The World In The Curl An Unconventional History Of Surfing:

The World in the Curl Peter Westwick, Peter Neushul, 2013-07-23 A definitive and highly readable history of surfing and the cultural political economic and environmental consequences of its evolution from a sport of Hawaiian kings and queens to a billion dollar worldwide industry Despite its rebellious outlaw reputation or perhaps because of it surfing occupies a central place in the American and global imagination embodying the tension between romantic counterculture ideals and middle class values between an individualistic communion with nature and a growing commitment to commerce and technology In examining the enduring widespread appeal of surfing in both myth and reality *The World in the Curl* offers a fresh angle on the remarkable rise of the sport and its influence on modern life Drawing on Peter Westwick and Peter Neushul's expertise as historians of science and technology the environment and the Cold War as well as decades of experience as surfers themselves *The World in the Curl* brings alive the colorful history of surfing by drawing readers into the forces that fueled the sport's expansion colonialism the military industrial complex globalization capitalism environmental engineering and race and gender roles In an engaging and provocative narrative history from the spread of surfing to the United States to the development of surf culture to the reintroduction of women into the sport to big wave frontiers the authors draw an indelible portrait of surfing and surfers as actors on the global stage

The Critical Surf Studies Reader Dexter Zavalza Hough-Snee, Alexander Sotelo Eastman, 2017-08-17 The evolution of surfing from the first forms of wave riding in Oceania Africa and the Americas to the inauguration of surfing as a competitive sport at the 2020 Tokyo Olympics traverses the age of empire the rise of globalization and the onset of the digital age taking on new meanings at each juncture As corporations have sought to promote surfing as a lifestyle and leisure enterprise the sport has also narrated its own epic myths that place North America at the center of surf culture and relegate Hawai'i and other indigenous surfing cultures to the margins *The Critical Surf Studies Reader* brings together eighteen interdisciplinary essays that explore surfing's history and development as a practice embedded in complex and sometimes oppositional social political economic and cultural relations Refocusing the history and culture of surfing this volume pays particular attention to reclaiming the roles that women indigenous peoples and people of color have played in surfing Contributors Douglas Booth Peter Brosius Robin Canniford Krista Comer Kevin Dawson Clifton Evers Chris Gibson Dina Gilio Whitaker Dexter Zavalza Hough Snee Scott Laderman Kristin Lawler lisahunter Colleen McGloin Patrick Moser Tara Ruttenberg Cori Schumacher Alexander Sotelo Eastman Glen Thompson Isaiah Helekunihi Walker Andrew Warren Belinda Wheaton

The Lure of the Beach Robert C. Ritchie, 2023-04-25 A human and global take on a beloved vacation spot The crash of surf smell of salted air wet whorls of sand underfoot These are the sensations of the beach that environment that has drawn humans to its life sustaining shores for millennia And while the gull's cry and the cove's splendor have remained constant throughout time our relationship with the beach has been as fluid as the runnels left behind by the tide's turning *The Lure of the Beach* is a chronicle of humanity's history with the coast

taking us from the seaside pleasure palaces of Roman elites and the aquatic rituals of medieval pilgrims to the venues of modern resort towns and beyond Robert C Ritchie traces the contours of the material and social economies of the beach throughout time covering changes in the social status of beach goers the technology of transport and the development of fashion from nudity to Victorianism and back again as well as the geographic spread of modern beach going from England to France across the Mediterranean and from nineteenth century America to the world And as climate change and rising sea levels erode the familiar faces of our coasts we are poised for a contemporary reckoning with our relationship and responsibilities to our beaches and their ecosystems The Lure of the Beach demonstrates that whether as a commodified pastoral destination a site of ecological resplendency or a flashpoint between private ownership and public access the history of the beach is a human one that deserves to be told now more than ever before Sustainable Surfing Gregory Borne, Jess Ponting, 2017-03-16 Whilst being an ambiguous and contested concept sustainability has become one of the twenty first century s most pervasive ideas as humanity s increasing impact on the environment as well as increasing social and economic inequalities have local and global consequences Surfing is a globally recognised cultural phenomenon whose unique connection with nature and rapid expansion into a multibillion pound industry offers exciting synergies for exploring various dimensions of sustainability This book is the first to bring together the world s foremost experts on the themes of sustainability and surfing Drawing upon cutting edge theory and research this book offers multidisciplinary perspectives and methodological approaches on the social environmental and economic components of sustainable surfing Contributions provide unique discussions that bridge the gap between theory and practice exploring topics such as sustainable surf tourism surf econometrics surf activism surfing governance the surfing industry and technological advancements Each chapter produces in depth insights to provide foundational insights of the relationship between sustainability and surfing This book will appeal to multiple audiences in different disciplines and sectors Practitioners will benefit from the insights presented in this volume while both undergraduate and postgraduate students will find this volume an invaluable companion including those working in geography environmental studies sport sciences and leisure and tourism studies Empire in Waves Scott Laderman, 2014-03-03 Surfing today evokes many things thundering waves warm beaches bikinis and lifeguards and carefree pleasure But is the story of surfing really as simple as popular culture suggests In this first international political history of the sport Scott Laderman shows that while wave riding is indeed capable of stimulating tremendous pleasure its globalization went hand in hand with the blood and repression of the long twentieth century Emerging as an imperial instrument in post annexation Hawaii spawning a form of tourism that conquered the littoral Third World tracing the struggle against South African apartheid and employed as a diplomatic weapon in America s Cold War arsenal the saga of modern surfing is only partially captured by Gidget the Beach Boys and the film Blue Crush From nineteenth century American empire building in the Pacific to the low wage labor of the surf industry today Laderman argues that surfing in fact closely mirrored American

foreign relations Yet despite its less than golden past the sport continues to captivate people worldwide Whether in El Salvador or Indonesia or points between the modern history of this cherished pastime is hardly an uncomplicated story of beachside bliss Sometimes messy occasionally contentious but never dull surfing offers us a whole new way of viewing our globalized world

LA Sports Wayne Wilson, David K. Wiggins, 2018-02-15 *LA Sports* brings together sixteen essays covering various aspects of the development and changing nature of sport in one of America's most fascinating and famous cities The writers cover a range of topics including the history of car racing and ice skating the development of sport venues the power of the Mexican fan base in American soccer leagues the intersecting life stories of Jackie and Mack Robinson the importance of the Showtime Lakers the origins of Muscle Beach and surfing sport in Hollywood films and more

Surfing with Sartre Aaron James, 2018-05-01 Jean Paul Sartre once declared waterskiing to be the ideal limit of aquatic sports Aaron James who is both an avid surfer and a professor of philosophy vigorously disagrees In these pages he presents his surfer's worldview as a foil to Sartre's along the way elucidating such philosophical categories as freedom being phenomenology morality epistemology and even the emerging values of what he terms leisure capitalism In developing his unique surfer's philosophy he draws from surf culture and lingo and engages with philosophers from Aristotle to Wittgenstein In the process he speaks to those of us in search of personal and social meaning particularly in our current anxious moment by way of real authentic philosophy In or out of the water

Surfing and the Philosophy of Sport Daniel Brennan, 2021-02-03 *Surfing and the Philosophy of Sport* uses the insights gained through an analysis of the sport of surfing to explore key questions and discourses within the philosophy of sport As surfing has been practiced dynamically since its beginnings as a traditional Polynesian pursuit to its current status as a counter culture lifestyle and also a highly professionalized and commercialized sport that will be included in the Olympic Games it presents a unique phenomenon from which to reconsider questions about the nature of sport and its role in a flourishing life and society Daniel Brennan examines foundational issues about defining sport sport's role in conceptualizing the good life the aesthetic nature of sport the place of technology in sport the principles of Olympism and surfing's embodiment of them and issues of institutionalized sexism in sport and the effect that might have on athletic performance

Surf and Rescue Patrick Moser, 2022-06-28 The mixed race Hawaiian athlete George Freeth brought surfing to Venice California in 1907 Over the next twelve years Freeth taught Southern Californians to surf and swim while creating a modern lifeguard service that transformed the beach into a destination for fun leisure and excitement Patrick Moser places Freeth's inspiring life story against the rise of the Southern California beach culture he helped shape and define Freeth made headlines with his rescue of seven fishermen an act of heroism that highlighted his innovative lifeguarding techniques But he also founded California's first surf club and coached both male and female athletes including Olympic swimming champion and father of modern surfing Duke Kahanamoku Often in financial straits Freeth persevered as a teacher and lifeguarding pioneer building a legacy that endured long after his death during the 1919 influenza pandemic A

compelling merger of biography and sports history Surf and Rescue brings to light the forgotten figure whose novel way of seeing the beach sparked the imaginations of people around the world *Surfing, Street Skateboarding, Performance, and Space* Hunter H. Fine, 2018-09-15 Surfing Street Skateboarding Performance and Space On Board Motility draws from critical cultural studies political philosophy postcolonial studies urban sociology and poststructuralist theory in the context of human communication and performance to construct an epistemology of riding boards This book ponders why we move the way we do and examines the ways in which movements communicate developing as a result a theoretical perspective or board motility that is gestural and fluid moving in relation to shifting social and physical landscapes By combining the discourses and practices of critical theory and physical movement this text presents a sustained analysis of radical political philosophy In the book the symbolic narratives associated with each physical practice are deconstructed as their theoretical counterparts are thoroughly established Then through performance the author narrows the divide between these two forms of thinking verbal and nonverbal outlining and embodying an ontological and epistemological stoke in the process that emerges from riding boards on both waves and streets **An Insider's Guide to Surfing** Naima Green, Hope

Merlin, 2014-12-15 Surfing may seem to have sprung from the waves of California in the 1960s Beach Boys music playing somewhere on shore In truth though as detailed in this colorful and captivating book surfing is believed to have been around for centuries brought to Hawaii by Polynesian settlers who arrived on the islands lively shores sometime around the fourth century CE With accounts of surfing s early days as well as in depth descriptions of various surfboard types and accessories this useful guide also provides step by step pointers on how to learn the ups and downs and ins and outs of surfing

Taste, Consumption and Markets Zeynep Arsel, Jonathan Bean, 2018-09-21 Taste is a core concept for the social sciences and an orienting notion in everyday practice It is of equal relevance to academics and laypeople alike Theorizations of taste

are frequently multi disciplinary bringing an opportunity to cross fertilize ideas and concepts At the same time a reader challenged by the diverse body and dispersed nature of theories on taste needs guidance navigating the literature and framing areas of interest Until now those interested in an academic perspective on the concept have had to traverse a wide range of literature This is the first book that assembles a range of writings on taste from across disciplines to provide the reader with a sense of the emerging and expanding boundaries of this field of study Taste Consumption and Markets offers a comprehensive and up to date review of taste with an emphasis on how taste shapes boundaries subcultures and global culture complemented by an introduction that provides a scaffold for the reader and a concluding section that reflects on the past present and future of research on taste It shows the latest state of knowledge on the topic and will be of interest to students at an advanced level academics and reflective practitioners It addresses the topics with regard to the sociology of taste and consumption and will be of interest to researchers academics and students in the fields of consumer studies consumption ethics sociological perspectives on consumption and cultural studies

Sport and National Identities Paddy Dolan, John Connolly, 2017-09-13 While globalisation has undoubtedly occurred in many social fields in sport the importance of the nation has remained This book examines the continuing but contested relevance of national identities in sport within the context of globalising forces Including case studies from around the world it considers the significance of sport in divided societies former global empires and aspirational nations within federal states Each chapter looks at sport not only as a reflection of national rivalries but also as a changing cultural tradition that facilitates the reimagining of borders boundaries and identities The book questions how these national state and global identifications are invoked through sporting structures and practices both in the past and the present Truly international in perspective it features case studies from across Europe the UK the USA and China and touches on the topics of race religion terrorism separatism nationalism and militarism Sport and National Identities Globalisation and Conflict is fascinating reading for anyone with an interest in the sociology of sport or the relationship between sport politics geography and history Chapter 8 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Unequal Ocean Maximilian Viatori, 2023-04-11 Based on a decade of ethnographic and archival research in Peru this volume reveals how prevailing representations of the ocean obscure racialized disparities and the ways that different people experience the impacts of the climate crisis Tackling important subjects of global concern the author presents a complex image of Peru's global seascapes as historical spaces comprising precarious worlds that expose people nonhuman species and places to unequal levels of harm He traces how powerful actors in Peru represent the ocean in ways that erase the systemic inequalities histories of uneven development and extractive violence that have shaped ocean life These erasures underscore the need for alternative representations of the ocean that highlight the engagements and commitments that make oceanic ecologies possible as well as the material relationships and unequal positions of different

people and species within them The author analyzes a multitude of timely topics including waves and coastal development the circulation of ocean waste El Niño warming events and the extraction of jumbo squid This book also addresses expanding scholarly interest in the world's oceans as sites for thinking about social inequities environmental politics and multispecies relationships

Handbook of Sport and Japan Helen Macnaughtan, Verity Postlethwaite, 2025-10-01 The Handbook of Sport and Japan presents a fascinating collection of established and new scholarship a valuable text for readers who want to use sport as lens to look more closely into a nation The handbook draws on a diversity of perspectives disciplines and experiences all of which respond to the challenge of including sport in the study of Japan The chapters in the handbook convey what taking part in sport feels and looks like highlighting the sporting accomplishments of Japanese athletes and teams while also reflecting how the sporting experience interacts with economics diplomacy media culture demographics gender ethnicity and identity Contributions pose key questions about what conclusions can be made when sport is placed in the foreground of key events in Japanese history including pre war industrialisation and empire building to the post war economic boom the 2011 Tohoku Disaster and the recent COVID 19 pandemic

Dangerous Fun Ugo Corte, 2022-06-20 A thrilling ethnography of big wave surfing in Hawaii that explores the sociology of fun Straight from the beaches of Hawaii comes an exciting new ethnography of a community of big wave surfers Oahu's Waimea Bay attracts the world's best big wave surfers men and women who come to test their physical strength courage style knowledge of the water and love of the ocean Sociologist Ugo Corte sees their fun as the outcome of social interaction within a community Both as participant and observer he examines how mentors novices and peers interact to create episodes of collective fun in a dangerous setting how they push one another's limits nourish a lifestyle advance the sport and in some cases make a living based on their passion for the sport In Dangerous Fun Corte traces how surfers earn and maintain a reputation within the field and how as innovations are introduced and as they progress establish themselves and age they modify their strategies for maximizing performance and limiting chances of failure Corte argues that fun is a social phenomenon a pathway to solidarity rooted in the delight in actualizing the self within a social world It is a form of group cohesion achieved through shared participation in risky interactions with uncertain outcomes Ultimately Corte provides an understanding of collective effervescence emotional energy and the interaction rituals leading to fateful moments moments of decision that once made transform one's self concept irrevocably

A Cultural History of the Sea in the Global Age Franziska Torma, 2023-02-09 In 1972 an image became an icon Blue Marble a photograph of the Earth as seen from outer space The picture features prominently the globe's water covered surface The ocean connects nature and culture in the modern world Within the time span of 100 years the sea changed its cultural meaning from a dangerous place to an endangered environment This volume traces diverse processes of oceanic transformation in the Anthropocene it follows scientists seafarers diplomats and filmmakers from ship decks to the arenas of political decision making on land The essays lead from underwater dumping grounds to islands in the south pacific

Tiny organisms like plankton and charismatic megafauna like whales accompanied the human voyages. The presence of the animals challenges common notions of human culture. The global age has to take non-human agents into account to fully understand the cultural history of the seas.

Philosophy and Nature Sports Kevin Krein, 2018-10-03 Nature sports such as skiing, climbing, and surfing have had a significant influence on Western popular culture since the mid-twentieth century, and participation in such sports continues to grow. Written in a clear and accessible style, this important book provides a comprehensive philosophical analysis of nature sports. *Philosophy and Nature Sports* offers an engaging inquiry into how nature sports differ from mainstream sports, how these differences are related to their value as human activities, and the role of the environments in which such sports take place. Addressing the claim that the most distinctive feature of nature sports is the relationship between participants and the natural world, the book also examines a wide range of topics such as ethics, risk, gender construction, the social role of nature sport subcultures, and the aesthetic experiences of nature sports athletes. Tying these together is the question of what it is that attracts us to nature sports and why they hold meaning for us. This is a valuable resource for students and academics in fields such as alternative sports, alternative sport subcultures, sport philosophy, sport and social issues, ethics, and phenomenology. It is also a fascinating read for outdoor educators and practitioners.

A People's Guide to Orange County Elaine Lewinnek, Gustavo Arellano, Thuy Vo Dang, 2022-01-25 At first encounter, Orange County can resemble the incoherent sprawl that geographer James Howard Kunstler named *The Geography of Nowhere*, a car-dependent, seemingly bland space designed most of all for efficient capitalist consumption. But it is somewhere, too, and learning its stories helps it become more than its booster slogans. Writers Lisa Alvarez and Andrew Tonkovich, residents of Orange County's remote Modjeska Canyon, describe this whole county as a much constructed and contrived locale, a pestered and paved landscape built and borne upon stories of human development, of destruction as well as happily enduring wild places. In a similar vein, essayist D.J. Waldie, chronicler of the bordering suburb of Lakewood, asserts that becoming Californian means locating yourself in habitats of memory that connect ordinary local areas with broader themes. Moving beyond sentimentality, nostalgia, and so many sales pitches that omit far too much, Waldie echoes Michel de Certeau's call to awaken the stories that sleep in the streets. That is the goal of this book. Inspired by Laura Pulido, Laura Barraclough, and Wendy Cheng's *A People's Guide to Los Angeles* (University of California Press, 2012), as well as the *People's Guides to Boston* and *San Francisco* that have followed it, we offer this guidebook for locals, tourists, students, and everyone who wants to understand where they really are. This book is organized with regional chapters sorted roughly north to south by community. Within each city, sites are listed alphabetically. After the group of entries for each city, we recommend nearby restaurants as well as other sites of interest for visitors. Readers may explore this book geographically or use the thematic tours in the appendix to consider environmental politics, Cold War legacies, the politics of housing, LGBTQ spaces, or Orange County's carceral state. The appendix also contains suggestions for teachers using this book, engaging students in cognitive

mapping close reading popular culture analysis and creating additional entries of people's history While many local histories tend to focus on a few white settlers this book places attention on the people especially the subaltern ones who are hierarchically under others including workers people of color youth and LGBTQ individuals No single book can represent an entire county so we have chosen to concentrate on the lesser known power struggles that have happened here and influenced the landscape that we all share We could not include everyone of course We are mindful that other groups are currently creating more people's history on this landscape that we hope our readers will continue to explore In Orange County excavating the diverse past can be frowned upon or actively repressed by those invested in selling Orange County in the style of its booster Anglo settlers from 150 years ago This book tells the diverse political history beyond the bucolic imagery of orange crate labels We hope it will inspire readers to further explore Orange County and reflect on even more sites that could be included in the ordinary extraordinary landscape here
