The Wormwood Diaries:

The Wormwood Diaries James McKnight, 2010-08-27 In the future pharmaceutical companies seize the world's economy by controlling the flow of vaccines to an infected populace. A lethal virus was released covertly into the atmosphere by the government and there is but one man brave enough to challenge the official story. This man, however, was biologically engineered by the very company that produced the viral weapon. He is part of the human clone project slated to replace all naturally born human beings. Branded the 54th in his series, the clone feels different from his peers and tries to trace his lineage amongst a world ridden of deception. He is watched carefully by the establishment as he is the central figure in a covert operation called Project Shadow. As the story unfolds, it becomes apparent that Walker 54 is an alter personality of a young boy locked away in an asylum. The boy, Lindsey Scott, copes with the injustices done to him by his father, a prominent politician of the 21st Century, by living in a futuristic world that he is able to see into by aid of his sickness. What will conclude in upcoming novels is that Lindsey's alters are not imaginary as one might think. The diverging personalities pass notes to one another in obscure ways and visit one another in dreams. Eventually, the alters begin to trade worlds with one another as the progenitor to Walker 54 comes to the 21st Century and the world that Lindsey Scott depicts in the Diaries becomes real for us all.

Diaries of Sir Moses and Lady Montefiore Sir Moses Montefiore, 1890 **The Harold Nicolson Diaries** Harold Nicolson, 2024-08-29

One of the great 20th century political diaries. Brilliant, riveting stuff. *TRIBUNE* One stops to marvel at the achievement. Honesty, decency, modesty, magnanimity are stamped on every page as evident as the wit. *EVENING STANDARD* A tremendous read. *SPECTATOR* Harold Nicolson was one of the three great political diarists of the 20th century along with Chips Channon and Alan Clark. Nicolson was an MP Conservative 1935-45 who also flirted with Labour after WWII. He had previously been in the Foreign Office and attended the Paris Peace Conference in 1919 and material from this period is included in this new edition for the first time. Nicolson never achieved high office but rarely a day went by when he didn't record what was going on at Westminster. He socialised widely, was married to the poet and author Vita Sackville-West and together they created the famous garden at Sissinghurst. Both were bisexuals and had affairs outside their marriage. This

new edition also draws on diary entries and letters previously considered too sensitive for inclusion The diversity of Harold Nicolson's interests and the irony in his writing make his diary a highly entertaining record of his life and times as well as a document of great historical value

The Hong Kong Diaries Chris Patten, 2022-06-21 The diaries of the last British Governor of Hong Kong published on the 25th anniversary of the handover In June 1992 Chris Patten went to Hong Kong as the last British governor to try to prepare it not as other British colonies over the decades for independence but for handing back in 1997 to the Chinese from whom most of its territory had been leased 99 years previously Over the next five years he kept this diary which describes in detail how Hong Kong was run as a British colony and what happened as the handover approached The book gives unprecedented insights into negotiating with the Chinese about how the institutions of democracy in Hong Kong were belatedly strengthened and how Patten sought to ensure that a strong degree of self government would continue after 1997 Unexpectedly his opponents included not only the Chinese themselves but some British businessmen and civil service mandarins upset by Patten's efforts for whom political freedom and the rule of law in Hong Kong seemed less important than keeping on the right side of Beijing The book concludes with an account of what has happened in Hong Kong since the handover a powerful assessment of recent events and Patten's reflections on how to deal with China then and now
