van Uden,2005 Joseph Pieper and Marinus van Uden have proposed a book consisting of previously published papers on the topics of religion coping and mental health care It covers quite a bit of territory the complex relationships between religion and mental health surveys that present the views of therapists and patients about the interface between religion and mental health a case study of a religious patient struggling with psychological problems empirical studies of religious coping among various groups and a method for teaching the clinical psychology of religion Although the papers are diverse they are unified by several themes First the papers convey a balanced approach to religion and psychology They speak to the potentially positive and negative contributions religion can make to health and well being Second several of the papers focus on the role of religious coping among patients in the Netherlands This focus is noteworthy since the large majority of this theory and research has been limited to the USA Third they underscore the value of a cross cultural approach to the field Their surveys point to the importance of religious worldview perspectives to many patients and therapists in the Netherlands even though the culture is more secularised than the USA However their papers also suggest that the manifestation of these religious worldview perspectives may take different shape in the Netherlands Fourth the papers have clinical relevance The case history of the obsessive compulsive patient by Van Uden ch 4 contains an excellent example of the way in which religious resources can be accessed to counter dysfunctional behaviours This volume shows initial effort in a newly emerging area of study It is encouraging to see a significant body of research and practice on the psychology of religion and coping coming out of the Netherlands It could stimulate further advances in a more cross culturally sensitive clinical psychology of religion Kenneth Pargament Professor of Psychology at Bowling Green State University in Ohio USA Dr Joseph Z T Pieper 1953 works as an assistant professor in psychology of religion and pastoral psychology at the Department of Theology at Utrecht University and at the Catholic Theological University Utrecht the Netherlands Prof dr Marinus H F van Uden 1952 works as a professor in clinical psychology of religion at Tilburg University and Radboud University Nijmegen the Netherlands and he is a licensed clinical psychologist and psychotherapist

**Postcolonial Europe in the Crucible of Cultures** Jacques Haers,Norbert Hintersteiner,Georges de Schrijver,2007 Over the past forty years Europe has grown as a global presence and today it plays an important role in a variety of ways politically socially economically and culturally European theologians have no choice but to take cognizance of this fact and respond to the broad social challenges by clarifying their views on God and being a prophetic voice in cultural political and social decision making

The authors in this volume take up four main contemporary global challenges i.e. globalization violence gender and the environment and the volume provides its readers with first rate theological reflections in Europe The articles offered here are the result of an intensive workshop held in Leuven in September 2004 and are sponsored by the European Commission and the VLIR as part of a three year study program on the understanding of God in Europe The Spirit Is Moving: New Pathways in Pneumatology, 2019-02-26 The work of the Spirit of God is a vibrant and much discussed topic in many contemporary Christian communities worldwide Apparently the Spirit is moving Theological reflection on this phenomenon has even given rise to what is often called a pneumatological renaissance This volume not only takes stock of these remarkable developments but also probes some of their hidden aspects and highlights avenues for future exploration It contains a wide ranging but coherent assortment of essays covering the five relations of the Holy Ghost distinguished already in the Nicene Constantinopolitan Creed how does the Spirit of God relate to the Bible to the Christ to the human person to the church and to the world These essays are written as a tribute to the many inspiring theological contributions of prof Cornelis van der Kooi on the occasion of his retirement as Professor of Systematic Theology at the Faculty of Religion and Theology Vrije Universiteit Amsterdam where he taught from 1992 until 2018 Contributors are Henk A Bakker Abraham van de Beek Erik A de Boer Carl J Bosma Gijsbert van den Brink Martien E Brinkman Gerard C den Hertog Arnold Huijgen Gerrit C van de Kamp Miranda Klaver Akke van der Kooi Margriet van der Kooi Dijkstra Bruce L McCormack Richard J Mouw Bert Jan Lietaert Peerbolte Eveline van Staalduine Sulman Eep Talstra Benno van den Toren Jan Veenhof Willem van Vlastuin Pieter Vos Michael Welker Cory Willson Maarten Wisse *Faith* Gerrit Immink, 2005 Addressing faith as it is lived rather than as a system of doctrine F Gerrit Immink emphasizes that having faith means more than assenting to certain opinions about God it involves a dynamic relationship or dialogue with God As he investigates the practice of faith Immink holds together the poles of divine activity and human experience external Word and indwelling Spirit At its heart this book is about God How can faithful people speak about God and understand God's presence Well versed in both philosophical analysis and the theological tradition the author argues for an understanding of God as a speaking acting person genuinely experienced in faith In so doing he issues a compelling plea to reevaluate the theoretical foundations of practical theology Applying his work particularly to the theories of preaching and pastoral care Immink brings to bear insights garnered from years as an academic theologian as the dean of a theological seminary and as a minister Scholars ministers and seminary students alike will benefit from his careful reflections on the Christian life of faith Werktitel Ben van Melick, Piet Gerards, 2003 Presents a themed overview of the work of graphic designer Piet Gerards Includes fifty works chosen and provided with commentaries by the artist The author describes and interprets Piet Gerards development from self taught man and left wing activist to publisher and premiated maker of books organizer of cultural productions and graphic designer *Elenchus of Biblica* Robert North, 1997 De Remonstrantse Broederschap P.
