Canadians simply don't understand the province most Canadians love to hate. It is regarded as a land of reckless redneck and ignorant individualists. But it is also the province where the Famous Five fought the landmark Person's Case giving Canadian women the same status as men in the eyes of the law, a province that truly believes in free speech. Albertans tolerate in their midst people whose extreme views on any manner of subjects would make them outcasts elsewhere. And Albertans practice the creed of western neighbourliness giving assiduously to charity and always lending a hand where help is needed. They are a tough tender bunch squinting into the wind of determined difference. If you're an Albertan you'll recognize yourself and your home in this book. If you're not an Albertan this book will be an education for you. Mavericks will open your eyes to the real Alberta as she was and is.
