The Yoga Sutra Of Patanjali A Biography Lives Of Great Religious Books:

The Yoga Sutra of Patanjali David Gordon White, 2019-09-10 White retraces the strange and circuitous journey of Patanjali's Yoga Sutra from its ancient origins to today bringing to life the improbable cast of characters whose interpretations and misappropriations led to its revered place in contemporary popular culture *The Yoga Sutra of Patanjali* David Gordon White, 2014 Tracing the remarkable trajectory of this enigmatic work White's exhaustively researched book also demonstrates why the yoga of India's past bears little resemblance to the yoga practiced today [The Bloomsbury Research Handbook of Indian Ethics](#) Shyam Ranganathan, 2016-11-17 Featuring leading scholars from philosophy and religious studies *The Bloomsbury Research Handbook of Indian Ethics* dispels the myth that Indian thinkers and philosophers were uninterested in ethics This comprehensive research handbook traces Indian moral philosophy through classical scholastic Indian philosophy pan Indian literature including the Epics Ayurvedic medical ethics as well as recent traditionalist and Neo Hindu contributions Contrary to the usual myths about India that Indians were too busy being religious to care about ethics moral theory constitutes the paradigmatic differentia of formal Indian philosophy and is reflected richly in popular literature Many of the papers make this clear by an analytic explication that draws critical comparisons and contrasts between classical Indian moral philosophy and contemporary contributions to ethics By critically addressing ethics as a sub discipline of philosophy and acknowledging the mistaken marginalization of Indian moral philosophy this handbook reveals how Indian contributions can illuminate contemporary philosophical research on ethics Unlike previous approaches to Indian ethics this volume is organized in accordance with major topics in moral philosophy The volume contains an extended introduction exploring topics in moral semantics the philosophy of thought metaethical and normative ethical theory and the politics of scholarship which serve to show how the diversity of Indian moral philosophy is a contribution to the discipline of ethics With an overview of Indian moral theory and a glossary this is a valuable guide to understanding the past present and future research directions of a central component of Indian philosophy **Divine Cartographies** W. David Soud, 2016 A study of how three modernist poets Yeats Jones and Eliot at the height of their careers drew on their religious beliefs to transform some of their greatest poems into maps of the relationship between history and eternity *Sculptum Est Prosa (Volume 2)* Ivan Kireevskii, 2018-11-07 This volume explores the range and uses of quotations echoes and allusions drawn from thousands of intertextual instances that Kireevskii has recognized in his work The principal interest of the echoes examined here lies in the revaluation of the poet and the theoretical issues his varied use of them suggests Through echoing Kireevskii embodies and explicates his assertions of continuity in human development his vision of interchange between the mind and nature As a poet he is a person who constantly experiences sees hears suspects hopes and dreams extraordinary things is struck by his own thoughts as if from outside or from above and below as if by his type of events and lightning bolts is perhaps a storm himself pregnant with new lightning and is a fatal person in whose vicinity things are always rumbling

growling gaping and acting in uncanny ways Listen very carefully because Kireevskii writes in a very symbolic form and unless you are very alert in reading his words you may miss all the implications The reason why he is so symbolic is that he is so full of new insights and he has so much he desires to share and to give As with a hermit's writings you can always hear something of the echo of the desert something of the whisper and the timid sideways glance of solitude a concealed philosophy where every opinion is also a hiding place every word is also a mask The Yoga Teacher's Survival Guide Theo Wildcroft, Harriet McAtee, 2024-04-18 The Yoga Teacher's Survival Guide transcends the boundaries of a traditional instructional manual and emerges as a collaborative piece of work that seamlessly combines the wisdom of experienced practitioners It is a thoughtfully crafted resource and comprehensive roadmap for yoga teachers throughout their journey

Contemporary Yoga and Sacred Texts Susanne Scholz, Caroline Vander Stichele, 2024-09-10 This book explores the textual traditions that authorize the history legitimacy and authenticity of today's physical posture practice The volume focuses on why and how yoga communities have adopted various texts that they consider sacred or spiritually meaningful Among the texts discussed are Yogananda's Autobiography Sri Aurobindo's Savitri Patanjali's Yoga Sutra the Bhagavad Gita the Hatha Yoga Pradipika the Upanishads the Vedas and the Yogin Tantra Famous thinkers included are Aurobindo Yogananda Osho Rajneesh Sogyal Rimpoche Charles Johnston and Howard Thurman Offering a starting point the ten chapters address the nature selection and function of various ancient and contemporary texts read in contemporary yoga settings The attention centers on how and why texts are read and for whom they are read As yoga is practiced in ashrams yoga studios gyms meeting rooms and even private living rooms scholarly approaches to investigate the connections between yoga and texts are necessarily diverse This volume aims to inspire further scholarship on the reading of texts in past and present yoga communities The collection demonstrates that textual traditions deserve to be an important part of contemporary yoga scholarship The volume will therefore be of great interest to scholars of religious studies yoga studies and Asian studies as well as those studying sacred texts The Dead Sea Scrolls John J. Collins, 2019-05-28 Since they were first discovered in the caves at Qumran in 1947 the Dead Sea Scrolls have aroused more fascination and controversy than perhaps any other archaeological find Collins sheds light on the bitter conflicts that have swirled around the scrolls and sheds light on their true significance for Jewish and Christian history

Yoga - Anticolonial Philosophy Shyam Ranganathan, 2024-04-18 A decolonial guide to yoga from an expert in Indian moral philosophy and Yoga with exploration and advice on unlearning colonialism learning the activism of Yoga from various sources such as the Yoga Sutra and Bhagavad Gita and how to bring authenticity into your daily practice **Accelerating Human Evolution by Theosophical Initiation** Yves Mühlematter, 2022-12-19 The main subjects of analysis in the present book are the stages of initiation in the grand scheme of Theosophical evolution These initiatory steps are connected to an idea of evolutionary self-development by means of a set of virtues that are relative to the individual's position on the path of evolution The central thesis is that these stages were

translated from the Hindu tradition to the Theosophical tradition through multifaceted hybridization processes in which several Indian members of the Theosophical Society partook Starting with Annie Besant's early Theosophy the stages of initiation are traced through Blavatsky's work to Manilal Dvivedi and T Subba Row both Indian members of the Theosophical Society and then on to the San tana Dharma Text Books In 1898 the English Theosophist Annie Besant and the Indian Theosophist Bhagavan Das together founded the Central Hindu College Benares which became the nucleus around which the Benares Hindu University was instituted in 1915 In this context the San tana Dharma Text Books were published M hlematter shows that the stages of initiation were the blueprint for Annie Besant's pedagogy which she implemented in the Central Hindu College in Benares In doing so he succeeds in making intelligible how esoteric knowledge was transferred to public institutions and how a broader public could be reached as a result The dissertation has been awarded the ESSWE PhD Thesis prize 2022 by the European Society for the Study of Western Esotericism

The Lotus Sūtra Donald S. The Jefferson Bible Peter Manseau, 2025-11-04 The life and times of a uniquely American testament In his retirement Thomas Jefferson edited the New Testament with a penknife and glue removing all mention of miracles and other supernatural events Inspired by the ideals of the Enlightenment Jefferson hoped to reconcile Christian tradition with reason by presenting Jesus of Nazareth as a great moral teacher not a divine one Peter Manseau tells the story of the Jefferson Bible exploring how each new generation has reimagined the book in its own image as readers grapple with both the legacy of the man who made it and the place of religion in American life Completed in 1820 and rediscovered by chance in the late nineteenth century after being lost for decades Jefferson's cut and paste scripture has meant different things to different people Some have held it up as evidence

that America is a Christian nation founded on the lessons of the Gospels Others see it as proof of the Founders intent to root out the stubborn influence of faith Manseau explains Jefferson s personal religion and philosophy shedding light on the influences and ideas that inspired him to radically revise the Gospels He situates the creation of the Jefferson Bible within the broader search for the historical Jesus and examines the book s role in American religious disputes over the interpretation of scripture Manseau describes the intrigue surrounding the loss and rediscovery of the Jefferson Bible and traces its remarkable reception history from its first planned printing in 1904 for members of Congress to its persistent power to provoke and enlighten us today

The Book of Exodus Joel S. Baden,2019-04-30 An essential biography of one of the Bible s most powerful and inspiring books Exodus is the second book of the Hebrew Bible but it may rank first in lasting cultural

importance It is here that the classic biblical themes of oppression and redemption of human enslavement and divine salvation are most dramatically expressed Joel Baden tells the story of this influential and enduring book tracing how its famous account of the Israelites journey to the promised land has been adopted and adapted for millennia often in unexpected ways Baden draws a distinction between the Exodus story and the book itself which is one of the most multifaceted in the Bible containing poems law codes rituals and architectural plans He shows how Exodus brings together an array of oral and written traditions from the ancient Middle East and how it came to be ritualized in the Passover Seder and the Eucharist Highlighting the remarkable resilience and flexibility of Exodus Baden sheds light on how the bestowing of the Torah to Moses on Mount Sinai divided Jewish and Christian thinkers on the importance of Exodus during the Reformation and the American Revolution and on its uses in debates for and against slavery He also traces how the defining narrative of ancient Israel helped to define Mormon social identity the American civil rights movement and liberation theology Though three thousand years old the Exodus as history as narrative as metaphor as model continues to be vitally important for us today Here is the essential biography of this incomparable spiritual masterpiece

The Life of Saint Teresa of Avila Carlos Eire, 2019-06-11 The life and many afterlives of one of the most enduring mystical testaments ever written The Life of Saint Teresa of Avila is among the most remarkable accounts ever written of the human encounter with the divine The Life is not really an autobiography at all but rather a confession written for inquisitors by a nun whose raptures and mystical claims had aroused suspicion Despite its troubled origins the book has had a profound impact on Christian spirituality for five centuries attracting admiration from readers as diverse as mystics philosophers artists psychoanalysts and neurologists How did a manuscript once kept under lock and key by the Spanish Inquisition become one of the most inspiring religious books of all time National Book Award winner Carlos Eire tells the story of this incomparable spiritual masterpiece examining its composition and reception in the sixteenth century the various ways its mystical teachings have been interpreted and reinterpreted across time and its enduring influence in our own secular age The Life became an iconic text of the Counter Reformation was revered in Franco's Spain and has gone on to be read as a feminist manifesto a literary work and even as a secular text But as Eire demonstrates in this vibrant and evocative book Teresa's confession is a cry from the heart to God and an audacious portrayal of mystical theology as a search for love Here is the essential companion to the Life one woman's testimony to the reality of mystical experience and a timeless affirmation of the ultimate triumph of good over evil

The Book of Common Prayer Alan Jacobs, 2019-05-28 How The Book of Common Prayer became one of the most influential works in the English language While many of us are familiar with such famous words as Dearly beloved we are gathered together here or Ashes to ashes dust to dust we may not know that they originated in The Book of Common Prayer which first appeared in 1549 Like the words of the King James Bible and Shakespeare the language of this prayer book has saturated English culture and letters Here Alan Jacobs tells its story He shows how The

Book of Common Prayer from its beginnings as a means of social and political control in the England of Henry VIII to its worldwide presence today became a venerable work whose cadences express the heart of religious life for millions *The Book of Revelation* Timothy Beal, 2018-10-23 The life and times of the New Testament's most mystifying and incendiary book Few biblical books have been as revered and reviled as Revelation Many hail it as the pinnacle of prophetic vision the cornerstone of the biblical canon and for those with eyes to see the key to understanding the past present and future Others denounce it as the work of a disturbed individual whose horrific dreams of inhumane violence should never have been allowed into the Bible Timothy Beal provides a concise cultural history of Revelation and the apocalyptic imaginations it has fueled Taking readers from the book's composition amid the Christian persecutions of first century Rome to its enduring influence today in popular culture media and visual art Beal explores the often wildly contradictory lives of this sometimes horrifying sometimes inspiring biblical vision He shows how such figures as Augustine and Hildegard of Bingen made Revelation central to their own mystical worldviews and how thanks to the vivid works of art it inspired the book remained popular even as it was denounced by later church leaders such as Martin Luther Attributed to a mysterious prophet identified only as John Revelation speaks with a voice unlike any other in the Bible Beal demonstrates how the book is a multimedia constellation of stories and images that mutate and evolve as they take hold in new contexts and how Revelation is reinvented in the hearts and minds of each new generation This succinct book traces how Revelation continues to inspire new diagrams of history new fantasies of rapture and new nightmares of being left behind **Like a Tree Universally Spread** Keith Edward Cantú, 2023 This book reconstructs the tantalizing tale of Sri Sabhapati Swami ca 1828 1923 4 today a little known swami who was originally from Tamil Nadu in southern India and historically contextualizes a fascinating type of yoga that Sabhapati claimed would lead to an experience of being like a tree universally spread The practical method of having this experience in technical terms called the samadhi or composure of sivarajayoga or the Royal yoga for siva was published in English and multiple Indic languages and lavishly illustrated in diagrams on subtle and physical bodies This book is the first book length treatment on Sabhapati Swami scholarly or otherwise and uses critically edited sources printed in Tamil Devanagari and Bengali scripts to reveal the expansion of his literature across South Asia and globally the vast majority of which has never before been considered in any scholarly work to date The book shows how intertwined Sabhapati's yoga is with historical Tamil saiva and Siddha movements including the mythos of the rishi Agastya and also with Hathayoga and mantra based ritual It also takes into account his and his followers wrestling with the Victorian scientific worldview and their rationalization of Hindu philosophical discourses in the colonial period Finally the book demonstrates the extent to which Sabhapati's teachings were integrated into esoteric religious movements such as the Theosophical Society the Thelema of Aleister Crowley and New Thought and suggests that a reappraisal of scholarship on the roots of yoga in these movements is long overdue
