Theodore (Teddy) Roosevelt Theodore Roosevelt, 2016-12-27 After the death of his first wife, Theodore Roosevelt headed to the western frontier, eventually starting his own ranch in the Badlands of the Dakota Territory. Spanning the years of 1884-1886, Roosevelt writes with incredible joy his experiences on the ranch, his adventures of buffalo hunting, his love for the common people of the west, the rousing times of the round-up, and the daily life of the ranch. Roosevelt credited his time in the Badlands of North Dakota as the reason for desiring to become the President of the United States of America.

Next to the whitetail deer, the black bear is the commonest and most widely distributed of American big game. It is still found quite plentifully in northern New England in the Adirondacks, Catskills, and along the entire length of the Alleghenies, as well as in the swamps and canebrakes of the southern States. It is also common in the great forests of northern Michigan, Wisconsin, and Minnesota, and throughout the Rocky Mountains and the timbered ranges of the Pacific coast. In the East, it has always ranked second only to the deer.

among the beasts of chase The bear and the buck were the staple objects of pursuit of all the old hunters They were more plentiful than the bison and elk even in the long vanished days when these two great monarchs of the forest still ranged eastward to Virginia and Pennsylvania The wolf and the cougar were always too scarce and too shy to yield much profit to the hunters The black bear is a timid cowardly animal and usually a vegetarian though it sometimes preys on the sheep hogs and even cattle of the settler and is very fond of raiding his corn and melons Its meat is good and its fur often valuable and in its chase there is much excitement and occasionally a slight spice of danger just enough to render it attractive so it has always been eagerly followed Yet it still holds its own though in greatly diminished numbers in the more thinly settled portions of the country One of the standing riddles of American zoology is the fact that the black bear which is easier killed and less prolific than the wolf should hold its own in the land better than the latter this being directly the reverse of what occurs in Europe where the brown bear is generally exterminated before the wolf Theodore Roosevelt *The Legendary Hunts of Theodore Roosevelt* John Seerey-Lester, 2015 The much anticipated third book in artist John Seerey Lester's Legends Series relives in words and paint the exciting outdoor life of Theodore Roosevelt With his descriptive text and 150 paintings and sketches Seerey Lester provides a fascinating glimpse into the former president's life as a rancher and his unrelenting passion for wildlife hunting exploration and conservation The large format 200 page book covers Roosevelt's most active years as an outdoorsman from the 1870s until his death in 1919 It also relives the hunting and exploratory expeditions of his two sons in the Far East It opens with Roosevelt's first deer hunt as a teenager then continues chronologically as he pursues such dangerous game as grizzlies lions and elephants in Africa and North America In Seerey Lester's rich paintings you will feel the danger taste the dust and smell the campfire smoke In the foreword for this landmark book Tweed Roosevelt TR's great grandson writes Seerey Lester has an extraordinary ability to bring to life the high drama of the hunt TR of course could supply him with an almost unending series of opportunities for displaying his unique artistry Publisher's site **Theodore Roosevelt's Ranch Life** Theodore Roosevelt, 1978 **Hunting Trips of a Ranchman** Theodore Roosevelt, Illumination Publishing, 2016-07-08 Theodore Roosevelt was a New Yorker He first came to the Badlands in September 1883 A Sportsman and hunter all his life Roosevelt sought a chance to hunt the big game of North America before they disappeared His time there would ultimately inspire him to become President of the United States These are the tales of his love for the outdoors and the beauty and challenges of the Dakota Badlands His love of the great outdoors would ultimately lead to the creation of National Parks under his presidency GET MORE BOOKS AT ILLUMINATIONPUBLISHING.COM *The Hunting and Exploring Adventures of Theodore Roosevelt* Theodore Roosevelt, 1955
