approaches to analyze the importance of psychological and physical aspects of reader experience Carefully structured to build a sequenced rounded introduction to the subject Includes study activities writing exercises and essay topics throughout Dedicated chapters cover popular sub genres such as autobiography and literary adaptation Orpheus and Eurydice in Myth, History, and Analytical Psychology Terence Dawson,2025-02-25 This fascinating study shows how the minor Greek story of Orpheus and Eurydice came to have a more persistent and varied impact on Western culture than any other Greek myth In the last 2 000 years it has captivated the imagination of successive ages Writers and other artists have turned to it to explore unexpectedly diverse concerns from classical philosophy through Christian values to challenges involving individual psychology and societal well being Dawson s study of the mythic imagination traces how these concerns unfold in poems plays novels films paintings operas ballets and sculptures It charts a history of responses to the experience of loss and longing and the need to grow in self awareness And it illustrates how responses to this myth anticipate many of the claims associated with analytical psychology This book will be of interest to analysts scholars and students working with Jung s ideas and to all those interested in adaptations of myth and the implications they harbour *Myths of the Underworld in Contemporary Culture* Judith Fletcher,2019-04-11 *Myths of the Underworld in Contemporary Culture* The Backward Gaze examines a series of twentieth and twenty first century fictional works that adapt Greco Roman myths of the catabasis the heroic journey to the underworld Covering a range of genres including novels comics and children s culture by authors such as Elena Ferrante Salman Rushdie Neil Gaiman A S Byatt Toni Morrison and Anne Patchett it reveals how an enduring fascination with life after death and fantasies of accessing the world of the dead while we are still alive manifest themselves in myriad and varied re imaginings of the ancient descent myth The volume begins with a detailed overview of the use of the myth by ancient authors such as Homer Aristophanes Vergil and Ovid before exploring the ways in which the narrative of a return trip to Hades by Odysseus Aeneas Orpheus and Persephone can be manipulated by contemporary storytellers to fit themes of social marginality and alterity postmodern rebellion the position of female authors in the literary canon and the dislocation endured by refugees exiles and diasporic populations It also argues that citations of classical underworld stories can disrupt and challenge the literary canon by using media such as comic books children s culture or rock music not conventionally associated with high culture Transmedial Narratology and Contemporary Media Culture Jan-Noël Thon,2016-08-01 It has become something of a cliché within the field of narratology to assert the commercial aesthetic and sociocultural relevance of narrative representations but the fact remains that narratives are everywhere Whenever we read a novel or a comic watch a film or an episode of our favorite television series or play the latest video game we are likely to engage with narrative media Similarly the intermedial adaptations and transmedial entertainment franchises that have become increasingly visible during the past few decades are at their core narrative forms Since a significant part of contemporary media culture is defined by the narratives we tell each other via various media the media studies discipline

needs a genuinely transmedial narratology Transmedial Narratology and Contemporary Media Culture focuses on the intersubjective construction of storyworlds as well as on prototypical forms of narratorial and subjective representation It provides not only a method for the analysis of salient transmedial strategies of narrative representation in contemporary films comics and video games but also a theoretical frame within which medium specific approaches from literary and film narratology from comics studies and game studies and from various other strands of media and cultural studies may be employed to further our understanding of narratives across media Jan No l Thon is a research associate in the Department of Media Studies at the University of T bingen Germany He is the coeditor of a number of books on narrative and media studies including From Comic Strips to Graphic Novels Contributions to the Theory and History of Graphic Narrative and Storyworlds across Media Toward a Media Conscious Narratology Nebraska 2014
