## **The Saint On The Radio:**

**The Saint on the Radio** Ian Dickerson, 2015-06-01 Simon Templar better known as the Saint is perhaps the first truly multimedia hero. By the 1960s his adventures had appeared in books, films, comic strips, and on television. But radio has been the most durable medium for the Saint from the first series during World War II to the most recent in 2002. Fifteen actors have played the modern day Robin Hood. Of course when you mention The Saint on the radio, most people think of Vincent Price, and quite understandably for he was the longest running and most high profile incumbent of the halo. But who were the other fourteen, and how did they get their haloes? The Saint on the Radio goes behind the scenes of the Saint, providing intriguing detail about the series, creation, its writers, episode synopses, all the cast over the years, and two complete radio scripts. It provides an invaluable guide to the radio adventures of one of the 20th Century's most enduring and endearing heroes.

*The Saint* Burl Barer, 2003-05-30 The now legendary character created by Leslie Charteris has survived nearly three quarters of a century of perilous action and narrow escapes with nary a hair out of place nor the slightest jolt to his jauntily tipped halo. From his earliest days battling crooks, blood suckers, traders in vice and damnation, and cracking the occasional safe on the side, the Saint has captured the imaginations of millions. Using the voluminous correspondence and writings of author Leslie Charteris and examining the many incarnations of Simon Templar, alias The Saint, in other media, a detailed history emerges. Includes plot synopses of the radio and television programs with air dates and production credits, descriptions of the movies and their credits, a bibliography, reviews of the books, and quotes from the principals.

**Radio by the Book** Tim DeForest, 2017-02-10 During the first half of the 20th century, radio's hunger for captivating characters and stories could not be sated. Three national networks and dozens of independent stations had to fill a vast expanse of air time with comedy, adventure, mystery, drama, and music, night after night. It's no surprise that producers and writers looked to outside sources, drawing some of old-time radio's most beloved characters—Sherlock Holmes, Tarzan, Hopalong Cassidy, Buck Rogers—directly from books. This work examines individual characters that jumped from prose to radio and a number of programs that specialized in dramatizing literature. It covers mystery and detective shows, adventure stories, westerns, and science fiction, and anthology shows that adapted novels by such greats as Twain, Steinbeck, and Dickens. The text explores how the writers and producers approached the source material, what they changed, what they kept, and what they left out.

In 2015, The MX Book of New Sherlock Holmes Stories burst upon the scene, featuring traditional Canonical adventures set within the correct time period and written by

many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received and there were soon calls for additional collections. Since then their popularity has only continued to grow. And now we present a new three volume set. Like 2017's two volume set *Eliminate the Impossible* and 2019's three volume *Whatever Remains Must Be the Truth*, *However Improbable* features tales of Holmes's encounters with seemingly impossible events, ghosts and hauntings and crimes and events that cannot have happened but apparently did. The fifty eight stories in these three companion volumes represent some of the finest new Holmesian storytelling to be found and honor the man described by Watson as the best and wisest whom I have ever known. All royalties from this collection are being donated by the writers for the benefit of the preservation of Undershaw for special needs students formerly Stepping Stones, one of the former homes of Sir Arthur Conan Doyle. As of June 2022, these books through the continuing efforts of the amazing contributors and the wonderful worldwide supporters have raised over 100,000 for the school.

Somewhere in the vaults of the bank of Cox and Co at Charing Cross there is a travel worn and battered tin dispatch box with my name John H. Watson, M.D. Late Indian Army painted upon the lid. It is crammed with papers, nearly all of which are records of cases to illustrate the curious problems which Mr. Sherlock Holmes had at various times to examine. Dr. John H. Watson. So wrote Dr. Watson in *The Problem of Thor Bridge* and ever since Sherlockians have been bringing us new adventures from this legendary tin dispatch box. While his original Literary Agent only edited the pitifully few sixty stories that make up the original Canon, there have since been literally thousands of traditional adventures about the true Sherlock Holmes and there will never be enough. Throughout the original Holmes Canon there were hints and teases of other intriguing cases: *The Giant Rat of Sumatra*, *The Abernethy Tragedy*, *The Manor House Case*. Watson mentions well over one hundred of these which have collectively come to be known as *The Untold Cases*. Now the latest MX anthologies present thirty four of those adventures in two simultaneously published volumes with all royalties going to support the Stepping Stones School at Undershaw, one of Sir Arthur Conan Doyle's former homes. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes described by the estimable Dr. Watson as the best and wisest whom I have

recognizable figures in the world There were only sixty narratives brought to us by the original Literary Agent Sir Arthur  
Conan Doyle Clearly that is not enough Watson once wrote that he kept his unpublished cases in his old Tin Dispatch Box  
Now with the publication of these latest volumes that box has again been explored by some of today s best Sherlockian
