*Finding More on the Mat* Michelle Marchildon, 2015-05-11

Practicing yoga is an invitation to live up to our potential as human beings So our mat becomes a catalyst for transformation When we assume a yoga pose it is not necessarily the shape of the body that counts Rather it is a chance to create an offering of the highest intention in our hearts Practicing becomes our path as we grow not just older but better wiser and stronger We become so much more both for ourselves and for those we love every time we surrender to something greater like Grace Grace is in many ways reflective of the attitude we bring to the mat It is the difference between a yoga practice that leaves you radically transformed and an exercise class It s the difference between feeling full of hope and potential or feeling like a schmuck Our attitude creates the distinction between growing better wiser and stronger on the mat or afraid that we re going to die every time we bend over In the beginning the author explains I did not know that I needed Grace After all I had gone through the better part of my life without anything nearly looking like Grace You should see me dance or sing Oh my God A goose suffering an epileptic attack would describe my attempts at being graceful I would never be mistaken for a soul sister Then one day on my mat struggling for the millionth time to touch my toes I gave up I said

To hell with it And that s when it happened The tension in my body released and I lowered down another six inches toward the floor I got so excited I almost pulled a hamstring All the years I had been practicing yoga I thought what I needed to touch my toes and to get better in general was more effort But in fact I needed more Grace Living with ease is Grace Living with forgiveness and acceptance is Grace Taking the good with the bad is Grace Saying yes first rather than no is Grace Trying new experiences with a light heart is Grace Knowing that we are filled with forgiveness just because we were born is Grace You will need equal parts of redemption and emancipation to find transformation which is not easy Today the author explains I am stronger and more vibrant than ever before I hauled my tired old ass out of a steep depression to live a better life I hope to make the second half of my life my best achievement yet The journey begins with Grace **THE SCIENCE OF YOGA** Pankaj Singh,Dr. Ravi Prakash Singh,Dr. Awadhesh Kumar Singh,Anita Pharswan,2024-06-09 The word Yoga is derived from Sanskrit root yuj which means join or unite This may be taken as the union of body mind and soul and is used in the literature both as an end as well as means As an end yoga signifies integration of personality at the highest level As means yoga includes various practices and techniques which are employed to achieve the development of such integration These practices and techniques are means in the yogic literature and are also referred collectively as Yoga **The Path of Yoga** Georg Feuerstein,2011-03-22 The best selling beginner s guide to the history schools practices and philosophy of the ancient Yoga tradition from a renowned Yoga scholar This overview of the essentials of Yoga is meant to both broaden and deepen the understanding of beginning students It covers all the basic elements of this ancient discipline and philosophy of India including Yoga poses diet breath control meditation mantras Kundalini energy and more It also includes newly translated excerpts from the scriptures and pays special attention to branches of Yoga such as Tantra that are of great interest to Western students but are frequently misunderstood Teaching Yoga, Second Edition Mark Stephens,2024-04-02 The bestselling guide for yoga teachers and trainers revised and updated a comprehensive Yoga Alliance aligned manual of asanas breathing techniques yogic foundations and more Revised and updated Teaching Yoga by yoga expert Mark Stephens is one of the most popular resources for new and experienced teachers and has been a trusted guide since its publication in 2010 This classic resource covers fundamental topics of yoga history and philosophy as well as each of the 11 major styles of contemporary yoga There is also practical advice for every stage of the teaching process including tools for teaching 108 yoga poses asanas breathing techniques pranayama and meditation The 2nd edition adapted to meet the needs of the modern yoga teacher features Updated sections on yoga history and philosophy Discussions of trauma sensitive yoga Coverage of cultural appropriation racism and sexism in yoga An inclusive approach that expands beyond the traditional vinyasa flow style New photos and illustrations 1 page summaries after each chapter An extended list of references for further learning Developed to meet 100% of the teacher training curriculum standards set by Yoga Alliance the world s leading registry and accreditation source for yoga teachers and schools Teaching Yoga is ideal for use as a core
