The Writing of Natural Disaster in Europe, 1500-1826 Sandhya Patel, Sophie Chiari, 2022-12-12 This book explores reactions to and representations of natural disasters in early modern Europe The contributors illustrate how the cultural production of the period in manuals treatises sermons travelogues and fiction grappled with environmental catastrophe Crucially they interrogate how people in the early modern era rationalized and mediated the threat of events like plagues great frosts storms floods and earthquakes A vital contribution to environmental history this book highlights the parallels between early modern responses to natural disaster and climate anxiety in our own era

Maurice Blanchot and Fragmentary Writing Leslie Hill, 2012-07-05 Writing in fragments is often held to be one of the most distinctive signature effects of Romantic modern and postmodern literature But what is the fragment and what may be said to be its literary philosophical and political significance Few writers have explored these questions with such probing radicality and rigorous tenacity as the French writer and thinker Maurice Blanchot For the first time in any language this book explores in detail Blanchot s own writing in fragments in order to understand the stakes of the fragmentary within philosophical and literary modernity It attends in detail to each of Blanchot s fragmentary works *Awaiting Forgetting The Step Not Beyond* and *The Writing of the Disaster* and reconstructs Blanchot s

radical critical engagement with the philosophical and literary tradition in particular with Hegel Nietzsche Heidegger Heraclitus Levinas Derrida Nancy Mallarmé Char and others and assesses Blanchot's account of politics Jewish thought and the Shoah with a view to understanding the stakes of fragmentary writing in Blanchot and within philosophical and literary modernity in general

Abstraction and the Holocaust Mark Godfrey, 2007-01-01 Mark Godfrey looks closely at a series of American art and architectural projects that respond to the memory of the Holocaust He investigates how abstract artists and architects have negotiated Holocaust memory without representing the Holocaust figuratively or symbolically

The Writing of Innocence Aïcha Liviana Messina, 2022-07-01 The Writing of Innocence explores the topic of innocence and the peculiar relationship to Christianity in the writing of Maurice Blanchot Its starting point is that innocence is not a condition relegated to a mythical past but rather one resulting from the construction of the subject in and through language Hence we don't lose innocence instead we are lost by innocence It is an excess not a lack This inverted notion of innocence raises new ethical and political issues that Aïcha Liviana Messina unfolds through vigorous readings of a series of biblical motifs including law grace and apocalypse The closing chapter turns to the convergences and divergences between Jean-Luc Nancy's and Blanchot's understandings of the deconstruction of Christianity With a foreword by philosopher Serge Margel The Writing of Innocence offers a fresh perspective on Blanchot's writings in general and on his dialogue with Hegel in particular While staging innocence in its philosophical and literary dimensions The Writing of Innocence provides singular readings of works by Kierkegaard Agamben Derrida Nancy Camus Hugo and Kafka

The Other Night Herschel Farbman, 2008 I sleep but my heart wakes says the Song of Songs The other night names the sleepless night we spend in dreams From The Interpretation of Dreams to Finnegans Wake many of the great writing projects of the first half of the twentieth century tell tales of this sleepless night In the post-war waning of the dreamier modernist projects writers such as Beckett and Blanchot work through the residual fatigue The Other Night looks anew into the causes of this fatigue Beginning by establishing a link between Freud's claim that the dream is a kind of pictographic writing and his metapsychological claim that the dream represents the impossibility of complete sleep The Other Night studies in readings of Joyce Beckett and Blanchot the unrest at once literary and political in which dreams come to us

Écriture Du Désastre Maurice Blanchot, 1995-01-01 Modern history is haunted by the disasters of the century world wars concentration camps Hiroshima and the Holocaust grief anger terror and loss beyond words but still close still impending How can we write or think about disaster when by its very nature it defies speech and compels silence burns books and shatters meaning The Writing of the Disaster reflects upon efforts to abide in disaster's infinite threat First published in French in 1980 it takes up the most serious tasks of writing to describe explain and redeem when possible and to admit what is not possible Neither offers consolation Maurice Blanchot has been praised on both sides of the Atlantic for his fiction and criticism The philosopher Emmanuel Levinas once remarked that Blanchot's writing is a language of pure transcendence without correlative Literary theorist and critic Geoffrey Hartman
