**Do We Still Need Inspiration?** Matthieu Richelle,Camilla Recalcati,Martijn Beukenhorst,2023-11-20 The concept of inspiration is part and parcel of the theological tradition in several religious confessions but it has largely receded to the background if not vanished altogether in the discussions of biblical scholars The question Do we still need inspiration might well reflect the perplexity of many exegetes today Systematic theologians for their part often further their own reflections on the subject independently of developments in the field of exegesis with the risk of remaining purely theoretical Biblical research in the last decades has been marked by new insights about the nature of the biblical texts stemming from the study of their inner plurality insofar as they combine and sometimes intertwine conflicting theologies of their textual fluidity and of their reception Can these new insights be integrated into a theological reflection on the notion of inspiration These questions are often explicitly raised about the Jewish and Christian Scriptures but they also prove increasingly relevant for Qur'anic studies This volume addresses them through contributions from exegetes of the Bible and of the Qur'an and systematic theologians

**Orthodoxy and Anarchism** Davor Džalto,2024-03-26 This book brings together essays by contemporary Orthodox theologians and scholars on Orthodox Christianity that analyze various aspects of the complex relationship between anarchism both as a concept and as a political philosophy and Orthodoxy As many studies have already shown the dominant theological approaches in Orthodox political theology have been characterized by the search for some kind of symphonia where a harmonious and mutually beneficial cooperation between the Church and the State has been sought Although one

can see many alternative attempts in contemporary Orthodox political theology to move away from traditional monarchical and autocratic symphonic models the fact remains that most of those approaches still tend to provide theological articulations that rationalize and ultimately defend the dominant ideological systems such as those of the nation state or liberal democracy for instance There has been however another marginal and marginalized tradition in Orthodox Christian political theology which can be labelled as anarchist The purpose of this volume is to gather contemporary voices in and on Orthodox theology that explore this tradition in the history of Orthodox Christianity or that themselves employ an anarchist approach to the socio political sphere including the Church in its institutional functioning *What Lies beyond Faith* Jamarr Holland,2020-11-30 What happens when you dig below the surface of several beliefs When you compare it to that of your own what will you find What happens when you take those different belief systems practices backgrounds and histories and place them side by side What types of truths will unfold before your eyes What is truth when you are faced with what lies beyond faith *The Samaritans* Etienne Nodet,2023-08-10 Etienne Nodet examines the Samaritans and their religion using Jewish and Christian sources including rabbinic literature and the latest archaeology Nodet tells the story of the Samaritans and their religion showing how they were faithful to a classical form of monotheism Nodet traces the Samaritan story from more recent to more ancient times He begins by looking at the importance of the Samaritans in the time of Josephus and the New Testament taking in the area formed by Galilee Samaria and Judea and recognizing how this corresponds approximately to Canaan at the time of Joshua between the Jordan and the Mediterranean He then examines the account of 2 Kings 17 which shows the Samaritans as descendants of the settlers sent by the Assyrians who were initiated to a certain Yahwism after the fall of the kingdom of Israel North in 721 BC Next Nodet looks at the time of the Maccabean crisis when the Samaritans separated from the Jews showing how before then there was a peaceful coexistence Finally Nodet turns to the Persian period showing how after the return from exile there was a restoration of the Babylonian derived form of religion which the local Israelites including the Samaritans opposed Nodet contends that as such the Samaritan religion with its succession of high priests up to the present day and is of immemorial permanence linking to the earliest worship of YHWH in Israel *Colossians: An Introduction and Study Guide* Janice Capel Anderson,2018-12-27 This guide introduces readers to key issues in the interpretation and reception of Colossians Anderson first explores the issue of Pauline authorship She challenges readers to reflect on why the question of authorship has dominated scholarship as well as why and how interpreters create stories about the letter Second Anderson examines rhetoric and context She asks readers to consider how the letter constructs and seeks to persuade its addressees past and present She surveys several pictures of the first audience and opponents Finally Anderson delves into the functions of the Colossian household code its reception and the ethics of interpretation **Jesus of Nazareth** Gerald L. Borchert,2011 Jesus of Nazareth is a comprehensive introduction to Jesus and the gospels for college and seminary students It begins with discussions on communication and patterns of reading the

Bible before detailing the historical setting the geographical social and religious contexts during the time of Jesus such as the language and community aspects and the rabbinic literary and institutional settings that were present Next Borchert discusses the nature of the gospels before each gospel witness is treated individually to identify the particular uniqueness of the portrait of Jesus that is being presented by each author The non canonical portraits of Jesus are also introduced in order to help readers understand the struggles which emerged in the early church Finally the significance of Jesus who is the focus of the gospels is presented After reviewing the time issues for Jesus theological concerns related to Jesus are considered such as the virginal conception and the incarnation the issues of temptation and sin the relationship of Jesus to God and the messianic consciousness of Jesus the crucial issues of the death and resurrection of the Messiah and the Church s expectation of the return of Jesus in power This important theological section concludes with discussions on the integrity of our understanding of Jesus and the very sensitive nature of proof as compared to the nature of belief Borchert weighs these matters fairly bearing in mind his own presuppositions He closes the work with suggested implications of this study in terms of doubt and rejection on the one hand and worship as well as living and witnessing to and for Jesus on the other Written with clarity and erudition this accessible introduction reflects a life time of both classroom and church experience in the teaching the Gospels

**Forbearance and Compulsion** Maijastina Kahlos,2013-03-14 Most surveys of religious tolerance and intolerance start from the medieval and early modern period either passing over or making brief mention of discussions of religious moderation and coercion in Greco Roman antiquity Here Maijastina Kahlos widens the historical perspective to encompass late antiquity examining ancient discussions of religious moderation and coercion in their historical contexts The relations and interactions between various religious groups especially pagans and Christians are scrutinized and the stark contrast often drawn between a tolerant polytheism and an intolerant Christianity is replaced by a more refined portrait of the complex late antique world
