The Philosophy of Sri Chinmoy Kusumita P. Pedersen, 2021-06-28 This is the first book length study of the thought of Sri Chinmoy 1931 2007 who became well known during his lifetime as the exponent of a dynamic spirituality of integral transformation which he set forth in an extensive body of writings in both prose and poetry mostly in English but also in his native Bengali He held that all fields of human endeavor can be venues of spiritual transformation when founded in aspiration and contemplative practice He is noted not only as a spiritual teacher but also as an advocate of peace a composer and musician an artist and a sportsman who created innovative programs promoting self transcendence and understanding between people of all cultures and walks of life This study of Sri Chinmoy s philosophy refers to these diverse activities especially in the biographical first chapter but is mainly based on his written works The book s aim is to give to the reader a straightforward and unembroidered account of Sri Chinmoy s philosophy It makes every attempt to allow Sri Chinmoy to speak for himself in his own words and thus provides ample quotation and draws on his poetic works as much as on his other writings

**Religion and Gender in the Developing World** Tamsin Bradley, 2010-12-07 Faith based development organizations have become a central part of the lives of the women of rural Rajasthan and have come to represent an important aspect of both individual and collective identities And yet religious teachings continue to be used to exclude women from public decision making forums and render them vulnerable to increasing levels of domestic violence In a unique multi disciplinary approach combining a range of subjects Tamsin Bradley provides a unique study of the role of development organizations and faith organizations in the lives of women in rural Rajasthan Faith and religion emerge as being able to afford a space within which women are able to interact with one another and create an identity for themselves However faith proves not just to be a positive sphere in which women are able to assert themselves Its ambiguity becomes clear as the author explains that religious women often find their visions of social justice and equality marginalised by the dominance of male leadership Nevertheless Bradley also look at how religious women challenge male dominance drawing on their beliefs and practices in creative and innovative ways Thus a complex picture emerges and including insights from gender studies and anthropology Bradley argues that religion can both empower and disempower local communities and the women who live within them By analysing development through the prism of gender studies Bradley highlights the complex nature of power relationships that are at the very heart of development agendas and organizations and offers an invaluable contribution to the understanding of the nexus of varied disciplines in the analysis of women and religion in Rajasthan This

book will be of interest to students researchers and policy makers involved in various fields including those of Development Studies Religion Gender Studies and Social Anthropology      **Approaching Ramakrishna** Prabuddha Bharata Compilation, Sri Ramakrishna is an ocean in whose heart the universe is nestled like an island Awed by the expanse of infinite depth around we in the universe constantly try to perceive this personality in our own way Our perception is unique every time as is the knowledge we obtain thereby Approaching Ramakrishna becomes our prayer to the supreme reality Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math India in commemoration of the 175th Birth Anniversary of Sri Ramakrishna      **Plague Image and Imagination from Medieval to Modern Times** Christos Lynteris, 2021-07-29 This edited collection brings together new research by world leading historians and anthropologists to examine the interaction between images of plague in different temporal and spatial contexts and the imagination of the disease from the Middle Ages to today The chapters in this book illuminate to what extent the image of plague has not simply reflected but also impacted the way in which the disease is experienced in different historical periods The book asks what is the contribution of the entanglement between epidemic image and imagination to the persistence of plague as a category of human suffering across so many centuries in spite of profound shifts in our medical understanding of the disease What is it that makes plague such a visually charismatic subject And why is the medical religious and lay imagination of plague so consistently determined by the visual register In answering these questions this volume takes the study of plague images beyond its usual art historical framework so as to examine them and their relation to the imagination of plague from medical historical visual anthropological and postcolonial perspectives      **Yoga Traveling** Beatrix Hauser, 2013-06-22 This book focuses on yoga s transcultural dissemination in the twentieth and twenty first centuries In the course of this process the term yoga has been associated with various distinctive blends of mental and physical exercises performed in order to achieve some sort of improvement whether understood in terms of esotericism fitness self actualization body aesthetics or health care The essays in this volume explore some of the turning points in yoga s historico spatial evolution and their relevance to its current appeal The authors focus on central motivations sites and agents in the spread of posture based yoga as well as on its successive re interpretation and diversification addressing questions such as Why has yoga taken its various forms How do time and place influence its meanings social roles and associated experiences How does the transfer into new settings affect the ways in which yogic practice has been conceptualized as a system and on what basis is it still identified as Indian yoga The initial section of the volume concentrates on the re evaluation of yoga in Indian and Western settings in the first half of the twentieth century The following chapters link global discourses to particular local settings and explore meaning production at the micro social level taking Germany as the focal site The final part of the book focuses on yoga advertising and consumption across national social and discursive boundaries taking a closer look at transnational and deterritorialized yoga markets as well as at various classes of mobile yoga practitioners      **India in the Shadows of Empire** Mithi Mukherjee, 2009-11-25 This book explains

the postcolonial Indian polity by presenting an alternative historical narrative of the British Empire in India and India's struggle for independence. It pursues this narrative along two major trajectories. On the one hand, it focuses on the role of imperial judicial institutions and practices in the making of both the British Empire and the anti-colonial movement under the Congress with the lawyer as political leader. On the other hand, it offers a novel interpretation of Gandhi's non-violent resistance movement as being different from the Congress. It shows that the Gandhian movement as the most powerful force largely responsible for India's independence was anchored not in western discourses of political and legislative freedom but rather in Indic traditions of renunciative freedom with the renouncer as leader. This volume offers a comprehensive and new reinterpretation of the Indian Constitution in the light of this historical narrative. The book contends that the British colonial idea of justice and the Gandhian ethos of resistance have been the two competing and conflicting driving forces that have determined the nature and evolution of the Indian polity after independence. **South Asia in World Politics** Devin T.

Hagerty, 2005-03-11 *South Asia in World Politics* offers a comprehensive introduction to the politics and international relations of South Asia, a key area encompassing the states of Afghanistan, Bangladesh, Bhutan, India, the Maldives, Nepal, Pakistan, and Sri Lanka. While U.S. interest has long been sporadic and reactive, 9/11 alerted Washington that paying only fitful attention to one of the world's most volatile and populous regions was a recipe for everyday instability, repeated international crises, major and minor wars, and conditions so chronically unsettled that they continue to provide a fertile breeding ground for transnational Islamic terrorism. Exploring the many facets of this dynamic region, the book also assesses U.S. policy toward Afghanistan and explains the importance of Bangladesh and Pakistan, two of only a handful of Islamic states with significant track records as democracies. *Disciplined Natives* Satadru Sen, 2012 This volume examines three interrelated aspects of the history of British India: race, the disciplining institution, and attempts by the colonized to imagine states of freedom. They deal with sites as diverse as the prison, the family, the classroom, the playing field, and children's literature. The essays confront the ideological, social, and political ramifications of the fact that even as metropolitan prisons and schools shifted their attention from the body to the confined soul, colonial disciplinary institutions ensured that race was firmly attached to the body and its habits. They also engage the historiography that has sought to underline the challenges of reconciling Michel Foucault and Edward Said. They ask whether the liberating possibilities of the racialized and embodied native self were confined to inversions and rearrangements of given normative hierarchies or if we can occasionally glimpse radical departures and alternative configurations of power. *Keywords for India* Rukmini Bhaya Nair, Peter Ronald

deSouza, 2020-02-20 What terms are currently up for debate in Indian society? How have their meanings changed over time? This book highlights key words for modern India in everyday usage as well as in scholarly contexts. Encompassing over 250 key words across a wide range of topics including aesthetics and ceremony, gender, technology, and economics, past memories, and future imaginaries, these entries introduce some of the basic concepts that inform the cultural unconscious of the Indian

subcontinent in order to translate them into critical tools for literary political cultural and cognitive studies Inspired by Raymond Williams pioneering exploration of English culture and society through the study of keywords *Keywords for India* brings together more than 200 leading sub continental scholars to form a polyphonic collective Their sustained engagement with an incredibly diverse set of words enables a fearless interrogation of the panoply the multitude the shape shifter that is India Through its close investigation and unpacking of words this book investigates the various intellectual possibilities on offer within the Indian subcontinent at the beginning of a fraught new millennium desperately in need of fresh vocabularies In this sense *Keywords for India* presents the world with many emancipatory memes from India **Acts of Aid** Eleonor Marcussen, 2023-05-11 This socio political history on the aftermath of the 1934 Bihar Nepal earthquake explores disaster aid relief and reconstruction and the questions they give rise to about class communities and inequality The book traces disaster responses across the twentieth century in order to demonstrate how they were embedded in political processes transcending the event of the earthquake Aid relief and reconstruction mirrored political agendas and ideas that articulated both changes and continuities by the colonial state civil society and international organisations The impact of the earthquake and aid in its wake varied widely according to social groups ethnicity and gender in the aftermath By studying the effects of the earthquake on communities directly affected and society the author argues that we can come closer to an understanding of the role political social and cultural factors held in shaping resilience to natural disasters This title is also available as Open Access on Cambridge Core Swami Vivekananda's Vedāntic Cosmopolitanism Swami Medhananda, 2022 Swami Vivekananda the nineteenth century Hindu monk who introduced Vedanta to the West is undoubtedly one of modern India s most influential philosophers Unfortunately his philosophy has too often been interpreted through reductive hermeneutic lenses Typically scholars have viewed him either as a modern day exponent of Sankara s Advaita Vedanta or as a Neo Vedantin influenced more by Western ideas than indigenous Indian traditions In *Swami Vivekananda s Vedāntic Cosmopolitanism* Swami Medhananda rejects these prevailing approaches to offer a new interpretation of Vivekananda s philosophy highlighting its originality contemporary relevance and cross cultural significance Vivekananda the book argues is best understood as a cosmopolitan Vedantin who developed novel philosophical positions through creative dialectical engagement with both Indian and Western thinkers Inspired by his guru Sri Ramakrishna Vivekananda reconceived Advaita Vedanta as a nonsectarian life affirming philosophy that provides an ontological basis for religious cosmopolitanism and a spiritual ethics of social service He defended the scientific credentials of religion while criticizing the climate of scientism beginning to develop in the late nineteenth century He was also one of the first philosophers to defend the evidential value of supersensuous perception on the basis of general epistemic principles Finally he adopted innovative cosmopolitan approaches to long standing philosophical problems Bringing him into dialogue with numerous philosophers past and present Medhananda demonstrates the sophistication and enduring value of Vivekananda s views on the limits of reason the

dynamics of religious faith and the hard problem of consciousness      The Victorian Empire and Britain's Maritime World, 1837-1901 M. Taylor, 2013-10-04 A wide ranging new survey of the role of the sea in Britain's global presence in the 19th century Mostly at peace but sometimes at war Britain grew as a maritime empire in the Victorian era This collection looks at British sea power as a strategic moral and cultural force      Passages through India Somak Biswas, 2023-09-21 Analyses the phenomenon of western Indophilia its ideological and affective composition and its political implications in late colonial British India Argues that Indophile deployments around transnational projects like abolishing indentured labour and global Hinduism while anti colonial were not necessarily emancipatory      *From Sacred Text to Internet* Gwilym Beckerlegge, 2024-11-01 This title was first published in 2001 From Sacred Text to Internet addresses two key issues affecting the global spread of religion first the impact of new media on the ways in which religious traditions present their messages and second the global relocation of religions in novel geographical and social settings The book offers extended studies of Buddhism Christianity Hinduism and a wide ranging survey chapter that refers to the presence on the Internet of many of the world's most influential religions      *From Yoga to Kabbalah* Véronique Altglas, 2014-05-01 Religious exoticism implies a deeply ambivalent relationship to otherness and to religion itself traditional religious teachings are uprooted and fragmented in order to be appropriated as practical methods for personal growth Western contemporary societies have seen the massive popularization of such exotic religious resources as yoga and meditation Shamanism Buddhism Sufism and Kabbalah Véronique Altglas shows that these trends inform us about how religious resources are disseminated globally as well as how the self is constructed in society She uses two case studies the Hindu based movements in France and Britain that started in the 1970s and the Kabbalah Centre in France Britain Brazil and Israel She draws upon major qualitative and cross cultural empirical investigations to conceptualize religious exoticism and offer a nuanced and original understanding of its contemporary significance From Yoga to Kabbalah broadens scholarly understanding of the globalization of religion how religions are modified through cultural encounters and of religious life in neoliberal societies
