To the dismay of religious leaders study after study has shown a steady decline in affiliation and identification with traditional religions in America By 2014 more than twenty percent of adults identified as unaffiliated up more than seven percent just since 2007 Even more startling more than thirty percent of those under the age of thirty now identify as Nones answering none when queried about their religious affiliation Is America losing its religion Or as more and more Americans choose different spiritual paths are they changing what it means to be religious in the United States today In *Choosing Our Religion* Elizabeth Drescher explores the diverse complex spiritual lives of Nones across generations and across categories of self identification such as Spiritual But Not Religious Atheist Agnostic Humanist just Spiritual and more Drawing on more than one hundred interviews conducted across the United States Drescher opens a window into the lives of a broad cross section of Nones diverse with respect to age gender race sexual orientation and prior religious background She allows Nones to speak eloquently for themselves illuminating the processes by which they became None the sources of information and inspiration that enrich their spiritual lives the practices they find spiritually meaningful how prayer functions in spiritual lives not centered on doctrinal belief how morals and values are shaped outside of institutional religions and how Nones approach the spiritual development of their own children These compelling stories are deeply revealing about how religion is changing in America both for Nones and for the religiously affiliated family friends and neighbors with whom their lives remain intertwined *The Bloomsbury Companion to New Religious Movements* George D. Chryssides,Benjamin E. Zeller,2014-01-02 *The Bloomsbury Companion to New Religious Movements* covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events *The Spiritual Virtuoso* Marion Goldman,Steven Pfaff,2017-12-14 Marion Goldman and Steven Pfaff define a spiritual virtuoso as someone who works toward personal purification and a sense of holiness with the same perseverance and intensity that virtuosos strive to excel in the arts or athletics Since the Protestant Reformation activist

virtuosi have come together in large and small social movements to redefine the meanings of spiritual practice support religious equality and transform a wide range of social institutions Tracing the impact of spiritual virtuosi from the sixteenth century Reformation through the nineteenth century Anti Slavery Movement to the twentieth century Human Potential Movement and beyond Marion Goldman and Steven Pfaff explore how personal virtuosity can become a social force Martin Luther began to expand spiritual possibilities in the West when he charted paths that did not require the Church's intercession between the individual and God He believed that everyone could and should reach toward sacred truths and transcendent moments Over the centuries millions of people have built on his innovations and embarked on spiritual quests that offer new possibilities for sacred relationships and social change

What Matters? Courtney Bender, Ann Taves, 2012 This collection of essays examines religious secular and spiritual distinctions in society

Stalking God Anjali Kumar, 2018-01-16 Anjali Kumar a pragmatic lawyer for Google was part of a rapidly growing population in America highly spiritual but religiously uncommitted But when her daughter was born she became compelled to find God or at least some kind of enlightenment Convinced that traditional religions were not a fit for her and knowing that she couldn't simply Google an answer to What is the meaning of life Kumar set out on a spiritual pilgrimage looking for answers and nothing was off limits or too unorthodox She headed to the mountains of Peru to learn from the shamans attended the techie haunt of Burning Man practiced transcendental meditation convened with angels and visited saints goddesses witches and faith healers She even hired a medium to convene with the dead Kumar's lighthearted story offers a revealing look at the timeless and vexing issue of spirituality in an era when more and more people are walking away from formal religions Narrated from the open minded perspective of a spiritual seeker rather than a religious scholar Kumar offers an honest account of some of the less than mainstream spiritual practices that are followed by millions of people in the world today as she searches for the answers to life's most universal questions Why are we here What happens when we die Is there a God

Everyday Mysticism Ariel Glucklich, 2017-10-24 A scholar's experiences inside a contemplative working community in Israel's Negev desert In this thoughtful and enlightening work world renowned religion scholar Ariel Glucklich recounts his experiences at Neot Smadar an ecological and spiritual oasis that has been thriving in the arid Southern Israeli desert for a quarter century An intentional community originally established by a group of young professionals who abandoned urban life to found a school for the study of the self Neot Smadar has thrived by putting ancient Buddhist and Hindu ideas into everyday practice as ways of living and working Glucklich provides a fascinating detailed portrait of a dynamic farming community that runs on principles of spiritual contemplation and mindfulness thereby creating a working environment that is highly ethical and nurturing His study serves as a gentle invitation to join the world of mindful work and to gain a new understanding of a unique form of mystical insight that exists without exoticism

Radical Hospitality for a Prophetic Church Amanda D. Quantz, 2019-11-13 Anchored in Scripture and Tradition Radical Hospitality for a Prophetic Church conveys Amanda D

Quantz's firsthand experiences as a chaplain working with emerging ministries that meet people where they are. Building on the biblical concept that all wisdom was present in the mind of God before creation, Quantz argues that this wisdom has filtered into the world's varied religious traditions so that Christians have much to gain approaching others from different religious or spiritual creeds and learning about their faith traditions and values. Whether seekers are experimenting with open Communion church without walls or ancient but little known Christian practices, this book is a resource for those who feel stuck in outdated ideas about what it means to be a church.

Seeking Transcendence Joseph C. Manzella, 2025-06-23

Seeking Transcendence examines the various paths taken by those who have detached themselves from their traditional institutional religious roots but are seeking non-traditional paths to spiritual experiences. Called the nones or non-affiliated in popular mass media, these include a significant number of Western folks who maintain a belief in God or at least consider themselves spiritual but not religious. Each chapter of the book explores these trends with a specific theme as well as a case study based on the author's ethnographic observation of alternative spiritual communities and practices in North America and Western Europe. Ultimately, this book shows how contemporary alternatives to traditional institutional religion appeal to nones, presenting the relevance of new religious movements and more secular spiritual paths to transcendence.
