There Ain't No Such Animal and Other East Texas Tales Bill Brett, 1979 **American Regional Folklore** Terry Mood Leopold, 2004-09-24 An easy to use guide to American regional folklore with advice on conducting research regional essays and a selective annotated bibliography American Regional Folklore begins with a chapter on library research including how to locate a library suitable for folklore research how to understand a library's resources and how to construct a research strategy Mood also gives excellent advice on researching beyond the library locating and using community resources like historical societies museums fairs and festivals storytelling groups local colleges newspapers and magazines and individuals with knowledge of the field The rest of the book is divided into eight sections each one highlighting a separate region the Northeast the South and Southern Highlands the Midwest the Southwest the West the Northwest Alaska and Hawaii Each regional section contains a useful overview essay written by an expert on the folklore of that particular region followed by a selective annotated bibliography of books and a directory of related resources **Hard Luck and Heavy Rain** Joseph C. Russo, 2022-11-25 In *Hard Luck and Heavy Rain* Joseph C Russo takes readers into the everyday lives of the rural residents of Southeast Texas He encounters the region as a kind of world enveloped in on itself existing under a pall of poverty illness and oil refinery smoke His informants stories cover a wide swath of experiences from histories of LGBTQ life and the local petrochemical industries to religiosity among health food store employees and the suffering of cancer patients living in the Refinery Belt Russo frames their hard luck stories as forms of verbal art and poetic narrative that render the region a mythopoetic landscape that epitomizes the impasse of American late capitalism He shows that in this severe world questions of politics and history are not cut and dry and its denizens are not simply backward victims of circumstances Russo demonstrates that by challenging classist stereotypes of rural Americans as passive ignorant and uneducated his interlocutors offer significant insight into the contemporary United States **Feelings of Structure** Karen Engle, Yoke-Sum Wong, 2018-11-30 *Sweatsuits and the apocalypse* the demands of a sofa a life recalled through window frames while watching through cancer the serendipity of geographical names in *Feelings of Structure* these are just some of the spaces and places memories and experiences addressed by the authors in writings that are multilevel explorations of the tangled up nature of feeling and structure Inspired by Raymond Williams's classic essay *Structures of Feeling* and influenced by the current discussion of affect studies this collection inverts Williams's influential concept to explore the ephemerality of feeling as working in concert with the grounding forces of materiality and history *Feelings of Structure* is a collection of twelve original texts that explores the weight of diverse encounters with a variety of configurations be they institutional spatial historical or fantastical Featuring writers from a range of disciplines this book aims for textual evocation in subject matter and approach with essays that encompass multiple methodologies writing styles and tones Experimental in nature *Feelings of Structure* balances the need for concrete and specific observation with the ephemerality of experience *The Cattleman*
