The Restructuring Of American Religion

Robert Wuthnow

The Restructuring Of American Religion:

The Restructuring of American Religion Robert Wuthnow, 2021-02-09 The description for this book The Restructuring of American Religion Society and Faith since World War II will be forthcoming

The Restructuring of American Religion Robert Wuthnow, 1988 A study of developments in modern American religion examines the interaction between religion and politics that has occurred in the years since World War II the polarization of religious dogma and the rise of special interest groups

Modern American Religion, Volume 2 Martin E. Marty, 1997-06-21 In this second volume of two tracing the history of 20th century American religion Martin E Marty tells the story of how America has survived religious disturbances and culturally prospered from them

American Grace Robert D. Putnam, David E. Campbell, 2010-10-05 American Grace is a major achievement a groundbreaking examination of religion in America Unique among nations America is deeply religious religiously diverse and remarkably tolerant But in recent decades the nation's religious landscape has been reshaped America has experienced three seismic shocks say Robert Putnam and David Campbell In the 1960s religious observance plummeted Then in the 1970s and 1980s a conservative reaction produced the rise of evangelicalism and the Religious Right Since the 1990s however young people turned off by that linkage between faith and conservative politics have abandoned organized religion The result has been a growing polarization the ranks of religious conservatives and secular liberals have swelled leaving a dwindling group of religious moderates in between At the same time personal interfaith ties are strengthening Interfaith marriage has increased while religious identities have become more fluid Putnam and Campbell show how this denser web of personal ties brings surprising interfaith tolerance notwithstanding the so called culture wars American Grace is based on two of the most comprehensive surveys ever conducted on religion and public life in America It includes a dozen in depth profiles of diverse congregations across the country which illuminate how the trends described by Putnam and Campbell affect the lives of real Americans Nearly every chapter of American Grace contains a surprise about American religious life Among them Between one third and one half of all American marriages are interfaith Roughly one third of Americans have switched religions at some point in their lives Young people are more opposed to abortion than their parents but more accepting of gay marriage Even fervently religious Americans believe that people of other faiths can go to heaven Religious Americans are better neighbors than secular Americans more generous with their time and treasure even for secular causes but the explanation has less to do with faith than with their communities of faith Jews are the most broadly popular religious group in America today American Grace promises to be the most important book in decades about American religious life and an essential book for understanding our nation today

Christianity in the Twenty-first Century Robert Wuthnow, 1995-04-13 In the year 2000 and beyond what will the church be like What challenges will it face Will the church be able to provide a strong sense of community Will it be an ethical force in the lives of Americans And what role will religion play in politics and in the marketplace In *Christianity in the 21st Century* Robert Wuthnow reflects

on these provocative questions as he seeks to identify changes that are taking place now in American society that churches must address if they are to remain vital in the future He foresees five critical areas institutional ethical doctrinal political and cultural in which major challenges will arise then meets the thorny issues head on How will churches resource bases their very identity and their capacity to carry on their spiritual traditions be altered till they continue to function as sources of caring in a needy world What impact will the resurgence of fundamentalism have and how will moderate and liberal congregations react How will the political activities of churches influence their capacity to be heard in the public arena and what will the impact be of pluralism and the prevailing materialism of our society Drawing on a wide range of first hand observations and research Wuthnow demonstrates that in each of these five areas people of faith have strong reasons to enter the next century with confidence in their religious institutions But he also highlights worrisome signs and points to specific areas that need to be addressed to ensure the continuing vitality for Christianity in America not least among these are the rampant individualism that erodes spiritual communities and the religious infighting that diminishes the Christian sense of unity The onset of a new millennium affords a historic opportunity to take stock of the present situation and to plan for the future in the years ahead much reflection is likely to occur about all our major institutions Christianity in the 21st Century aims to contribute to those reflections by offering a sobering realistic and ultimately hopeful assessment of where the church is now and where the church is headed

The Rhetoric of American Civil Religion Jason A. Edwards, Joseph M. Valenzano III, 2016-09-30 The tie that binds all Americans regardless of their demographic background is faith in the American system of government This faith manifests as a form of civil or secular religion with its own core documents creeds oaths ceremonies and even individuals In *The Rhetoric of American Civil Religion* Symbols Sinners and Saints contributors seek to examine some of those core elements of American faith by exploring the proverbial saints sinners and dominant symbols of the American system

The Anthem Companion to Robert N. Bellah Matteo Bortolini, 2019-06-28 The Anthem Companion to Robert N Bellah is the first major collection of essays on the life and work of Robert N Bellah 1927 2013 one of the foremost sociologists of religion of the twentieth century Bellah s work was central to many fields the sociology of Japanese religion the relationship between sociology and the humanities the relationship between American religion and politics the cultures of modern individualism evolution and society Bellah s seminal work on civil religion in the early 1970s created a huge debate across the disciplines that continues into the present times his coauthored book *Habits of the Heart* 1985 was a best seller and the object of sustained discussion in the general public sphere his last magnum opus *Religion in Human Evolution* published at 84 was a monument to an extraordinary scholarly and intellectual career The object of this collection of essays by top American and European scholars from the social sciences and humanities is to highlight the richness of Bellah s work Each essay has a double character it introduces a single topic in an accessible and complete way and then presents a reflection on the viability and import of Bellah s ideas for interpreting contemporary

phenomena *The Story That Chooses Us* George R. Hunsberger, 2015-04-15 *Religion Returns to the Public Square* Hugh Heclo, Wilfred M. McClay, 2003-02-28 Despite talk of a naked public square religion has never really lost its place in American public life As the twenty first century opened it was re emerging in unexpected and paradoxical ways Religious institutions were considered for expanded roles in welfare and education at the same time that the limits of religious pluralism as for example in the relation of Islam to American values became a question of urgent public concern Religion Returns to the Public Square Faith and Policy in America explores how and why religion has to be mixed up with American politics Uncovering philosophical historical legal and social roots of this relationship these essays go beyond hot button issues to reflect on the current interactions and future possibilities of religion and politics in America **Religion, Culture and Politics in the Twentieth-Century United States** Mark Hulsether, 2007-05-31 Anyone who seeks to understand the dynamics of culture and politics in the United States must grapple with the importance of religion in its many diverse and contentious manifestations With conservative evangelicals forming the base of the Republican Party racial ethnic communities often organised along religious lines and social political movements on the left including major religious components many of the country's key cultural political debates are carried out through religious discourse Thus it is misleading either to think of the US as a secular society in which religion is marginal or to work with overly narrow understandings of religion which treat it as monolithically conservative or concerned primarily with otherworldly issues In this volume Mark Hulsether introduces the key players and offers a select group of case studies that explore how these players have interacted with major themes and events in US cultural history Students in American Studies and Cultural Studies will appreciate how he frames his analysis using categories such as cultural hegemony race and gender contestation popular culture and empire Key Features Provides a concise introduction to the field Balances a stress on religious diversity with attention to power conflicts within multiculturalism Dramatizes the internal complexity and dynamism of religious communities Brings religious issues into the field of cultural studies building bridges that can enable more informed and constructive discussion of religion in these fields Provides an integrated view of religion and its importance in recent US history *Civil Islam* Robert W. Hefner, 2011-05-21 Civil Islam tells the story of Islam and democratization in Indonesia the world's largest Muslim nation Challenging stereotypes of Islam as antagonistic to democracy this study of courage and reformation in the face of state terror suggests possibilities for democracy in the Muslim world and beyond Democratic in the early 1950s and with rich precedents for tolerance and civility Indonesia succumbed to violence In 1965 Muslim parties were drawn into the slaughter of half a million communists In the aftermath of this bloodshed a New Order regime came to power suppressing democratic forces and instituting dictatorial controls that held for decades Yet from this maelstrom of violence repressed by the state and denounced by conservative Muslims an Islamic democracy movement emerged strengthened and played a central role in the 1998 overthrow of the Soeharto regime In 1999 Muslim leader Abdurrahman Wahid was elected

President of a reformist civilian government In explaining how this achievement was possible Robert Hefner emphasizes the importance of civil institutions and public civility but argues that neither democracy nor civil society is possible without a civilized state Against portrayals of Islam as inherently antipluralist and undemocratic he shows that Indonesia s Islamic reform movement repudiated the goal of an Islamic state mobilized religiously ecumenical support promoted women s rights and championed democratic ideals This broadly interdisciplinary and timely work heightens our awareness of democracy s necessary pluralism and places Indonesia at the center of our efforts to understand what makes democracy work Religion and American Politics : From the Colonial Period to the 1980s Mark A. Noll Professor of History Wheaton College,1989-11-09

How do religion and politics interact in America Why is it that at certain periods in American history religious and political thought have followed a parallel course while at other times they have moved in entirely different directions To what extent have minority perspectives challenged the majority position on the religious and political issues that impinge on each other These are among the many important and fascinating questions examined in this book the first thorough historical survey of the multi layered connections between religion and politics in the United States This unique collection presents previously unpublished essays by seventeen of America s leading historians and social scientists including John Murrin Harry Stout John F Wilson Daniel Walker Howe Bertram Wyatt Brown Robert Swierenga Martin Marty Robert Wuthnow and George Marsden Together these distinguished contributors provide comprehensive coverage of the historical interaction between religion and politics in America from the colonial and Revolutionary periods with intense commitments to and disagreements over religion through the evangelical Protestant ascendancy that marked the nineteenth century to the growing pluralism and heightened antagonism between liberal and conservative factions that typify our own era *The Religion and Theology Student Writer's Manual and Reader's Guide* Joel Hopko, Gregory M. Scott, Stephen M. Garrison, 2017-11-02 The Religion Student Writer s Manual and Reader s Guide is a set of instructions and exercises that sequentially develop citizenship academic and professional skills while providing students with knowledge about a wide range of religious concepts phenomena and information sources Part 1 begins by teaching students about reading and writing in introductory religion It focuses on the crafts of writing and scholarship by providing the basics of grammar style formats and source citation and then introduces students to a variety of rich information resources including the religious journals and the Library of Congress Part 2 prepares students to research read write review and critique religious scholarship Finally Part 3 provides for the practice of religious scholarship in advanced courses such as the history of religion and contemporary approaches to the study of religion **The Presbyterian Predicament** Milton J. Coalter, John M. Mulder, Louis Weeks, 1990-01-01 In this volume six prominent writers from different disciplines strive to analyze the Presbyterian predicament and to offer solutions The authors each approach this theme from a different angle resulting in a varied and highly informative look at the state of the Presbyterian Church Through its examination of American Presbyterianism the Presbyterian Presence series illuminates

patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century The Empty Church Thomas Reeves, 1998-01-07 At a time when Americans are searching for spiritual and moral renewal millions of parishioners are abandoning the churches that once embodied the very values they seek The Empty Church offers the first cogent explanation of why this has occurred and tells what can be done about it **American Protestants and TV in the 1950s** M. Rosenthal, 2007-10-01 Americans in the 1950s faced the challenge of negotiating the new medium's place in the home and in American culture in general Using the American Protestant experience of the introduction of television Rosenthal illustrates the importance of the interplay between a new medium and its users **Recognizing The Latino Resurgence In U.s. Religion** Ana Maria Diaz-stevens, 2018-02-12 This book delivers a knockout blow to the old notion that Latinos and Latinas are just another immigrant group waiting to be assimilated Taking as analogy the scriptural episode of Emmaus in which Jesus walked unrecognized alongside his disciples the authors detail how after nearly a century of unrecognized presence the nations more than 25 million Latinos and Latinas began in 1967 to use religion as a major source of the social and symbolic capital to fortify their identity in American society Ana Mara Daz Stevens and Anthony M Stevens Arroyo describe how this Latino Religious Resurgence has created a church based model of multicultural pluralism that challenges the current trend of U S politics Emmaus is the biblical episode that recounts how the disciples who had been unable to recognize the resurrected Jesus even as he traveled with them finally come to know him as their Lord through his inspirational conversation In this major new work exploring Latino religion Ana Mara Daz Stevens and Anthony M Stevens Arroyo compare a century old presence of Latinos and Latinas under the U S flag to the Emmaus account They convincingly argue for a new paradigm that breaks with the conventional view of Latinos and Latinas as just another immigrant group waiting to be assimilated into the U S The authors suggest instead the concept of a colonized people who now are prepared to contribute their cultural and linguistic heritage to a multicultural and multilingual America The first chapter provides an overview of the religious and demographic dynamics that have contributed a specifically Latino character to the practice of religion among the 25 million plus members of what will become the largest minority group in the U S in the twenty first century The next two chapters offer challenging new interpretations of tradition and colonialism blending theory with multiple examples from historical and anthropological studies on Latinos and Latinas The heart of the book is dedicated to exploring what the authors call the Latino Religious Resurgence which took place between 1967 and 1982 Comparing this period to the Great Awakenings of Colonial America and the Risorgimento of nineteenth century Italy the authors describe a unique combination of social and political forces that stirred Latinos and Latinas nationally Utilizing social science theories of social movement symbolic capital generational change a new mentality and structuration the authors explain why Latinos and Latinas who had been in the U S all along have only recently come to be recognized as major contributors to American religion The final chapter paints an optimistic role for religion casting it as a binding force in urban life and an important

conduit for injecting moral values into the public realm Offering an extensive bibliography of major works on Latino religion and contemporary social science theory Recognizing the Latino Resurgence in U S Religion makes an important new contribution to the fields of sociology religious studies American history and ethnic and Latino studies The Abrahamic Encounter Mazhar Jalil,Norman Hosansky,Paul D. Numrich,2016-12-08 In these times of increasingly contentious politics and uncivil discourse in the United States the ongoing encounter of adherents of the Abrahamic faiths in the American heartland offers a model of positive interfaith relations Edited by a Muslim a Jew and a Christian this volume describes the three goals of the Central Ohio Abrahamic encounter Enhancing mutual understanding and relationships disseminating accurate information about the three major Abrahamic traditions Judaism Christianity and Islam and contributing to the general betterment of society Here is a local story that can inform even inspire other communities across the country and around the globe Topics include beliefs scripture and interpretation historical illustrations and legacies contemporary challenges and possibilities and group dynamics especially majority minority relationships among American Christians Jews and Muslims This volume will appeal to the growing audience for interfaith resources The inclusion of several essays by noted religious scholars and leaders chosen for their significance to the Central Ohio Abrahamic encounter sets this volume apart from other publications on local initiatives It is well suited for individual or group study in churches synagogues mosques and interfaith organizations and can be assigned for undergraduate and graduate seminary courses on Abrahamic relations or interfaith relations generally **The Challenge of American History** Louis P. Masur,1999-05-20 In The Challenge of American History Louis Masur brings together a sampling of recent scholarship to determine the key issues preoccupying historians of American history and to contemplate the discipline s direction for the future The fifteen summary essays included in this volume allow professional historians history teachers and students to grasp in a convenient and accessible form what historians have been writing about *The Oxford History of Protestant Dissenting Traditions, Volume IV* Jehu J. Hanciles,2019-03-07 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations Volume IV examines the globalization of dissenting traditions in the twentieth century During this period Protestant Dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin Covering Africa Asia the Middle East America Europe Latin America and the Pacific this collection provides detailed

examination of Protestant Dissent as a globalizing movement Contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time This authoritative overview unambiguously reveals that Dissent was transformed as it travelled

Whispering the Strategies of Language: An Emotional Journey through **The Restructuring Of American Religion**

In a digitally-driven earth wherever displays reign supreme and quick connection drowns out the subtleties of language, the profound secrets and mental nuances hidden within words often get unheard. However, set within the pages of **The Restructuring Of American Religion** a charming literary value sporting with organic feelings, lies an exceptional quest waiting to be undertaken. Composed by a skilled wordsmith, this wonderful opus encourages viewers on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the fabric of every word. Within the psychological depths of the touching evaluation, we shall embark upon a genuine exploration of the book's primary subjects, dissect their fascinating publishing type, and fail to the powerful resonance it evokes heavy within the recesses of readers' hearts.

The Restructuring Of American Religion Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Restructuring Of American Religion has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Restructuring Of American Religion has opened up a world of possibilities. Downloading The Restructuring Of American Religion provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Restructuring Of American Religion has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Restructuring Of American Religion. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Restructuring Of American Religion. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Restructuring Of American Religion, users should also consider the potential security risks associated with online platforms. Malicious actors may

exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Restructuring Of American Religion has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Restructuring Of American Religion Books

1. Where can I buy The Restructuring Of American Religion books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Restructuring Of American Religion book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
