

A serene sunset scene over the ocean. The sky is a warm, golden-orange color, transitioning into a darker blue as it meets the horizon. The ocean is filled with gentle waves, their crests catching the low light of the setting sun. In the foreground, dark, silhouetted rocks or a shoreline are visible, with waves breaking against them, creating white foam. The overall mood is peaceful and contemplative.

It has been said that there
is no such thing as
coincidence in this world.

Alexia responsible Can she figure out what is actually happening to London s high society Will her soulless ability to negate supernatural powers prove useful or just plain embarrassing Finally who is the real enemy and do they have treacle tart

SOULLESS is a comedy of manners set in Victorian London full of werewolves vampires dirigibles and tea drinking Book 2

CHANGELESS Alexia Tarabotti the Lady Woolsey awakens in the wee hours of the mid afternoon to find her husband who should be decently asleep like any normal werewolf yelling at the top of his lungs Then he disappears leaving her to deal with a regiment of supernatural soldiers encamped on her doorstep a plethora of exorcised ghosts and an angry Queen Victoria But Alexia is armed with her trusty parasol the latest fashions and an arsenal of biting civility Even when her investigations take her to Scotland the backwater of ugly waistcoats she is prepared upending werewolf pack dynamics as only the soulless can She might even find time to track down her wayward husband if she feels like it Book 3

BLAMELESS Quitting her husband s house and moving back in with her horrible family Lady Maccon becomes the scandal of the London season Queen Victoria dismisses her from the Shadow Council and the only person who can explain anything Lord Akeldama unexpectedly leaves town To top it all off Alexia is attacked by homicidal mechanical ladybugs indicating as only ladybugs can the fact that all of London s vampires are now very much interested in seeing Alexia quite thoroughly dead While Lord Maccon elects to get progressively more inebriated and Professor Lyall desperately tries to hold the Woolsey werewolf pack together Alexia flees England for Italy in search of the mysterious Templars Only they know enough about the preternatural to explain her increasingly inconvenient condition but they may be worse than the vampires and they re armed with pesto
