Doing Counseling

Jude T. Austin, II, Julius A. Austin, 2023-02-03 This pragmatic book explains the how of integrating counselor training into practice by bridging the gap between educational knowledge clinical skill and counselor identity Drs Jude and Julius Austin combine their personal and professional experiences with contributions from other skilled clinicians to break down the counseling process and inspire counselor confidence in the ongoing quest to do counseling well Following an introduction to basic counseling ethics and several types of sessions each stage of counseling is explored including presession preparation meeting the client building the therapeutic relationship managing and trusting the process developing a unique personal style tracking therapeutic progress ending therapy and postsession tasks The discussion then shifts to getting the most from supervision competent multicultural antiracist counseling and the dos and don ts of distance counseling A sole case study is presented throughout the book to illustrate therapeutic techniques and key takeaways are summarized in an epilogue Requests for digital versions from ACA can be found on www.wiley.com To purchase print copies please visit the ACA website <https://imis.counseling.org/store> Reproduction requests for material from books published by ACA should be directed to publications.counseling.org

Introduction to Counseling Michael Scott Nystul, 2015-07-09 Introduction to Counseling by Michael Scott Nystul provides an overview of counseling and the helping professions from the perspective of art and science the science of counseling that generates a knowledge base proven to promote competency and efficacy in the practitioner and the art of using this knowledge base to build skills that can be applied sensitively to clients in a multicultural society The Fifth Edition has been organized into three sections 1 an overview of counseling and the counseling process 2 multicultural counseling and counseling theories and 3 special approaches and settings It continues to address key topics and issues including gender culture and sexual orientation and offers ways to integrate multiculturalism into all aspects of counseling rather than view it as a separate entity Highlighting emerging trends and changes in ethical codes as well as reflecting the latest updates to the Diagnostic Statistical Manual DSM 5 the book successfully illustrates the importance of art and science to modern day counseling

Change Jeffrey A. Kottler, 2018-03-12 What causes human beings to make a significant change in their lives a transformative shift in thinking and actions Research has shown that even in cases of unqualified success a therapist and their client often have wildly different views on what made it work Taking that as his starting point Jeffrey Kottler leads the reader on an exploration of human behaviour seeking to find out what it is that really makes a difference that can lead to transformative and lasting change

Doing Better Jeffrey Kottler, W. Paul Jones, 2004-11-23 Doing Better is intended to help therapists and counselors to explore more fully and systematically the processes of self improvement in their work and lives

Counseling Techniques Rosemary A. Thompson, 2015-08-27 The third edition of Counseling Techniques follows in its predecessors steps presenting the art and science of counseling in a clear and common sense manner that makes it accessible for counseling students and seasoned practitioners alike New to this edition are chapters on play therapy and a host of other updates that illustrate ways to use different techniques in different situations Counseling

Techniques stresses the need to recognize and treat the client within the context of culture ethnicity interpersonal resources and systemic support and it shows students how to meet these needs using more than five hundred treatment techniques each of which is accompanied by step by step procedures and evaluation methods *Theories and Strategies in Counseling and Psychotherapy* Burl E. Gilliland, Richard K. James, James T. Bowman, 1994 The fourth edition is a revised and improved version of an outstanding book that has been widely used since 1984 Practically and clinically applied this book contains appropriate references for all the major ideas and concepts Therapy topics included in the book Psychoanalytic Aldieran Jungian Gestalt Cognitive Computer Assisted and more New material on the Chaos Theory is also included *A Systematic and Integrative Model for Mental Health Assessment and Treatment Planning* Julie Gosselin, Mélanie Joannis, 2016-12-29 This book sets the stage by providing a clear systematic and integrative model for mental health assessment and treatment planning that can be used in a variety of clinical settings with a diverse adult clinical population The authors advocate for the importance of considering all aspects of evidence based practice i e best available research clinician s expertise and experience as well as clients preferences and idiosyncrasies when conducting assessments and delivering psychological treatments Special attention is also given to the interdisciplinary aspects of delivering mental health care in today s fast paced environments If you are a seasoned clinician or a beginner therapist you will surely find this book useful because it provides a general map that can be used regardless of your specific theoretical orientations The applied nature of the content makes it easy and valuable for readers who wish to apply psychology integration to their own practice Specifically case vignettes have been developed to help readers gain a better understanding on how to apply the integrative interprofessional framework into their practice Finally professors and supervisors will also find this book worthwhile as the authors incorporated a chapter on the supervision and evaluation of assessment and treatment planning competencies Theories of Psychotherapy and Counseling Richard S. Sharf, 1996 Case examples and therapist client dialogues show how each of 12 major theories can be applied to common psychological disorders such as depression anxiety and borderline disorders or to modes of treatment such as individual couples families and groups Each theory chapter follows a similar organizational scheme covering goals assessment the therapeutic relationship techniques research current trends time limited approaches and multicultural and gender issues Comparison critique and theoretical integration are provided in the final chapter
