Mark Hegele,2023-02-02 Don t the persistent little setbacks aggravations and pressures of life sometimes drive you kind of crazy You know that piling on effect that after all is usually the real source of most of the stress in our lives And what if all

those perpetual pressures only culminate in one horrifying life threatening tragedy that brings you and your family to your knees That s the kind of thing that often leads to the desperate moment when a person cries out in anger God are you still there Or more importantly it begs the question Does God if there is a God even know that you are still here That s the story of David Tabor s life one that had so much potential but which was rocked by so many compounding stressful frustrations When a family tragedy brings him to his knees he snaps Everything that he hoped he knew about God and the purpose of life and the great unknown is suddenly called into question with an amazing answer waiting for him where he least expected to find it This captivating story encompasses all the things that make all of us vulnerable uneasy about the future and maybe even a little scared to know the answer to the title question But there is comfort and revelation in the simple and poignant wisdom of a seasoned old pastor and miraculous truth in the quiet and life changing discovery of the answer to the question God are you still there Tim Parish Senior Pastor New Life Church Louisville KY A page turner that will capture the attention of the seeker and the mature in faith alike Thoughtful and enlightening suspenseful and entertaining to the end I couldn t put it down Dr Justin Velez Hagan Ph D Economist and Economic Advisor Washington D C
