**Parenting in the Zombie Apocalypse** Steven J. Kirsh, 2019-05-17

Parenting is difficult under the best of circumstances but extremely daunting when humanity faces cataclysmic annihilation. When the dead rise, hardship, violence, and the ever-present threat of flesh-eating zombies will adversely affect parents and children alike. Depending on their age, children will have little chance of surviving a single encounter with the undead, let alone the unending peril of the Zombie Apocalypse. The key to their survival, and thus the survival of the species, will be the caregiving they receive. Drawing on psychological theory and real-world research on developmental status, grief, trauma, mental illness, and child rearing in stressful environments, this book critically examines factors influencing parenting and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead.

**2012: the Zombie Apocalypse** Ryan Tomasella, 2010-05-03. 2012. The Zombie Apocalypse is a riveting tale of survival in a post-apocalyptic world overrun with zombies. A group of unlikely survivors are forced to band together to find salvation in a horror-drenched world. Led by Ryan and surrounded by undead monsters, the survivors journey across the wastelands in search of a precious and increasingly rare commodity: life. But wait, I say. The zombies in *I Am Legend* were just infected and could be cured, not similar to these types of zombies. I sit down on my couch and scratch my head. I'm being so childish here. I'm comparing what is happening right now to movies. I need to figure out what needs to be done. I say before pushing myself off the couch and walking into my office. I grab a notepad from the desk as well as a pen. Before returning to the couch and sitting down, I push everything off the table and onto the floor, before placing the notepad on the table. Alright, first things first. I need to hunker down and hold my position for the night. First thing tomorrow morning, I need to get out of the city. It isn't safe here. The population is too high. I can easily get overwhelmed and eaten.

*Zombie Apocalypse! Horror Hospital* Stephen Jones, Mark Morris, 2014-06-19. London is in turmoil following riots and the Trafalgar Square Massacre. A doctor in a big East End hospital, already hard hit by government cutbacks and increasing social unrest, starts to get reports of something having happened at All Hallows Church. Then the first of the injured, including policemen and soldiers, start to be brought in, but the nurses and doctors on the day shift still can't make sense of what the victims are talking about. Soon their resources begin to be overwhelmed. Some of the injured begin to change, and soon the hospital, like so many other buildings throughout the city, is on lockdown. But as things grow increasingly chaotic outside, for those trapped within the old hospital building, both staff and patients, things quickly become infinitely worse as the dead return to life and stalk the corridors in search of flesh.
