The Tantric Alchemist Peter Levenda, 2015-09-01 *The Tantric Alchemist* is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists It uncovers works by Thomas Vaughan and suggests how he and his wife a 17th century Welsh couple unique in the history of western alchemy met their fate when dealing with forces they knew only too well but which were stronger than their ability to control them Using the works of Vaughan as his text Levenda applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements led by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis

Mozina, 2021-06-30

In the hills of China's central Hunan province an anxious young apprentice officiates over a Daoist ritual known as the Banner Rite to Summon Sire Yin Before a crowd of masters relatives and villagers and the entire pantheon of gods and deceased masters ritually invited to witness the event he seeks to summon Celestial Lord Yin Jiao the ferocious deity who supplies the exorcistic power to protect and heal bodies and spaces from illness and misfortune If the apprentice cannot bring forth the deity the rite is considered a failure and the ordination suspended His entire professional career hangs in the balance before it even begins This richly textured study asks how the Banner Rite works or fails to work in its own terms How do the cosmological theological and anthropological assumptions ensconced in the ritual itself account for its own efficacy or inefficacy Weaving together ethnography textual analysis photography and film David J Mozina invites readers into the religious world of ritual masters in

today's south China He shows that the efficacy of rituals like the Banner Rite is driven by the ability of a ritual master to form an intimate relationship with exorcistic deities like Yin Jiao which is far from guaranteed Mozina reveals the ways in which such ritual claims are rooted in the great liturgical movements of the Song and Yuan dynasties 960-1368 and how they are performed these days amid the social and economic pressures of rural life in the post Mao era Written for students and scholars of Daoism and Chinese religion Knotting the Banner will also appeal to anthropologists and comparative religionists especially those working on ritual *Небо, Земля и Человек.
