Dollarhide,Matthew E. Lemberger-Truelove,2018 This unique book offers readers a compilation of contemporary and cutting edge theories to inform the way school counselors practice the art and science of school counseling Readers will gain tremendous insight into each theory helping with selection of a favorite theory or contribute to theoretical flexibility for the school counseling practitioner The ABCs of REBT Revisited Windy Dryden,2012-11-09 The cornerstone of Rational Emotive Behavior Therapy is its ABC framework which helps therapists make sense of clients problems As it turns out however this model is often misunderstood by both clients and professionals Research investigation on this misunderstanding forms the basis of this book It addresses the doubts reservations and objections clients had to the ABC framework in a research study of an REBT based program in a psychiatric hospital Additionally errors and confusions on the part of those writing about the therapy is reviewed Further study was made on the accuracy of REBT therapists themselves in teaching this therapy to students Also included is an analysis of how Albert Ellis himself has explicated the ABC s This book is the first to systematically study how different groups conceptualise the ABCs of REBT and the errors that are commonly made in interpreting and putting them into practice It will be of value to students and practitioners of REBT and those teaching REBT in academic settings **Counseling Theories and Case Conceptualization** Stephen V. Flynn,Joshua J. Castleberry,2023-10-30 One of the aspects of this textbook that I most appreciate is that Dr Flynn embraces action as a scholar by integrating the most relevant and impactful theoretical practices tackling developing trends such as telebehavioral health and challenging us as readers to apply complex theoretical constructs from an intersectional culturally responsive and social justice paradigm This is not a reimagining of the traditional counseling theories textbooks from 10 years ago but rather an act of evolution and engagement captured in the immediate assertion of social justice oriented theories Nicole R Hill Interim Provost and Vice President for Academic Affairs Professor Counselor Education Shippensburg University Helps future counselors apply key theoretical constructs to real world scenarios through session transcripts and detailed case conceptualizations For students enrolled in master s and advanced doctoral programs this groundbreaking textbook blends theoretical insight and practical application Woven throughout is a focus on the multiple levels of diversity intersectionality and identity that individuals embody and the skills and interventions necessary to produce positive outcomes The book is distinguished by the inclusion of Voices from the Field digital video interviews with 12 expert practitioners of leading theories These practitioners representing different contextual backgrounds and intersectional identities share their

perspectives and experiences on how to best use a particular theory to help marginalized communities who have experienced discrimination All theory based chapters provide readers with case conceptualizations session transcripts and videos of Voices from the Field Additionally all chapters include learning objectives chapter summaries and student activities Within each chapter students will learn theory aligned assessment instruments that resonate with clients needs and acquire proficiency in an eclectic array of techniques derived from both classic and contemporary counseling theories The book innovatively applies techniques and skills to pressing issues such as racism discrimination and inequity through adept application of theory to empower healing and transformation Instructors will also have access to a full suite of ancillaries including an Instructor Manual Test Bank and chapter PowerPoints Key Features Mapped to the Council for the Accreditation of Counseling and Related Educational Programs CACREP 2016 and 2024 standards Examines nuances of 36 counseling theories new and emerging counseling theories and describes 24 theoretically congruent assessment instruments Includes 12 digitally recorded Voices from the Field interviews that showcase first person accounts from diverse clinicians working with marginalized communities people of color LGBTQIA clientele and other underrepresented populations Contains detailed information about the profession s unique theoretical history leaders legacies waves of philosophical and political change and practice based skills Incorporates information needed to fully understand how counseling theories make meaning of mental health issues human development and client and counselor therapeutic roles Chapters include an examination of the findings of contemporary theory based research Demonstrates the use of theoretical and atheoretical case conceptualization and skills using the same reoccurring case Provides session transcripts for each theoretical chapter demonstrating in depth examples of theory based skills
