Theory Of Legal Principles Law And Philosophy Library:

Theory of Legal Principles Humberto Avila, 2007-09-26 This book intends to help understand and apply principles and rules better Its target is to keep the distinction between principles and rules whereas structuring it on different foundations than those jurisprudence ordinarily employs The first object of investigation is the phenomenon of interpretation in Law in order to understand that the classification of certain normative species as either principles or rules depends in the first place on axiological connections that are not ready prior to the interpretation process that unveils them Then a definition of principles is proposed aiming to understand what their unique characteristics are when compared to other norms of the legal order Thirdly the conditions for the application of principles and rules are examined which are the normative applicative postulates It will be shown on one hand that principles not only explicit values but also set forth precise species of behaviors though indirectly on the other hand the creation of conducts by rules is also to be weighed even though the behavior set forth in advance may be overcome depending on the accomplishment of a few requirements That will surpass both the mere praise of values which does not create behaviors and the automatic application of rules A model is proposed to explain the normative species which includes structured weighing on the application process while encompassing substantive criteria of justice in its argument through the analytical reconstruction of the concrete use of normative postulates especially those of reasonableness and proportionality All of that is done with a focus on the ability of intersubjective control of the argumentation which often degenerates into capricious decisionism *A Theory of Legal Sentences* Manuel Atienza, J. Ruiz Manero, 1997-11-30 Legal statements are according to the authors the most basic elements of the law Nevertheless they must be considered not only as the pieces of a puzzle but also as the components of a dynamic and highly complex reality the law of contemporary society The book presents an analysis of the different types of legal statements mandatory rules principles power conferring rules definitions permissions values and the rule of recognition from a threefold perspective that is considering their logical structure their function in legal reasoning as reasons for action and their connections with the interests and power relationships among the individuals and the social groups The result is conceived as a first step in the building of a general theory of law designed not as an isolated discourse but as a decisive element for the dynamization of the legal culture The Principle of Legal Certainty in EC Law J. Raitio, 2013-03-14 The intertwinement of EC law and national law may create unforeseeability in situations where EC law invades the national cases which gives rise to the very question of legal certainty in EC law This study contributes to the contemporary discussion which wrestles with the following questions in particular What have been the visions and objectives for European integration in the last decades How to describe European Union as a political entity and a legal system What is the relationship between legal certainty rule of law various general principles and human rights What is the core of legal certainty on the basis of the case study What kind of legal arguments and patterns of justification are there from a comparative perspective How has the term legal certainty been

defined in the Nordic legal theory How predictable and acceptable are the interpretations of the European Court of Justice is it running wild Legal certainty relates to the principle of non retroactivity and the protection of legitimate expectations in particular but more profoundly it can be related to the conceptual scale for weighing up and balancing between formal justice and material fairness in legal decision making This scale is illustrated by presenting the terms formal factual and substantive legal certainty

The Concept of Ideals in Legal Theory Sanne Taekema, 2002-12-31 Talk about law often includes reference to ideals of justice equality or freedom But what do we refer to when we speak about ideals in the context of law This book explores the concept of ideals by combining an investigation of different theories of ideals with a discussion of the role of ideals in law A comparison of the theories of Gustav Radbruch and Philip Selznick leads up to a pragmatist theory of legal ideals which provides an interesting new position in the debate about values in law between legal positivists and natural law thinkers Attention for law s central ideals enables us to understand law s autonomous character while at the same time tracing its connection to societal values Essential reading for anyone interested in the role of values or ideals in law

Legal Argumentation Theory: Cross-Disciplinary Perspectives Christian Dahlman, Eveline T. Feteris, 2012-09-12 This book offers its readers an overview of recent developments in the theory of legal argumentation written by representatives from various disciplines including argumentation theory philosophy of law logic and artificial intelligence It presents an overview of contributions representative of different academic and legal cultures and different continents and countries The book contains contributions on strategic maneuvering argumentum ad absurdum argumentum ad hominem consequentialist argumentation weighing and balancing the relation between legal argumentation and truth the distinction between the context of discovery and context of justification and the role of constitutive and regulative rules in legal argumentation It is based on a selection of papers that were presented in the special workshop on Legal Argumentation organized at the 25th IVR World Congress for Philosophy of Law and Social Philosophy held 15-20 August 2011 in Frankfurt Germany

Theory of Legal Evidence - Evidence in Legal Theory Verena Klappstein, Maciej Dybowski, 2022-01-03 This book addresses theoretical problems concerning legal evidence The concept of evidence is expected to fulfill a number of distinct roles in science and philosophy but also in legal theory and law some of which are complementary while others are conflicting In their profession lawyers have to deal with evidence and proof Yet the legal concept of evidence is constantly changing and the debate concerning the distinction between a legal concept of evidence the ordinary concept of evidence and the concept of evidence in science is far from being settled What is more the problem of evidence is central to both epistemology and the philosophy of science and by extension to our academic thinking on law In short legal theorists interest in evidence may include such diverse objects as a bloody knife sensory data linguistic entities or psychologically recognized beliefs The book surveys selected theoretical roles that the concept of evidence plays and explores their relations and interconnections The content is divided into three parts investigating 1 evidence in epistemology and the philosophy of science which focuses on evidence

methodologies and the problem of proof in legal scholarship 2 evidence in legal theory and legal philosophy where particular attention is paid to the interplay between evidence legal reasoning and the binding force of such reasoning and 3 evidence in law where theoretical problems pertaining to witnesses expert opinions explanations of the accused statistical evidence and neuroscientific evidence are examined **Principled Reasoning in Human Rights Adjudication** Se-shauna

Wheatle, 2017-04-20 Implied constitutional principles form part of the landscape of the development of fundamental rights in common law jurisdictions affecting issues ranging from the remuneration of judges to the appropriation of property by the state Principled Reasoning in Human Rights Adjudication offers thematic analysis of the use of the implied constitutional principles of the rule of law and separation of powers in human rights cases The book examines the functions played by those principles in rights adjudication in Australia Canada the Commonwealth Caribbean and the United Kingdom It argues that a complete understanding of implied constitutional principles requires thoroughgoing analysis of the sources and methods of implication and of the specific roles played by such principles in the adjudicative process By disaggregating particular functions and placing those functions within their respective institutional contexts this book develops an understanding of the features of cases in which implied constitutional principles are invoked and the work done by those principles **The**

Rule of Law History, Theory and Criticism Pietro Costa, Danilo Zolo, 2007-05-06 Authors Costa and Zolo share the conviction that a proper understanding of the rule of law today requires reference to a global problematic horizon This book offers some relevant guides for orienting the reader through a political and legal debate where the rule of law and the doctrine of human rights is a concept both controversial and significant at the national and international levels *Legal*

Method and the Rule of Law Sebastián Urbina, 2002-08-31 We cannot see the world as it is because we face it in a contaminated vein That is our conceptual scheme and biological constitution condition our world view The legal normative world we are dealing with has some special features like the primacy of practical reason over theoretical reason and the primacy of the internal point of view over the external point of view Although it is not a feature of all legal traditions legal dogmatics is a privileged way of knowing legal normative object that is our legal orders But we are not undertaking as legal scholars an empiricist enterprise because among other reasons we are not interested in the reality in itself but in the relevant reality at least for us In this respect we do not only depend on theories like physicists but also on legal authoritative sources that is power and legitimacy Legal scholars and other participants in the legal life are not neutral observers of their own world trying to discover some hidden truth They are committed experts trying to describe justify and improve the legal order

Legal Institutions D.W. Ruiter, 2013-03-14 Building on his contributions to institutional legal theory in Institutional Legal Facts of 1993 Law and Philosophy Library volume 18 the author presents a comprehensive theory of legal institutions To that end the initial theoretical approach which mainly concentrated on problems connected with legal powers and legal acts acts in law is widened to allow for the development of a theory of legal judgements capable of accounting not only for

enacted but also unwritten law legal principles and customary law With the use of the concept of institutional legal facts the structure of legal institutions is analyzed in detail In addition to that a classification of legal institutions is provided Extensive attention is given to logical as well as doctrinal problems connected with a conception of legal validity as the mode of existence of legal conditions rather than as a value of legal norms similar to the truth of propositions The study results in an elaborate conceptual framework for institutional analysis of positive law In a final chapter the analytical potential of the framework is put to the test by applying it to the branch of public international law known as the law of treaties Readership Specialists in legal theory and lawyers interested in theoretical issues particularly in linguistic approaches and questions related to the institutional nature of law

The Tapestry of the Law E. Attwooll, 2013-11-11 Although its concern is jurisprudence *The Tapestry of the Law* is intended to offer neither an original theory of or about law nor an account of other people's theories in textbook form It is rather an attempt to approach the subject without following either of these conventions The reasons are as follows Those engaged in legal theory are prone to assert that one cannot properly understand the law unless one takes a jurisprudential approach preferably their own to it Equally those engaged in exposition of the law may counter that legal theory fails to pay adequate attention to actual law There is at least some truth in these claims Analyses courses and textbooks on both sides do often seem to be produced without reference to the other Yet such isolation is probably more apparent than real Most if not all so called black letter lawyers do operate on the basis of certain jurisprudential understandings even if these are not articulated ones In the frequently quoted words of F C S Northrop There are lawyers judges and even law professors who tell us they have no legal philosophy

The Invisible Origins of Legal Positivism W.E. Conklin, 2012-12-06 Conklin's thesis is that the tradition of modern legal positivism beginning with Thomas Hobbes postulated different senses of the invisible as the authorising origin of humanly posited laws Conklin re-reads the tradition by privileging how the canons share a particular understanding of legal language as written Leading philosophers who have espoused the tenets of the tradition have assumed that legal language is written and that the authorising origin of humanly posited rules norms is inaccessible to the written legal language Conklin's re-reading of the tradition teases out how each of these leading philosophers has postulated that the authorising origin of humanly posited laws is an unanalysable externality to the written language of the legal structure As such the authorising origin of posited rules norms is inaccessible or invisible to their written language What is this authorising origin Different forms include an originary author an a priori concept and an immediacy of bonding between person and laws In each case the origin is unwritten in the sense of being inaccessible to the authoritative texts written by the officials of civil institutions of the sovereign state Conklin sets his thesis in the context of the legal theory of the polis and the pre polis of Greek tribes The author claims that the problem is that the tradition of legal positivism of a modern sovereign state excises the experiential or bodily meanings from the written language of the posited rules norms thereby forgetting the very pre legal authorising origin

of the posited norms that each philosopher admits as offering the finality that legal reasoning demands if it is to be authoritative

The Concept of Rights George W. Rainbolt, 2006-07-08 Discussions of rights are ubiquitous One constantly hears things such as The Chinese are violating Tibetan rights Landlords have a right that their tenants pay their rent Students have a right to be graded fairly Animals have a right not to suffer merely to bring pleasure to humans Abortion violates a fetus right to life We violate the rights of future generations when we pollute the water These statements assert that Tibetans landlords students animals fetuses and future generations all have rights Tibetans landlords students animals fetuses and future generations do not seem to have much in common When one presses for clarity it is very difficult to say precisely what a right is What is it to have a right That is the question this book seeks to answer To paint with an overly broad brush previous answers to this question can be divided into two groups Some hold interest benefit theories of rights while others hold choice will theories of rights Perhaps the first person to propose an interest benefit theory was Jeremy Bentham Its most cited contemporary defender is Joseph Raz The seminal statement of the choice theory was made by H L A Hart Carl Wellman is perhaps the most able defender of a will theory of rights The debate between these two groups of theories has been a productive one

The Legal Essays of Michael Bayles W.L. Robison, 2002-06-30 The legal essays by Michael Bayles in this collection display his commitment to utilitarianism both as a moral theory and an analytical device A utilitarian must choose between the best of all possible alternatives and so must lay out the alternatives and thus their consequences carefully and completely As it happens there is no better way of understanding why something is as it is in the law and no better way to lay the foundations for criticism and improvement than to lay out what the alternatives are carefully distinguishing them their justifications and their implications for changing other areas of the law and for changing our relation to the law Bayles was a master at such work and each essay thus repays careful study for anyone concerned about the law The essays cover a wide variety of topics from contract law to the criminal law from torts to theory and form a natural set Laying out the alternatives in one area makes it much clearer how and why alternatives in other areas are acceptable or required Interconnections within the legal system as a whole not readily visible when studying one area of the law become obvious when several are laid out side by side using the analytical skill required by a good utilitarian

Essays in Legal Theory Robert Summers, 2013-11-11 As I explain in the introduction this is the third in a series of collections of my previously published essays in legal theory All of the essays here but three have been revised for this volume I now wish to record my gratitude and indebtedness to various persons I am most indebted and grateful to my wife Dorothy Kopp Summers to whom I dedicate this book I also wish to record my gratitude for his interest and patience to Hendrik Jan van Leusen of Kluwer Academic Publishers He strongly encouraged me to put this collection together and without his efforts it certainly would not have appeared in this timely fashion I also wish to thank his successor Sabine Wesseldijk for assistance In the course of my academic career I have benefitted greatly from the many Cornell Law School students serving as my research

assistants I have also been privileged to have the fine aid of many Cornell Law School secretaries and administrative assistants. Foremost here is Mrs Pamela Finnigan who has so ably seen this collection put together from start to finish.

Conceptual Jurisprudence Jorge Luis Fabra-Zamora, Gonzalo Villa Rosas, 2021-09-01 This book brings together leading legal theorists to present original philosophical work on the concept of law, the central question of jurisprudence. It covers five broad topics: firstly it addresses debates concerning the methodology of jurisprudence. In Part II it focuses on the notion of a legal system and its coercive nature, while Part III explores the relationships between law and morality, the traditional point of contention between positivist and non-positivist theories of law. Part IV then examines questions regarding law's normative character and relationships with practical reason. Lastly, the final part introduces two novel theoretical approaches to conceptual jurisprudence.

Methods of Legal Reasoning Jerzy Stelmach, Bartosz Brozek, 2006-09-03 Anyone reflecting on the methodology of legal reasoning faces a difficult task. The number of methodological theories in jurisprudence and the vast literature on the subject are not the only problems that have to be taken into account. Perhaps the most striking difficulty concerning the methodology of legal argument is the heated debate between jurists, legal theorists and philosophers of law that has been recurring since at least nineteenth century. Therefore a justification is needed for writing yet another book concerning the methods of legal reasoning, a book that aims to cover a lot of what has already been proposed in legal theory. We believe that there is such a justification. First, the perspective that we adopt in the present book is unique at least in some respects. We venture to look at the methodology of legal reasoning from the outside, i.e. from a more general philosophical perspective while taking into account the hardness of law. This perspective enables us to ask questions about the justification for the methods of legal argument presented. Second, we do not want to defend one paradigmatic conception of legal reasoning. On the contrary, we put forward the thesis that there is a plurality of argumentative methods. The plurality, however, does not lead to relativism in legal decision making. Third, we reject any hierarchy of the methods of legal reasoning and take the view that one can speak only of the precision and flexibility of different methodologies.

Interpretation without Truth Pierluigi Chiassoni, 2019-06-12 This book engages in an analytical and realistic enquiry into legal interpretation and a selection of related matters including legal gaps, judicial fictions, judicial precedent, legal defeasibility and legislation. Chapter 1 provides an outline of the central theoretical and methodological tenets of analytical realism. Chapter 2 presents a conceptual apparatus concerning the phenomenon of legal interpretation which it subsequently applies to investigate the truth in legal interpretation issues. Chapters 3 to 6 argue for a theory of legal interpretation, pragmatic realism, by outlining a theory of interpretive games, revisiting the debate between literalism and contextualism in contemporary philosophy of language and underscoring the many shortcomings of the container retrieval view and pragmatic formalism. In turn, Chapter 7, focusing on comparative legal theory, advocates an interpretation-sensitive theory of legal gaps as opposed to purely normativist ones. Chapter 8 explores the connection between judicial reasoning and judicial fictions, casting light on the

structure and purpose of fictional reasoning Chapter 9 provides an analytical enquiry into judicial precedent examining a variety of ideal typical systems in terms of their normative or de iure relevance Chapter 10 addresses defeasibility and legal indeterminacy In closing Chapter 11 highlights the central tenets of a realistic theory of legislation

Subject Guide to Books in Print, 1996 *Neutrality and Theory of Law* Jordi Ferrer Beltrán, José Juan Moreso, Diego M.

Papayannis, 2013-04-03 This book brings together twelve of the most important legal philosophers in the Anglo American and Civil Law traditions The book is a collection of the papers these philosophers presented at the Conference on Neutrality and Theory of Law held at the University of Girona in May 2010 The central question that the conference and this collection seek to answer is Can a theory of law be neutral The book covers most of the main jurisprudential debates It presents an overall discussion of the connection between law and morals and the possibility of determining the content of law without appealing to any normative argument It examines the type of project currently being held by jurisprudential scholarship It studies the different approaches to theorizing about the nature or concept of law the role of conceptual analysis and the essential features of law Moreover it sheds some light on what can be learned from studying the non essential features of law Finally it analyzes the nature of legal statements and their truth values This book takes the reader a step further to understanding law

Theory Of Legal Principles Law And Philosophy Library Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has are more evident than ever. They have the ability to inspire, provoke, and ignite change. Such may be the essence of the book **Theory Of Legal Principles Law And Philosophy Library**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book is key themes, examine its writing style, and analyze its overall affect readers.

Theory Of Legal Principles Law And Philosophy Library Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Theory Of Legal Principles Law And Philosophy Library free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Theory Of Legal Principles Law And Philosophy Library free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Theory

Of Legal Principles Law And Philosophy Library free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Theory Of Legal Principles Law And Philosophy Library. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Theory Of Legal Principles Law And Philosophy Library any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Theory Of Legal Principles Law And Philosophy Library Books

What is a Theory Of Legal Principles Law And Philosophy Library PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Theory Of Legal Principles Law And Philosophy Library PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Theory Of Legal Principles Law And Philosophy Library PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Theory Of Legal Principles Law And Philosophy Library PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Theory Of Legal Principles Law And Philosophy Library PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf,

ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
