Theater of the Mind Neil Verma, 2012-07-11 In this work Neil Verma applies an array of critical methods to more than 6000 recordings to produce an account of radio drama from the Depression to the Cold War **Sound and Literature** Anna Snaith, 2020-06-18 What does it mean to write in and about sound How can literature seemingly a silent visual medium be sound bearing This volume considers these questions by attending to the energy generated by the sonic in literary studies from the late nineteenth century to the present Sound whether understood as noise music rhythm voice or vibration has long shaped literary cultures and their scholarship In original chapters written by leading scholars in the field this book tunes in to the literary text as a site of vocalisation rhythmic and dissonance as well as an archive of soundscapes modes of listening and sound technologies Sound and Literature is unique for the breadth and plurality of its approach and for its interrogation and methodological mapping of the field of literary sound studies Modernist Circumnavigations Kevin

Riordan, 2022-05-26 This book shows how Jules Verne's *Around the World in Eighty Days* changed the global imagination Through his novel the world was converted into a personal itinerary scaled to the individual traveller and by extension to the individual reader Exploring Verne's modern legacy this study shows how subsequent generations of artists and writers took on *Around the World in Eighty Days* as an adaptable guidebook to the modern world It investigates how Verne's work leads its reader beyond the book itself It considers Verne's place in world literature traces some of the many real reenactments of Verne's itinerary and recalls the theatrical adaptations of Verne's story Published to coincide with the 500th anniversary of the first circumnavigation and the 150th anniversary of Verne's novel this book offers new insights into the largely overlooked influence of Verne on twentieth century literature and culture and on the field of global modernism

Perplexing Plots David Bordwell, 2023-01-17 Nominated 2024 Edgar Allan Poe Award in the category of best critical biographical Mystery Writers of America Shortlisted 2024 Agatha Awards Best Mystery Nonfiction Malice Domestic Posthumous Winner 2023 IFCA Book Prize International Crime Fiction Association Narrative innovation is typically seen as the domain of the avant garde However techniques such as nonlinear timelines multiple points of view and unreliable narration have long been part of American popular culture How did forms and styles once regarded as difficult become familiar to audiences In *Perplexing Plots* David Bordwell reveals how crime fiction plays and films made unconventional narrative mainstream He shows that since the nineteenth century detective stories and suspense thrillers have allowed ambitious storytellers to experiment with narrative Tales of crime and mystery became a training ground where audiences learned to appreciate artifice These genres demand a sophisticated

awareness of storytelling conventions they play games with narrative form and toy with audience expectations Bordwell examines how writers and directors have pushed pulled and collaborated with their audiences to change popular storytelling He explores the plot engineering of figures such as Raymond Chandler Agatha Christie Dashiell Hammett Patricia Highsmith Alfred Hitchcock Dorothy Sayers and Quentin Tarantino and traces how mainstream storytellers and modernist experimenters influenced one another's work A sweeping kaleidoscopic account written in a lively conversational style Perplexing Plots offers an ambitious new understanding of how movies literature theater and popular culture have evolved over the past century

Broadcast Hysteria A. Brad Schwartz, 2025-09-23 On the evening of October 30 1938 radio listeners across the United States heard a startling report of a meteor strike in the New Jersey countryside With sirens blaring in the background announcers in the field described mysterious creatures terrifying war machines and thick clouds of poison gas moving toward New York City As the invading force approached Manhattan some listeners sat transfixed while others ran to alert neighbors or to call the police Some even fled their homes But the hair raising broadcast was not a real news bulletin it was Orson Welles's adaptation of the H G Wells classic *The War of the Worlds* In *Broadcast Hysteria* A Brad Schwartz boldly retells the story of Welles's famed radio play and its impact Did it really spawn a wave of mass hysteria as *The New York Times* reported Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the broadcast and his findings challenge the conventional wisdom Few listeners believed an actual attack was under way But even so Schwartz shows that Welles's broadcast became a major scandal prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country's vulnerability in a time of crisis When the debate was over American broadcasting had changed for good but not for the better As Schwartz tells this story we observe how an atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the first time We follow Orson Welles's rise to fame and watch his manic energy and artistic genius at work in the play's hurried yet innovative production And we trace the present day popularity of fake news back to its source in Welles's show and its many imitators Schwartz's original research gifted storytelling and thoughtful analysis make *Broadcast Hysteria* a groundbreaking new look at a crucial but little understood episode in American history

Radio for the Millions Isabel Huacuja Alonso, 2023-01-03 Co winner 2023 AIPS Book Prize American Institute of Pakistan Studies Finalist 2023 Richard Wall Memorial Award Theatre Library Association From news about World War II to the broadcasting of music from popular movies radio played a crucial role in an increasingly divided South Asia for more than half a century *Radio for the Millions* examines the history of Hindi Urdu radio during the height of its popularity from the 1930s to the 1980s showing how it created transnational communities of listeners Isabel Huacuja Alonso argues that despite British Indian and Pakistani politicians' efforts to usurp the medium for state purposes radio largely escaped their grasp She demonstrates that the medium enabled listeners and broadcasters to resist the cultural linguistic and political agendas of the British colonial

administration and the subsequent independent Indian and Pakistani governments Rather than being merely a tool of nation building in South Asia radio created affective links that defied state agendas policies and borders It forged an enduring transnational soundscape even after the 1947 Partition had made a united India a political impossibility Huacuja Alonso traces how people engaged with radio across news music and drama broadcasts arguing for a more expansive definition of what it means to listen She develops the concept of radio resonance to understand how radio relied on circuits of oral communication such as rumor and gossip and to account for the affective bonds this talk created By analyzing Hindi film song radio programs she demonstrates how radio spurred new ways of listening to cinema Drawing on a rich collection of sources including newly recovered recordings listeners letters to radio stations original interviews with broadcasters and archival documents from across three continents *Radio for the Millions* rethinks assumptions about how the medium connects with audiences
