The Red Parts A Memoir:

The Red Parts Maggie Nelson, 2007-03-13 Documents how the murder case of the author's aunt was reopened more than three decades later upon the discovery of new DNA findings describing how the subsequent investigation and trial reopened long standing wounds for the author and her family By the author of *Jane A Murder 40 000* first printing *The Red Parts* Maggie Nelson, 2016-04-05 In 1969 Jane Mixer a first year law student at the University of Michigan posted a note on a student noticeboard to share a lift back to her hometown of Muskegon for spring break She never made it she was brutally murdered her body found a few miles from campus the following day *The Red Parts* is Maggie Nelson's singular account of her aunt Jane's death and the trial that took place some 35 years afterward Officially unsolved for decades the case was reopened in 2004 after a DNA match identified a new suspect who would soon be arrested and tried In 2005 Nelson found herself attending the trial and reflecting with fresh urgency on our relentless obsession with violence particularly against women Resurrecting her interior world during the trial in all its horror grief obsession recklessness scepticism and downright confusion Maggie Nelson has produced a work of profound integrity and in its subtle indeterminacy deadly moral precision **Red Parts** Maggie Nelson, 2009-03-25 One day in March 1969 twenty three year old Jane Mixer was on her way home to tell her parents she was getting married She had arranged for a ride through the campus bulletin board at the University of Michigan in Ann Arbor where she was one of a handful of pioneering women students at the law school Her body was found the following morning just inside the gates of a small cemetery fourteen miles away shot twice in the head and strangled Six other young women were murdered around the same time and it was assumed they had all been victims of alleged serial killer John Collins who was convicted of one of these crimes not long after Jane Mixer's death was long considered to be one of the infamous Michigan Murders as they had come to be known But officially Jane's murder remained unsolved and Maggie Nelson grew up haunted by the possibility that the killer of her mother's sister was still at large In an instance of remarkable serendipity more than three decades later a 2004 DNA match led to the arrest of a new suspect for Jane's murder at precisely the same time that Nelson was set to publish a book of poetry about her aunt's life and death a book she had been working on for years and which assumed her aunt's case to be closed forever *The Red Parts* chronicles the uncanny series of events that led to Nelson's interest in her aunt's death the reopening of the case the bizarre and brutal trial that ensued and the effects these events had on the disparate group of people they brought together But *The Red Parts* is much more than a true crime record of a murder investigation and trial For into this story Nelson has woven a spare poetic account of a girlhood and early adulthood haunted by loss mortality mystery and betrayal as well as a subtle but blistering look at the personal and political consequences of our cultural fixation on dead white women The result is a stark fiercely intelligent and beautifully written memoir that poses vital questions about America's complex relationship to spectacles of violence and suffering and that scrupulously explores the limits and possibilities of honesty grief empathy and justice

Memoirs of the Red Queen Hyegyönggung Hong Ssi,2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Memoirs Of The Red Queen** Lady,2013-01-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Philosophical Magazine** ,1832 **The Philosophical Magazine** ,1832
