Theology and Marxism in Eagleton and Žižek O. Sigurdson, 2012-05-07 Taking its cue from the renewed interest in theology among Marxist and politically radical philosophers or thinkers this study inquires into the reasons for this interest in theology focusing on the British literary theorist Terry Eagleton and the Slovenian philosopher and psychoanalyst Slavoj Žižek as two contemporary prominent Marxist thinkers

*Theology and Marxism in Eagleton and Žižek* O. Sigurdson, 2012-05-07 Taking its cue from the renewed interest in theology among Marxist and politically radical philosophers or thinkers this study inquires into the reasons for this interest in theology focusing on the British literary theorist Terry Eagleton and the Slovenian philosopher and psychoanalyst Slavoj Žižek as two contemporary prominent Marxist thinkers

**Žižek Reading Bonhoeffer** Bojan Koltaj, 2019-08-23 This book critically examines Bonhoeffer's social theology in *Sanctorum Communio* from the perspective of Žižek's theological materialism Specifically it refers to Žižek's struggling universality of abandonment and its ethic of indifference in consideration of Bonhoeffer's transcendental personalist community of saints and its ethic of universal love As such it represents an attempt to reflect on the content act and implication of theological thought without presuppositions and an argument for the necessity of such an approach a radical approach that is true to theology's critical character of challenging narratives and revealing exceptions in search of truth

**Religious Resistance to Neoliberalism**

Keri Day, 2016-04-29 Religious Resistance to Neoliberalism offers compelling and intersectional religious critiques of neoliberalism Neoliberalism is the normative rationality of contemporary global capitalism that orders people to live by the generalized principle of competition in all social spheres of life Keri Day asserts that neoliberalism and its moral orientations consequently breed radical distrust lovelessness disconnection and alienation within society She argues that engaging black feminist and womanist religious perspectives with Jewish and Christian discourses offers more robust critiques of a neoliberal economy Employing womanist and black feminist religious perspectives this book provides six theoretical theologically constructive arguments to challenge the moral fragmentation associated with global markets It strives to envision a pragmatic politics of hope

**The Psychotheology of Sin and Salvation** Paul V. Axton, 2015-10-22 Through the employment of the work of Slavoj Žižek and his engagement with the Apostle Paul Axton argues that Paul in Romans 6:8 understands sin as a lie grounding the subject outside of Christ and salvation is an exposure and displacement of this lie The theological significance of Žižek along with Sigmund Freud and Jacques Lacan is his demonstration of the pervasive and systemic nature of this lie and its description as he finds it in Romans 7 The specific overlap of the two disciplines of psychology and theology is found in the psychoanalytic understanding that the human Subject or the psyche is structured in three registers the symbolic the imaginary and the real These three registers function like a lie analogous to the Pauline categories of law ego and the body of death which constitute Paul's dynamic of sin's deception Axton argues that if sin is understood as a lie grounding the Subject the exposure of the lie or the dispelling of any notion of mystery connected to sin is

integral to salvation and the reconstructing of the Subject in Christ While the lie of sin is mediated by the law new life in the Spirit is not through the law but is a principle unto itself which though it accounts for the law is beyond the law     **The Reception of Paul the Apostle in the Works of Slavoj Žižek** Ole Jakob Løland, 2018-06-20 This is the first book devoted entirely to exploring i ek s peculiar kind of Paulinism It seeks to provide a full map of the Marxist philosopher s interpretations of Paul and critically engage with it As one of several radical leftists of European critical thought i ek embraces the legacy of an ancient apostle in fascinating ways This work considers i ek s philosophical and political readings of Paul through the lens of reception history and argues that through this recent philosophical turn to Paul notions of the historical and philosophical are reproduced and negotiated anew     **Marxism, Christianity, and Islam** Julian Roche, 2024-02-20 Roger Garaudy was for many years at the centre of the French Communist Party but was eventually expelled for his liberal views In the Seventies he strove to bring Marxism and Christianity together to include all humanity in a project to set all people free What emerges from Garaudy s project is a very modern Marxism with its emphasis on the individual its ecological politics and in its insistence on religion as central to human emancipation Although Garaudy himself became frustrated by the failure of Marxism and converted to Islam eventually resulting in his work being discredited in the West it is certainly possible that Garaudy s project represents a good perhaps even the best starting point for Marxism in today s world     **The Dialogical Spirit II** Amos Yong, 2024-09-05 The Dialogical Spirit II is a second collection of essays that demonstrates the dialectical contours of Amos Yong s critical pentecostal theology It is a montage of constructive engagements with various thinkers and ideas in the promotion of theological plurality for the third millennium With essays on Hegelian dialectics Buddhist Christian dialogue pneumatic missiology etc voice is generated for the renewal of relationality and the revival of imagination Free from the imposition of traditional boundaries Yong makes his way across differing landscapes of truth in a global environment gleaning from the activities of reflection and understanding therein Providing snapshots of Yong s theological development over decades of work The Dialogical Spirit II further evidences the vitality of pentecostal theology to emerging conversations in constructive and comparative venues
