**Karl Rahner, Culture and Evangelization** Anthony Mellor, 2019-05-15 The situation of religious institutional diminishment in many Western countries requires new approaches to the proclamation of Christian faith As a response to these complexities Karl Rahner suggested a mystagogic approach as a future pathway for theology A mystagogical approach seeks modes of spiritual and theological conversation which engage the religious imagination and draws upon personal experiences of transcendence and religious sensibility In Karl Rahner Culture and Evangelization New Approaches in an Australian Setting Anthony Mellor develops a reflective process of contemporary mystagogia describing how different fields of engagement require different patterns of mystagogical conversation While focussing on the Australian setting these differentiate arenas of engagement are also applicable to other cultural settings and offer fresh perspectives for evangelization today

**Augustine's Apocalyptic Political Theology in the Evil Saeculum** Pung Ryong Kim, 2024-09-16 Augustine's Apocalyptic Political Theology in the Evil Saeculum investigates Augustine's apocalyptic political theology under the premise that he perceived the saeculum or this age as evil Augustine views the saeculum as wicked because of the activity of the devil and demons For Augustine the devil perverted our social life and politics by mediating the false collective memory of the created world social life and politics through media such as various religious cultural liturgies and literary works In particular the demons reinforced Roman citizens amor sui amor laudis and libido dominandi by employing pagan rituals and literature that mediated the collective memory of the imperial period justifying the existence and expansion of the empire As such this book explores the socio political implications of Augustine's

demonology      *The Turn to Transcendence* Glenn W. Olsen, 2012-07-30 Phenomenal A must read for us who desire to topple the dictatorship of relativism and culture of death and replace it with the only alternative The Imaginative Conservative Especially concerned with the public nature of religion historian Glenn W Olsen author of *Christian Marriage A Historical Study* and *On the Road to Emmaus* The Catholic Dialogue with American and Modernity sets forth an exhaustively researched and persuasive account of how religion has been reshaped in the modern period The Turn to Transcendence traces both the loss of transcendence and attempts to recover it while making its own proposals Neither reactionary nor modernist it questions how under conditions of modern life some form of the sacred and some form of the secular might both flourish at the same time But it also provides a warning that a religion unable to maintain itself with its own overt architecture language and calendars against an enveloping secular culture is destined for oblivion Glenn Olsen s book could hardly be more pivotal or insightful Confronting the growing amnesia regarding culture s religious origin and transcendent purpose Olsen proves both a masterful cartographer of modernity and a visionary of a culture that encourages and enables us to seek beyond ourselves Carl A Anderson Supreme Knight of the Knights of Columbus A brilliant book It rests on an amazing amount of scholarship that is wide ranging in history literature art science music theology and philosophy James Hitchcock professor of history St Louis University      *At the Limits of the Secular* William A. Barbieri, 2014-07-12 This volume presents an integrated collection of constructive essays by eminent Catholic scholars addressing the new challenges and opportunities facing religious believers under shifting conditions of secularity and post secularity Using an innovative keywords approach At the Limits of the Secular is an interdisciplinary effort to think through the implications of secular consciousness for the role of religion in public affairs The book responds in some ways to Charles Taylor s magnum opus *A Secular Age* although it also stands on its own It features an original essay by David Tracy the most prominent American Catholic theologian writing today and groundbreaking contributions by influential younger theologians such as Peter Casarella William Cavanaugh and Vincent Miller CONTRIBUTORS William A Barbieri Jr Peter Casarella William T Cavanaugh Michele Dillon Mary Doak Anthony J Godzieba Slavica Jakelic J Paul Martin Vincent J Miller Philip J Rossi Robert J Schreiter David Tracy      **Christ Divided** Katie Walker Grimes, 2017-11-01 Bringing the wisdom of generations of black Catholics into conversation with contemporary scholarly accounts of racism Christ Divided diagnoses antiblackness supremacy as a corporate vice that inhabits the body of Christ To truly understand racial inequality theologians must acknowledge the existence of antiblackness supremacy and recognize its uniquely foundational role in prevailing processes of racialization and racial hierarchy In addition to introducing a new framework of racial analysis this book proposes a new approach to virtue ethics Because the church s participation in and performance of white supremacy occurs as a result of corporate habituation the church most needs new habits not new teachings The theory of corporate virtue outlined here provides a framework through which to evaluate these habits and propose new ones to be made to do the right thing      **On Earth as in Heaven?**

Melanie C. Ross, 2025-07-15 Explore the ways material economies have shaped past liturgical practices and continue to underlie our worship today Because the stuff of Christian worship is inextricably enmeshed in the marketplace it seems that our liturgical practices materiality and economics are forever intertwined In On Earth as in Heaven leading scholars who presented the 2023 Yale Institute of Sacred Music Liturgy Conference break new disciplinary ground by investigating complex dynamics of liturgical production distribution and power throughout history This collection critically engages the tension between earthly materialities and eschatological visions of Christian hope offering innovative methodologies case studies and approaches that promise to stimulate further research in liturgical studies and beyond **Sovereign Jews**

Yaacov Yadgar, 2017-03-15 The question of Jewish sovereignty shapes Jewish identity in Israel the status of non Jews and relations between Israeli and Diaspora Jews yet its consequences remain enigmatic In Sovereign Jews Yaacov Yadgar highlights the shortcomings of mainstream discourse and offers a novel explanation of Zionist ideology and the Israeli polity Yadgar argues that secularism's presumed binary pitting religion against politics is illusory He shows that the key to understanding this alleged dichotomy is Israel's interest in maintaining its sovereignty as the nation state of Jews This creates a need to mark a majority of the population as Jews and to distinguish them from non Jews Coupled with the failure to formulate a viable alternative national identity either Hebrew or Israeli it leads the ostensibly secular state to apply a narrow interpretation of Jewish religion as a political tool for maintaining a Jewish majority **When Politics are Sacralized**

Nadim N. Rouhana, Nadera Shalhoub-Kevorkian, 2021-05-27 Over the years there have been increasing intersections between religious claims and nationalism and their power to frame and govern world politics When Politics Are Sacralized interdisciplinarily and comparatively examines the fusion between religious claims and nationalism and studies its political manifestations State and world politics when determined or framed by nationalism fused with religious claims can provoke protracted conflict infuse explicit religious beliefs into politics and legitimize violence against racialized groups This volume investigates how through hegemonic nationalism states invoke religious claims in domestic and international politics sacralizing the political Studying Israel India the Palestinian National Movement and Hamas Sri Lanka Saudi Arabia Serbia Iran and Northern Ireland the thirteen chapters engage with the visibility performativity role and political legitimization of religion and nationalism The authors analyze how and why sacralization affects political behaviors apparent in national and international politics produces state sponsored violence and shapes conflict **God Is Not...** D. Brent Laytham, 2004-07

Takes on culturally formed misconceptions about who God is by boldly stating who God is not **To Be a Jewish State** Yaacov Yadgar, 2024-11-19 Examines the meaning of Jewish politics in Israel In one of the first books to ask head on what it means for Israel to be a Jewish state Yaacov Yadgar delves into what the designation Jewish amounts to in the context of the sovereign nation state and what it means for the politics of the state to be identified as Jewish The volume interrogates the tension between the notion of Israel as a Jewish state one whose very character is informed by Judaism and the notion of

Israel as a state of the Jews with the sole criterion the maintenance of a demographically Jewish majority whatever the character of that majority's Jewishness might or might not be The volume also examines Zionism's relationship to Judaism It provocatively questions whether the Christian notion of supersessionism the idea that the Christian Church has superseded the nation of Israel in God's eyes and that Christians are now the true People of God may now be applied to Zionism with Zionism understood by some to have taken over the place of traditional Judaism rendering the actual Jewish religion superfluous To Be a Jewish State deeply informs the democratic crisis in Israel discussing whether Jewish laws put into effect by the state or political moves made to ensure a Jewish majority can be seen as undermining democracy In our current era with nationalism resurging To Be a Jewish State urges a critical re-assessment of the very meaning of modern Jewish identity

*Ecclesial Recognition with Hegelian Philosophy, Social Psychology & Continental Political Theory* Timothy T.N.

Lim, 2017-07-03 Ecclesial Recognition proffers a framework for churches to accept the legitimacy and authenticity of each other as the Church in the dialogical process towards fuller communion Typically recognition and its reception investigate theologically the sufficiency of creeds as ecumenical statements of unity the agreeability of essential sacramentality of the church and the recognition of its ministries as the churches witness of the gospel This monograph conceives ecclesial recognition as an intersubjective dynamics of inclusion and exclusion amid identity formation and consensus development with insights from Hegelian philosophy group social psychology and the Frankfurt School Axel Honneth's political theory The viability of this interdisciplinary approach is demonstrated from the French Dominican Yves Congar's oeuvre with implications for intra-Communion and inter-Church relations Dr Lim examines philosophical recognition theory group social psychology and political recognition theory to analyse the non-theological impasses confronting the whole ecumenical movement Rev Dr Trevor Hoggard Director English speaking Ministries Methodist Church of New Zealand Lim masterfully argues for the viability of an interdisciplinary approach to ecumenical recognition within communities among churches and in their common pastoral mission Fr and Professor Radu Bordeianu Duquesne University and Orthodox theologian Representative of the Greek Orthodox Metropolis of Pittsburgh and Assistant Priest of Holy Trinity Greek Orthodox Church in Pittsburgh This book makes an important contribution to ecumenical ecclesiology Rev Dr and Professor Sandra Beardsall St Andrew's College Canada and United Church of Canada Ordained Minister I find Dr Lim's work a solid and necessary contribution to ecumenical work around the world Rev Dr and Professor Dominick D Hanckle Regent University and priest of the Communion of Evangelical Episcopal Churches With penetrating analysis and creative suggestions this monograph takes the talk about ecumenical recognition in a new level Professor Veli-Matti Kärkkäinen University of Helsinki Dismissing Jesus Douglas M. Jones, 2013-05-07 What is the way of the cross Why does it create resistance How do we answer objections to it The revival of interest in Christ's kingdom and radical discipleship has produced a wave of discussions but sometimes those discussions are scattered This book aims to pull together in one place the core claims of the way of the cross It aims to

examine the deeply cherished assumptions that hinder us from hearing Jesus's call. When we do that, we'll see that the gospel of Christ is not primarily about getting into heaven or about living a comfortable individually pious middle class life. It is about being free from the ancient pervasive and delightful oppression of Mammon in order to create a very different community: the church, an alternative city kingdom here and now on earth, by means of living and celebrating the way of the cross: the reign of joyful weakness, renunciation, self-denial, sharing, foolishness, community, and love overcoming evil. A *Poetic Christ* Olivier-Thomas Venard, 2019-02-21. Olivier Thomas Venard's Thomas d'Aquin poétique trilogy, an in-depth analysis of the scripture of St. Thomas Aquinas, is translated for a new audience in this streamlined anthology. Featuring selections from all three books in the trilogy, chosen in accordance with Venard's direction and discernment, it introduces not only arguments pertinent to the theme of this volume but an invitation to explore the full breadth of Venard's work. Concentrating on the subjects of scripture, theology, and literature, language as a theological question, and the word of God, Murphy and Oakes capture the scope and energy of Venard's trilogy while collating many of its key passages. Ranging from the themes of a poetic gospel and Christology to the Thomist theories of semiology and the metaphysics of the Word, this volume sets scholars on the path to a deeper understanding of Aquinas's systematic theology. **Mapping Modern Theology** Kelly M. Kapic, Bruce L. McCormack, 2012-04. A team of international scholars assesses the field of modern theology thematically, covering classic topics in Christian theology over the last 200 years. [The Tyranny of the Banal](#) David Deane, 2023-06-21. Catholic positions on contested moral issues are rejected by the majority in the secular West and are increasingly rejected by Catholics themselves. In this book, David Deane argues that there are two main reasons for this. First, the dominance of secular approaches deprives Catholic positions of their claim to coherence. Second, the Catholic positions Deane shows have lost contact with the theology on which they were originally based. In response, Deane undertakes a deconstruction of the dominant secular positions and seeks to restore Catholic positions to their theological roots. The result of this is a moral theology reconnected with the Trinitarian understanding of God and God's relationship with the world. Restored to its doctrinal foundations, the moral theology that Deane offers is more coherent, more beautiful, and more convincing than has been found in Catholic moral discourse for centuries. **Political Formation** Jenny Leith, 2023-01-31. What might it mean for us to be formed as disciples not only by the church but also by the world? In *Political Formation: Being Formed by the Spirit in Church and World*, Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life, and the church too has something to learn from wider political practices and movements. This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself. Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins, the book offers a major

new contribution to discussions around Christian formation and the relationship between discipleship and ethics

Theology and Civil Society Charles Pemberton, 2017-10-23 From food banks to migrant welcome committees and community organisers to internet based campaigners civil society is central to the North Atlantic social landscape Theology and Civil Society advances our understanding of what civil society is and offers a theologically informed re imagining of our shared social life Prefaced by a foreword by the Rev Dr Rowan Williams this book explores contemporary manifestations of the kind of collective action observed in civil society since the 1800s It then examines civil society as the sum of modern associations which mediate our relationships to the market and the state but which cannot be identified fully with either the market or the state Finally three different perspectives on civil society are presented using insights from theologians such as John Milbank and Georg Hegel This is a pertinent topic for contemporary society and it is explored expertly here by an international panel of contributors As such it is an important volume for any scholar of Theology and Religious Studies and their interactions with Sociology and Politics

God's Agents Matthew Engelke, 2013-10-05 A study of how religion goes public in today's world Based on over three years of anthropological research Matthew Engelke traces how a small group of socially committed Christians tackles the challenge of publicity within what it understands to be a largely secular culture
