

Theorizing in Social Science

THE CONTEXT OF DISCOVERY

Edited by

DAVID HARRIS and JOHN HARRIS

DAVID HARRIS is Professor of Sociology, University of California, San Diego. JOHN HARRIS is Professor of Sociology, University of California, San Diego.

Theorizing In Social Science The Context Of Discovery

Patrik Aspers, Nigel Dodd

Theorizing In Social Science The Context Of Discovery:

Theorizing in Social Science Richard Swedberg, 2014-04-02 All social scientists learn the celebrated theories and frameworks of their predecessors using them to inform their own research and observations But before there can be theory there must be theorizing Theorizing in Social Science introduces the reader to the next generation of theory construction and suggests useful ways for creating social theory What makes certain types of theories creative and how does one go about theorizing in a creative way The contributors to this landmark collection top social scientists in the fields of sociology economics and management draw on personal experiences and new findings to provide a range of answers to these questions Some turn to cognitive psychology and neuroscience s impact on our understanding of human thought others encourage greater dialogue between and across the arts and sciences while still others focus on the processes by which observation leads to conceptualization Taken together however the chapters collectively and actively encourage a shift in the place of theory in social science today Appealing to students and scientists across disciplines this collection will inspire innovative approaches to producing teaching and learning theory Advancing Information Systems Theories Nik Rushdi Hassan, Leslie P. Willcocks, 2021-03-21 The information systems IS field represents a multidisciplinary area that links the rapidly changing technology of information or communications and information technology ICT to the business and social environment Despite the potential that the IS field has to develop its own native theories to address current issues involving ICT it has consistently borrowed theories from its reference disciplines often uncritically to legitimize its research This volume is the first of a series intended to advance IS research beyond this form of borrowed legitimization and derivative research towards fresh and original research that naturally comes from its own theories It is inconceivable for a field so relevant to the era of the hyper connected society disruptive technologies big data social media fake news and the weaponization of information to not be brimming with its own theories The first step in reaching the goal of developing native IS theories is to reach an agreement on the need for theory its rationale and its role as the most distinctive product of human intellectual activity This volume addresses what theories are why bother with theories and the process of theorizing itself because the process of developing theories cannot be divorced from the product of that process It will lay out a research agenda for decades to come and will be invaluable reading for any academic in the IS field and related disciplines concerned with information systems technology and their management Re-Imagining Economic Sociology Patrik Aspers, Nigel Dodd, 2015-11-19 The purpose of this book is to explore new developments in the field of economic sociology It contains cutting edge theoretical discussions by some of the world s leading economic sociologists with chapters on topics such as the economic convention relational sociology economic identity economy and law economic networks and institutions The book is distinctive in a number of ways First it focuses on theoretical contributions by pulling together and extending what the contributors believe to be the most important theoretical innovations within their own particular areas of the field Second

there are contributions by leading economic sociologists from both the US and Europe which gives the book both wider scope and appeal while also creating the opportunity for some interesting dialogue between distinct theoretical traditions The book will be of interest to researchers Ph D students and advanced students on both side of the Atlantic and indispensable in advanced economic sociology courses

The Routledge Handbook of Research Methods in the Study of Religion Steven Engler, Michael Stausberg, 2021-11-29 This substantially revised second edition of The Routledge Handbook of Research Methods in the Study of Religion remains the only comprehensive survey in English of methods and methodology in the discipline Designed for non specialists and upper undergraduate graduate level students it discusses the range of methods currently available to stimulate interest in unfamiliar methods and enable students and scholars to evaluate methodological issues in research The Handbook comprises 39 chapters 21 of which are new and the rest revised for this edition A total of 56 contributors from 10 countries cover a broad range of topics divided into three clear parts Methodology Methods Techniques The first section addresses general methodological issues including comparison research design research ethics intersectionality and theorizing analysis The second addresses specific methods including advanced computational methods autoethnography computational text analysis digital ethnography discourse analysis experiments field research grounded theory interviewing reading images surveys and videography The final section addresses specific techniques including coding focus groups photo elicitation and survey experiments Each chapter covers practical issues and challenges theoretical bases and their use in the study of religion s illustrated by case studies The Routledge Handbook of Research Methods in the Study of Religion is essential reading for students and researchers in the study of religion s as well as for those in related disciplines

Praxis as a Perspective on International Politics Gunther Hellmann, Jens Steffek, 2023-10-17 Bringing together leading figures in the study of international relations this collection explores praxis as a perspective on international politics and law

Stephen Turner and the Philosophy of the Social Christopher Adair-Totef, 2021-02-08 In this volume the philosophical writings of Stephen Turner on social science and the social are examined critically in essays by major scholars in philosophy and sociology from all over Europe and the United States The topics covered include his intellectual trajectory and issues over the concepts of practices the belief desire model of action explanation normativity and collectivities These issues form the core of the philosophy of social science and are central to the history of the social sciences In addition there are substantive discussions of the relation of cognitive science to economics and Weber of ethnography and of the legacy of Talcott Parsons The volume includes Turner s response to these essays which also presents a synthesis and retrospective overview With contributions by Christopher Adair Totef Alban Bouvier David Henderson John Holmwood Terence Horgan Peter Olen Mark Risjord Paul Roth Theodore R Schatzki Karsten Stueber Sam Whimster Rafa Wierzchos awski and Julie Zahle as well as Stephen Turner himself

Finding your Social Science Project John Gerring, Jason Seawright, 2022-10-13 The most important step in social science research is the first step finding a topic

Unfortunately little guidance on this crucial and difficult challenge is available Methodological studies and courses tend to focus on theory testing rather than theory generation This book aims to redress that imbalance The first part of the book offers an overview of the book's central concerns How do social scientists arrive at ideas for their work What are the different ways in which a study can contribute to knowledge in a field The second part of the book offers suggestions about how to think creatively including general strategies for finding a topic and heuristics for discovery The third part of the book shows how data exploration may assist in generating theories and hypotheses The fourth part of the book offers suggestions about how to fashion disparate ideas into a theory

The Art of Social Theory Richard Swedberg, 2015-09-01 A practical guide to the art of theorizing in the social sciences In the social sciences today students are taught theory by reading and analyzing the works of Karl Marx Max Weber and other foundational figures of the discipline What they rarely learn however is how to actually theorize The Art of Social Theory is a practical guide to doing just that In this one of a kind user's manual for social theorists Richard Swedberg explains how theorizing occurs in what he calls the context of discovery a process in which the researcher gathers preliminary data and thinks creatively about it using tools such as metaphor analogy and typology He guides readers through each step of the theorist's art from observation and naming to concept formation and explanation To theorize well you also need a sound knowledge of existing social theory Swedberg introduces readers to the most important theories and concepts and discusses how to go about mastering them If you can think you can also learn to theorize This book shows you how Concise and accessible The Art of Social Theory features helpful examples throughout and also provides practical exercises that enable readers to learn through doing

Organization 2666 Christian De Cock, Damian O'Doherty, Christian Huber, Sine N. Just, 2020-06-15 Climate Chaos Trump Brexit Terror the apocalypse looms large in the Zeitgeist Could and should this not provide the fulcrum for renewing the imaginative range of organization studies In this volume we bring together scholars who have taken Roberto Bola'o's visionary novel 2666 as a starting point for reflections provocations and challenges to established imaginaries How can we cultivate and develop our attention to the violent organization of the world without reproducing more violence Contributors to this edited volume take on this challenge as they seek to break through the various blind spots in the discipline of management and organization studies Bola'o's work opens up hidden and fantastic dimensions in organization and provides alternative spaces and associations for new and bold organizational thinking Various disturbing self-destructive and abyssal these essays reflect that something that terrifies us all as Bola'o wrote that something that crows and spurs us on We call this something Organization 2666

Latin American Breakthroughs in STS Theory Noela Invernizzi, Leandro Rodriguez Medina, 2025-09-22 This book enriches Latin American Science and Technology Studies by making a pioneering contribution to theories from its geopolitical margins Rather than merely challenging Northern dominance it fosters dialogue between Northern and Southern scholars highlighting the complex multi-situated development of science and technology and contributing to the field's diversification and

internationalization *Proletarian Lives* Marcos E. Pérez, 2022-03-31 Based on multi year ethnographic fieldwork on the Unemployed Workers Movement in Argentina also known as the piqueteros *Proletarian Lives* provides a case study of how workers affected by job loss protect their traditional forms of life by engaging in progressive grassroots mobilization Using life history interviews and participant observation the book analyzes why some activists develop a strong attachment to the movement despite initial reluctance and frequent ideological differences Marcos P rez argues that a key appeal of participation is the opportunity to engage in age and gender specific practices associated with a respectable blue collar lifestyle threatened by long term socioeconomic decline Through their daily involvement in the movement older participants reconstruct the routines they associate with a golden past in which factory jobs were plentiful younger activists develop the kind of habits they were raised to see as valuable and all members protect communal activities undermined by the expansion of poverty and violence *The Routledge International Handbook of Social Work Teaching* Jarosław Przeperski, Rajendra Baikady, 2024-04-09 This handbook is a comprehensive text on social work education based on the narratives of social work educators practitioners and researchers from Asia and the Pacific North and South America Australia and Oceania and Europe It discusses innovations challenges pedagogy and tested methods of social work teaching at various levels of educational programmes The volume Examines key concepts that underpin debates concerning social work teaching research and practice Brings out key concerns debates and narratives concerning various teaching learning and pedagogical methods from different countries Documents principal perspectives of different stakeholders involved in social work education from educators and practitioners to novice social workers The Routledge International Handbook of Social Work Teaching will be an effective instrument in informing policy decisions related to social work teaching and pedagogy at the global and local levels It will be essential for educators researchers and practitioners within social work institutions and for professional associations around the world *Key Concepts and Theory in Social Work* David Hodgson, Lynelle Watts, 2017-06-09 Social work is a discipline committed to social justice and human rights and to improving the well being of individuals families communities and societies But the world is changing with environmental disasters an increase in violent conflict and the aftermath of the Global Financial Crisis impacting negatively on human and ecological well being Social workers are often working at the forefront of these and other challenging situations and they must apply knowledge and skills to their practice in a thoughtful and ethical way What kind of knowledge and skills will social workers need to succeed in this intellectually and emotionally demanding job Broad ranging in scope and depth this highly readable text introduces readers to the key concepts in social work such as empathy reflective practice and notions of risk and provides both a focus on the theory and research literature that informs each one and an examination of how each will aid practitioners in their day to day work With the help of engaging practice examples that contextualize the topics under discussion the book also draws on ideas and literature from other disciplines including philosophy sociology and psychology in order to promote the open

mindedness and depth of understanding required for practice with people from all walks of life An accessible text that brings all of the major social work concepts together in one place Key Concepts and Theory in Social Work is an essential book for students and practitioners alike Research Handbook on University Rankings Hazelkorn, Ellen,Mihut, Georgiana,2021-12-10 Gathering unique and thoughtful contributions from leading international scholars this timely Research Handbook offers diverse perspectives on university rankings twenty years after the first global rankings emerged It presents an in depth analysis that reflects the current state of research on rankings their influence and impact **Generally Speaking** Eviatar Zerubavel,2020-11-02 In Generally Speaking Eviatar Zerubavel introduces a method of theorizing designed to reveal abstract social patterns He examines the theoretical and methodological process by which generic social patterns can be distilled from the culturally historically and situationally specific contexts Zerubavel further draws on numerous examples from diverse cultural contexts historical periods and social domains to show what constitutes data in formal theorizing how to collect that data and how this approach works in concert with ethnography and historical forms of social inquiry **Handbook of Research on Gender and Leadership** Susan R. Madsen,2024-01-18 Although some progress has been made in recent decades in getting women into top positions in government business and education there are persisting challenges with efforts to improve opportunities for women in leadership This essential second edition of the Handbook of Research on Gender and Leadership comprises the latest research from the world s foremost scholars on women and leadership exposing problems and offering both theoretical and practical solutions on strengthening the impact of women worldwide **Research Handbook on Migration and Employment** Guglielmo Meardi,2024-07-05 This insightful Research Handbook presents a comprehensive overview of the core issues concerning the integration of migration and employment studies highlighting the interdisciplinary and global perspectives required to understand the complexity of labour migration After Positivism Nicholas Hoover Wilson,Damon Mayrl,2024-04-30 What is the value of comparison for research in historical sociology Today social scientists regularly express doubt about the positivist premises that have long justified comparison s use that cases can be unproblematically compared as though they are independent of one another that comparison can reliably yield valid causal inference and that comparative methods can grapple with questions of meaning sequence and process that are central to historical explanation Yet they remain reluctant to abandon comparison altogether not least because comparisons are still manifestly useful in the research process After Positivism presents a bold new set of warrants and methodologies for comparison that takes these criticisms fully into account The contributors to this book marshal a wide array of postpositivist approaches to knowledge to reconstruct the analytic potential of comparison for a new generation of social scientists In addition to providing fresh answers to classic questions about case selection and causal inference authors ponder the role comparison plays in a world where social phenomena are demonstrably time space and concept dependent where causation is typically conjunctural where social structures and groups emerge and die and where

important objects of inquiry can be understood only in terms of relationships emergent properties or contingent and irregular effects Engaging and timely this book will be of interest to all those who seek to improve our explanations of historical change in social scientific research **Problem-Solving Sociology** Monica Prasad,2021-10-01 In Problem Solving

Sociology Monica Prasad uses the traditions of sociological research to solve real world problems and uses the attempt to grapple with real world problems as a way to reformulate understandings of society and renew or reinvent those traditions

Causal Case Study Methods Derek Beach,Rasmus Brun Pedersen,2016-07-28 An introduction to causal case study methods complete with step by step guidelines and examples

Theorizing In Social Science The Context Of Discovery Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Theorizing In Social Science The Context Of Discovery PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Theorizing In Social Science The Context Of Discovery PDF books

and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Theorizing In Social Science The Context Of Discovery free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Theorizing In Social Science The Context Of Discovery Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Theorizing In Social Science The Context Of Discovery is one of the best book in our library for free trial. We provide copy of Theorizing In Social Science The Context Of Discovery in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Theorizing In Social Science The Context Of Discovery. Where to download Theorizing In Social Science The Context Of Discovery online for free? Are you looking for Theorizing In Social Science The Context Of Discovery PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Theorizing In Social Science The Context Of Discovery. This method for see exactly what may be included and adopt these ideas to your book. This site will almost

certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Theorizing In Social Science The Context Of Discovery are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Theorizing In Social Science The Context Of Discovery. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Theorizing In Social Science The Context Of Discovery To get started finding Theorizing In Social Science The Context Of Discovery, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Theorizing In Social Science The Context Of Discovery So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Theorizing In Social Science The Context Of Discovery. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Theorizing In Social Science The Context Of Discovery, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Theorizing In Social Science The Context Of Discovery is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Theorizing In Social Science The Context Of Discovery is universally compatible with any devices to read.
