[We Will All Go Down Together](#) Gemma Files,2020-10-13 A vivid haunting mix of horror and fantasy woven together through a complex fugue of short stories from the award winning author of Kissing Carrion Entertainment Weekly One of Canada's most acclaimed horror writers Gemma Files presents a mosaic of interconnected stories about interconnected families After fleeing Scotland five clans settled in the fictional town of Dourvale in northern Ontario Known as the Five Family Coven they are the descendants of witches and witch children none of whom were spared persecution in their native country Now shamans spellcasters singers and thieves the members of the Devize Druir Glouwer Roke and Rusk families survive by trading their occult powers and talents though few can really afford their price What makes We Will All Go Down Together so riveting isn't its ideas or imagery as richly atmospheric and detailed as they are It's the author's voice Colorful powerful and charismatic her characters are rendered in bold strokes and poignant nuances Her book is a short story collection true but it

also works as a dark fractured mosaic of a novel Across continents and centuries the ghost magic of Dourvale still cuts and pastes the fabric of reality With her ghostly magical storytelling Files does the same NPR org Praise for Gemma Files Gemma Files s stories are always so smart and humane and overwhelm the reader with a true sense of wonder awe and horror She is simply put one of the most powerful and unique voices in weird fiction today Paul Tremblay award winning author of A Head Full of Ghosts One of the genre s most original and innovative voices Los Angeles Review of Books *No Sacred Cows* David G. McAfee,Yvette d'Entremont,2017-08-22 While belief in religious supernatural claims is waning throughout the West evidence suggests belief in nonreligious supernatural claims is on the rise What explains this contradiction How can a society with a falling belief in God have a rising belief in ghosts psychic powers ancient astronauts and other supernatural or pseudo scientific phenomena Taking the same anthropological approach he employed in his notable studies of religion atheist author and activist David G McAfee turns his attention to nonreligious faith based claims Whether going undercover as a medium getting tested at Scientology headquarters in Los Angeles or interviewing celebrity paranormalists and famous skeptics he leaves no stone unturned in his investigation As in the case of religion he finds an unwillingness among believers to critically examine their most closely held convictions Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts and that our decisions as a society are based on the best available evidence Synchronicity: One Man's Experience Aaron Garrison,2013-10-06 He first noticed the coincidences sometime in 2007 Small trifling things really involving certain repeat numbers but they didn t stop and they refused to be ignored As it turned out he wasn t alone Other people were seeing the numbers The coincidences even had a name synchronicity Meet Aaron Garrison an ordinary man who found himself at the center of this strange cyclone You probably don t know him nor should you have reason to But he has a story to tell a tale too big for words A work of non fiction the book follows Garrison s adventures in the global phenomenon known as synchronicity including his six year long experiment and its results Join Garrison for a mind expanding journey starting with the smallest coincidences and ending at the biggest possibilities with stopovers in the miraculous and the hilarious See synchronicity put into living terms through one man s humble experience
