There Is Only The Earth Images From The Armenian Diaspora Project:

Armenians Beyond Diaspora Tsolin Nalbantian, 2019-12-05 **Global Diasporas** Robin Cohen, 2022-07-08 Following its initial publication in 1997 *Global Diasporas An Introduction* was central to the emergence of diaspora studies and quickly established itself as the leading textbook in the field This expanded and fully revised 25th anniversary edition adds two new chapters on incipient diasporas and diaspora engagement while carefully clarifying the changing meanings of the concept of diaspora and incorporating updated statistics and new interpretations seamlessly into the original text The book has also been made more student friendly with illustrations thought provoking questions and guides to further reading The book features insightful case studies and compares a wide range of diasporas including Jewish Armenian African Sikh Chinese British Indian Lebanese Afghan and Caribbean peoples This edition also retains Cohen s rich historical and sociological descriptions and clear yet elegant writing as well as his modified concept of diasporic rope linking different features of diasporas This updated edition of the definitive textbook in the field will be an indispensable guide for students and instructors seeking to explore the complex issues of diaspora migration and identity *We Are All Armenian* Aram Mrjoian, 2023-03-14 A collection of essays about Armenian identity and belonging in the diaspora In the century since the Armenian Genocide Armenian survivors and their descendants have written of a vast range of experiences using storytelling and activism two important aspects of Armenian culture Wrestling with questions of home and self diasporan Armenian writers bear the burden of repeatedly telling their history as it remains widely erased and obfuscated Telling this history requires a tangled balance of contextualizing the past and reporting on the present of respecting a culture even while feeling lost within it *We Are All Armenian* brings together established and emerging Armenian authors to reflect on the complications of Armenian ethnic identity today These personal essays elevate diasporic voices that have been historically silenced inside and outside of their communities including queer multiracial and multiethnic writers The eighteen contributors to this contemporary anthology explore issues of displacement assimilation inheritance and broader definitions of home Through engaging creative nonfiction many of them question what it is to be Armenian enough inside an often unacknowledged community *Finding Identity Through Directing* Soseh Yekanians, 2020-05-10 *Finding Identity through Directing* is a practice led autoethnographical monograph that provides an in depth exploration into the field of theatre directing and an individual s endless creative pursuit for belonging The book specifically examines how a culturally displaced individual may find a sense of identity through their directing and addresses the internal struggles of belonging acceptance and Self that are often experienced by those who have confronted cultural unhoming The first half of the story scrutinises Dr Yekanians own identity as an Iranian born Armenian Australian and how she struggled with belonging growing up in a world that for the most part was unaccepting of her differences The second half looks at how theatre directing aided her re discovery of Self While evidence shows that within the past decade there has been a growing interest in the vocation of

theatre directing embarking on a career within this field while exciting can often be a daunting and experimental vocation Finding Identity through Directing questions this conundrum and specifically asks in a competitive artistic profession that is rapidly developing what attracts an individual to the authoritative role of the director and what are the underlying motivations of this attraction By uncovering that there is more to the role of the director than the mere finality of a production we can observe that the theatre is a promising setting for cultural exchanges in dialogue and for personal development Theatre directing as the vehicle for these expansions and progressions of self can potentially address the internal struggles of identity often experienced by those who in some form have encountered cultural displacement
