The Right And The Good The Right And The Good

Leo Zaibert

The Right And The Good The Right And The Good:

The Right and the Good William David Ross, 2002 The Right and the Good a classic of twentieth century philosophy by the great scholar Sir David Ross is now presented in a new edition Ross's book originally published in 1930 is the pinnacle of ethical intuitionism which was the dominant moral theory in British philosophy for much of the nineteenth and early twentieth century The central concern of the book is with rightness and goodness and their relation Ross argues against notable rival ethical theories The right act he held cannot be derived from the moral value of the motive from which it is done Furthermore rightness is not wholly determined by the value of the consequences of one's action whether this value is some benefit for the agent or some agent neutral good Rather the right act is determined by a plurality of self-evident prima facie duties Ross portrayed rightness and goodness as simple non-natural properties Philip Stratton-Lake a leading expert on Ross provides a substantial new Introduction in which he discusses the central themes of *The Right and the Good* and clears up some common misunderstandings A new bibliography and index are also included along with editorial notes which aim to clarify certain points and indicate where Ross later changed his mind on particular issues Intuitionism is now enjoying a considerable revival and this new edition provides the context for a proper understanding of Ross's great work

The Right and the Good William David Ross, 2002 This is a classic of 20th century philosophy by the great scholar David Ross The book is the pinnacle of ethical intuitionism **From Presumption to Prudence in Just-War Rationality** Kevin Carnahan, 2017-07-14 For the last several decades the Just War debate amongst theologians has been dominated by two accounts of moral rationality One side assumes a presumption against harm PAH and the other identifies with a presumption against injustice PAI From Presumption to Prudence in Just War Rationality argues that the time has come to leave behind these two viewpoints in favor of a prudentially grounded approach to Just War thinking This book offers a compelling new perspective on this important and pertinent subject As such academics and students in Religion Theology Philosophy Ethics and Political Theory will all find it an invaluable resource on Just War theory Rethinking the Good Larry S.

Temkin, 2012-01-20 This book discusses a broad range of issues concerning normative ethics ethical theory and practical rationality *The Foundations of Christian Bioethics* Hugo Tristram Engelhardt, 2000 For decades Engelhardt has alluded to the ethics that binds moral friends While his *Foundations of Bioethics* explored the sparse ethics binding moral strangers this long-awaited volume addresses the morality at the foundations of Christian bioethics The volume opens with an analysis of the marginalization of Christian bioethics in the 1970s and the irremedial shortcomings of secular ethics in general Drawing on the Christianity of the first millennium Engelhardt provides the ontological and epistemological foundations for a Christian bioethics that can remedy the onesidedness of a secular bioethics and supply the bases for a Christian bioethics The volume then addresses issues from abortion third party assisted reproduction and cloning to withholding and withdrawing treatment physician assisted suicide and euthanasia Practices such as free and informed consent are relocated

within a traditional Christian morality Attention is also given to the allocation of scarce resources in health care and to the challenge of maintaining the Christian identity of physicians nurses patients and health care institutions in a culture that is now post Christian *Realism and Antirealism in Kant's Moral Philosophy* Robinson dos Santos, Elke Elisabeth

Schmidt, 2017-12-18 The debate between moral realism and antirealism plays an important role in contemporary metaethics as well as in the interpretation of Kant's moral philosophy This volume aims to clarify whether and in what sense Kant is a moral realist an antirealist or something in between Based on an explication of the key metaethical terms internationally recognized Kant scholars discuss the question of how Kant's moral philosophy should be understood in this regard All camps in the metaethical field have their inhabitants Some contributors read Kant's philosophy in terms of a more or less robust moral realism objectivism or idealism and some of them take it to be a version of constructivism constitutionism or brute antirealism In any case all authors introduce and defend their terminology in a clear manner and argue thoughtfully and refreshingly for their positions With contributions of Stefano Bacin Jochen Bojanowski Christoph Horn Patrick Kain Lara Ostaric Fred Rauscher Oliver Sensen Elke Schmidt Dieter Sch necker and Melissa Zinkin **Rawls and Law** Thom

Brooks, 2017-07-05 John Rawls 1921 2002 is widely held to be amongst the most important political philosophers for over a century This volume which is the first work of its kind to publish in one place the most influential essays in the field features articles on a wide range of subjects including constitutionalism democratic theory egalitarianism feminism global justice political liberalism the rule of law and public reason The collection informs scholars and students coming to the study of Rawls's work for the first time of the importance and complexity of Rawl's ideas and sheds light on how these ideas might be further improved and applied Justice and Harmony Joshua Mason, 2022-08-16 Justice and harmony have long been two of the world's most treasured ideals but much of modern moral and political philosophy puts them on opposite sides of the divide between liberal theories of the right and communitarian theories of the good Joshua Mason argues that the encounter with their Chinese counterparts zhengyi and hexie can overcome this opposition revealing a pattern that reframes justice and harmony as mutually interdependent concepts in a three part framework of root harmony benhe harmonic justice heyi and just harmony zhenghe Broadly surveying the histories of western and Chinese moral and political philosophies Justice and Harmony Cross Cultural Ideals in Conflict and Cooperation explores our cross cultural conceptual inventories and develops a comparative framework that can overcome entrenched binary oppositions and reconcile these grand global values

Constitutional Limits and the Public Sphere Oren Ben-Dor, 2000-10-21 Ben Dor law U of Southampton developed this book concerning critical constitutionalism from his doctoral thesis at University College London In it he interprets unpublished and recently published texts by Jeremy Bentham 1748 1832 first reconstructing the most general argument about Bentham's legal and political thought as a founder of utilitarianism and then analyzing Bentham's work within the context of contemporary debates in legal and political philosophy He concludes that the technical and reductionist

methodology associated with utilitarianism don't do justice to the theory which identifies the maximization of pleasure as the most fundamental self interest guiding people Distributed by ISBS c Book News Inc Punishment and Retribution Leo Zaibert, 2006 Punishment is a phenomenon which occurs in many contexts Discussions of punishment assume punishment is criminal punishment carried out by the State This book contains an account of punishment which overcomes the difficulties of competing accounts and treats punishment comprehensively to better understand how it differs from similar phenomena discussing its justification fruitfully *The Grammar of Criminal Law: American, Comparative, and International* George P. Fletcher, 2007-06-11 The Grammar of Criminal Law is a 3 volume work that addresses the field of international and comparative criminal law with its primary focus on the issues of international concern ranging from genocide to domestic efforts to combat terrorism to torture and to other international crimes The first volume is devoted to foundational issues The Grammar of Criminal Law is unique in its systematic emphasis on the relationship between language and legal theory there is no comparable comparative study of legal language Written in the spirit of Fletcher's classic Rethinking Criminal Law this work is essential reading in the field of international and comparative law Unconscious Thought in Philosophy and Psychoanalysis John Shannon Hendrix, 2015-07-28 The book explores concepts throughout the history of philosophy that suggest the possibility of unconscious thought and lay the foundation for ideas of unconscious thought in modern philosophy and psychoanalysis The focus is on the workings of unconscious thought and the role it plays in thinking language perception and human identity **Design and Ethics** Emma Felton, Oksana Zelenko, Suzi Vaughan, 2013-06-19 The value of design for contributing to environmental solutions and a sustainable future is increasingly recognised It spans many spheres of everyday life and the ethical dimension of design practice that considers environmental social and economic sustainability is compelling Approaches to design recognise design as a practice that can transform human experience and understanding expanding its role beyond stylistic enhancement The traditional roles of design designer and designed object are therefore redefined through new understanding of the relationship between the material and immaterial aspects of design where the design product and the design process are embodiments of ideas values and beliefs This multi disciplinary approach considers how to create design which is at once aesthetically pleasing and also ethically considered with contributions from fields as diverse as architecture fashion urban design and philosophy The authors also address how to teach design based subjects while instilling a desire in the student to develop ethical work practices both inside and outside the studio

Systematic Theology Charles Grandison Finney, 2018-07-12 Written by a Presbyterian preacher in the 1800 s this book is revered by some and considered heresy by others The arguments given in Finney's various lectures will cause many to consider their own positions and seek to justify what they believe Finney deals with many different subjects going from moral law government love depravity and other diverse but important subjects Regardless of what your own position on these subjects are this work is a good masterpiece of religious thought but the ideas and reasons for Finney's arguments may leave

theologians wondering if such thinking is something we should be keeping around **Science and the Structure of Ethics** Abraham Edel, 2018-04-17 Initially prepared as part of the Foundations of the Unity of Science volumes under the auspices of the International Encyclopedia of Unified Science Science and the Structure of Ethics soon took on a life of its own Well positioned in the naturalistic tradition of ethical theory extending from John Dewey at the start and Richard Rorty at the conclusion of the century Abraham Edel s volume offers a remarkable synthesis of the ways in which ethical statements can be examined and the nature of ethical concerns Edel reveals a singular capacity to move beyond oracular controversies of the good and the right in favor of a comparative analytic and functional account of how ethical perspectives and practices affect the content of moral discourse In Edel s work the structure of ethical behavior is defined by biological psychological social and historical functions Hence a scientific account of ethics is possible since moral norms are themselves products of an experiential field open to verification procedures common to all other walks of human life In reviewing the impact of Edel s work his general and this volume in particular Irving Louis Horowitz notes that Edel s naturalistic emphasis fits neatly with a view of ethics as something grounded in human experience rather than mandated from divine assumption It is hard for me to imagine a turning back from the hard lessons of the century any more in ethical theory than in empirical research as such We owe a central place in our century s intellectual capital to Edel s examination of ethical doctrines in the light of changing circumstances This is a work certain to enlist the interest of ethicists sociologists of knowledge as well as those concerned with issues in the philosophy of science and religion alike The Nature of Intrinsic Value Michael J. Zimmerman, 2001-08-21 At the heart of ethics reside the concepts of good and bad they are at work when we assess whether a person is virtuous or vicious an act right or wrong a decision defensible or indefensible a goal desirable or undesirable But there are many varieties of goodness and badness At their core lie intrinsic goodness and badness the sort of value that something has for its own sake It is in virtue of intrinsic value that other types of value may be understood and hence that we can begin to come to terms with questions of virtue and vice right and wrong and so on This book investigates the nature of intrinsic value just what it is for something to be valuable for its own sake just what sort of thing can have such value just how such a value is to be computed In the final chapter the fruits of this investigation are applied to a discussion of pleasure pain and displeasure and also of moral virtue and vice in order to determine just what value lies within these phenomena

Lectures on Systematic Theology ... Charles Grandison Finney, 1851 **Pleasure and the Good Life** Fred Feldman, 2004-03-25 Since ancient times hedonism has been one of the most attractive and controversial theories In this text the author presents a careful modern formulation of hedonism defending the theory against some of the most important objections **The law of the human judgment; and the rule of direction from thence derived, of rights** George Giles Vincent, 1833 **The right and wrong of compulsion by the State. Repr., with alterations from The Newcastle weekly chronicle** Auberon Edward W.M. Herbert (hon.), 1885

The Right And The Good The Right And The Good Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Right And The Good The Right And The Good has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Right And The Good The Right And The Good has opened up a world of possibilities. Downloading The Right And The Good The Right And The Good provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Right And The Good The Right And The Good has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Right And The Good The Right And The Good. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Right And The Good The Right And The Good. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Right And The Good The Right And The Good, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of

the websites they are downloading from. In conclusion, the ability to download The Right And The Good The Right And The Good has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Right And The Good The Right And The Good Books

1. Where can I buy The Right And The Good The Right And The Good books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
