Mustang the Inspiration Philip Kaplan, 2013-02-19 If it looks right it will probably fly right a tired old saying among airmen but one that persists Think if you will of the handful of aeroplanes that most people would probably agree are the best looking examples of all The list is short but distinguished and the proof is in the enthusiastic common view of most pilots who have flown them for nearly all it was love at first sight and first flight For most that little list includes the Vickers Supermarine Spitfire the Douglas DC 3 the Hawker Hunter the Lockheed Constellation the Concord and the North American Mustang Of these the Spitfire and Mustang stand out and remain extra special to the majority of pilots who have been privileged to fly them One common thread exists among those who have experienced both of these fine machines an opinion that seems to hold up even after a lifetime of flying the best the aviation design community has created While the Spitfire may have a slight edge in light touch handling if I have to go to war in one type Ill take the Mustang every time This comprehensive account of the Mustang aircraft charts the operational history of the craft and also relays a the personal stories and experiences of the men who flew the Cadillac of the skies as it has been described A vivid and enthralling history set to appeal to aviation enthusiasts looking for more than just a mere operational history of the Mustang s exploits

The Aztec Eagles Walte Zapotoczny Jr, 2019-12-08 Few would list Mexico as an ally of the US during the Second World War Sadly Mexico s aid to the US has been largely ignored by historians and is mostly absent from American history books When Mexican aviators had the opportunity to show their courage in battle they did so with valour General Douglas MacArthur commended the pilots and 150 support personnel The thirty one pilots of Mexican Expeditionary Force 201st Fighter Squadron flew missions supporting troops in the Philippines and sorties over Formosa The Aztec Eagles helped the Allies defeat Japan end the isolationism of Mexico and paved the way for important agreements between the United States and Mexico They helped modernise the Mexican Air Force and demonstrated that Mexico could mount a successful expeditionary force Significant as these achievements were perhaps the unit s most important legacy is that the Aztec Eagles fought for dignity creating pride throughout their homeland That pride endures and is evident today as the story of the Aztec Eagles can be heard across the nation
