The Sacco Vanzetti Affair America On Trial:

The Sacco-Vanzetti Affair Moshik Temkin, 2009-05-26 What began as the obscure local case of two Italian immigrant anarchists accused of robbery and murder flared into an unprecedented political and legal scandal as the perception grew that their conviction was a judicial travesty and their execution a political murder This book is the first to reveal the full national and international scope of the Sacco Vanzetti affair uncovering how and why the two men became the center of a global cause celebre that shook public opinion and transformed America's relationship with the world Drawing on extensive research on two continents and written with verve this book connects the Sacco Vanzetti affair to the most polarizing political and social concerns of its era Moshik Temkin contends that the worldwide attention to the case was generated not only by the conviction that innocent men had been condemned for their radical politics and ethnic origins but also as part of a reaction to U S global supremacy and isolationism after World War I The author further argues that the international protest which helped make Sacco and Vanzetti famous men ultimately provoked their executions The book concludes by investigating the affair's enduring repercussions and what they reveal about global political action terrorism jingoism xenophobia and the politics of our own time

The Routledge History of Italian Americans William Connell, Stanislaw Pugliese, 2017-09-27 The Routledge History of Italian Americans weaves a narrative of the trials and triumphs of one of the nation's largest ethnic groups This history comprising original essays by leading scholars and critics addresses themes that include the Columbian legacy immigration the labor movement discrimination anarchism Fascism World War II patriotism assimilation gender identity and popular culture This landmark volume offers a clear and accessible overview of work in the growing academic field of Italian American Studies Rich illustrations bring the story to life drawing out the aspects of Italian American history and culture that make this ethnic group essential to the American experience

The American Exception, Volume 1 Frank J. Lechner, 2017-01-09 This book examines what makes the United States an exceptional society what impact it has had abroad and why these issues have mattered to Americans With historical and comparative evidence Frank J Lechner describes the distinctive path of American institutions and tracks changes in the country's national identity in order to assess claims about America's exceptional qualities The book analyzes several focal points of exceptionalist thinking about America including the importance of US Constitution and the American sense of mission and explores several aspects of America's distinctive global impact for example in economics and film In addition to discussing the distinctive global impact of the US this first volume delves into religion law and sports

American History through Hollywood Film Melvyn Stokes, 2013-12-05 American History through Hollywood Film offers a new perspective on major issues in American history from the 1770s to the end of the twentieth century and explores how they have been represented in film Melvyn Stokes examines how and why representation has changed over time looking at the origins underlying assumptions production and reception of an important cross section of historical films Chapters deal with key events in American history

including the American Revolution the Civil War and its legacy the Great Depression and the anti communism of the Cold War era Major themes such as ethnicity slavery Native Americans and Jewish immigrants are covered and a final chapter looks at the way the 1960s and 70s have been dealt with by Hollywood This book is essential reading for anyone studying American history and the relationship between history and film

Mastering Modern United States History John

Traynor,2018-11-02 Now in its second edition this engaging text introduces readers to all the key developments in American history between 1900 and 2000 Combining factual coverage with an analysis of professional historians most recent interpretations of major domestic and foreign affairs it fully explores dramatic events such as the Wall Street Crash Pearl Harbor the Cuban Missile Crisis and the Watergate Scandal Chapters are enriched by presidential profiles and supported by stimulating source material and exam style questions to reinforce learning This text will be essential reading for students undertaking courses in American History at college foundation and undergraduate level It is also the ideal companion for anyone with a general interest in the American history of the twentieth century New to this Edition Two brand new chapters on African American History A new American Lives feature which gives insight into a wide range of cultural figures including the Wright Brothers Rachel Carson J D Salinger and Muhammed Ali

To Raise and Discipline an Army Joshua

Kastenberg,2017-04-15 Major General Enoch Crowder served as the Judge Advocate General of the United States Army from 1911 to 1923 In 1915 Crowder convinced Congress to increase the size of the Judge Advocate General s Office the legal arm of the United States Army from thirteen uniformed attorneys to more than four hundred Crowder s recruitment of some of the nation s leading legal scholars as well as former congressmen and state supreme court judges helped legitimize President Woodrow Wilson s wartime military and legal policies As the United States entered World War I in 1917 the army numbered about 120 000 soldiers The Judge Advocate General s Office was instrumental in extending the military s reach into the everyday lives of citizens to enable the construction of an army of more than four million soldiers by the end of the war Under Crowder s leadership the office was responsible for the creation and administration of the Selective Service Act under which thousands of men were drafted into military service as well as enforcement of the Espionage Act and wartime prohibition In this first published history of the Judge Advocate General s Office between the years of 1914 and 1922 Joshua Kastenberg examines not only courts martial but also the development of the laws of war and the changing nature of civil military relations The Judge Advocate General s Office influenced the legislative and judicial branches of the government to permit unparalleled assertions of power such as control over local policing functions and the economy Judge advocates also altered the nature of laws to recognize a person s diminished mental health as a defense in criminal trials influenced the assertion of US law overseas and affected the evolving nature of the law of war This groundbreaking study will appeal to scholars students and general readers of US history as well as military legal and political historians

Executing the Rosenbergs

Lori Clune,2016-04-08 An original study based on never before seen State Department documents this book examines

reactions around the world to the execution of Ethel and Julius Rosenberg

The Trouble in Room 519 Thomas Aiello, 2021-08-18 At approximately seven o'clock in the evening on May 7 1950 Gordon Malherbe Hillman filled an empty bottle with water capped it and walked into his mother's room in the pair's fifth floor suite at Boston's luxurious Copley Plaza Hotel He then edged up behind the semi-invalid woman and bludgeoned her to death Hotel staff had planned to evict the two the following day after several weeks of unpaid rent Mounting debts had finally broken the fifty-year-old Hillman a now struggling author of mixed success but it had not always been that way as Thomas Aiello shows in his study of the life and work of this forgotten midcentury figure As a youth Hillman attended the prestigious Noble and Greenough School near Boston Pursuing a career as a writer he published several dozen pieces of short fiction and a critically acclaimed novel *Fortune's Cup* 1941 Hollywood studios purchased the rights to two of his stories and made them into films *The Great Man Votes* 1939 and *Here I Am a Stranger* 1940 But Hillman remained for the most part a middling magazine writer like the majority of fiction authors working during the Depression Although most did not resort to acts of manic violence Hillman's tenuous position in literary circles along with his gradual descent into financial ruin proved a far more common tale than the stories of literary success often pored over by critics and historians of this period In *The Trouble in Room 519* Money Matricide and Marginal Fiction in the Early Twentieth Century Aiello weaves a compelling true crime narrative into his exploration of the economics of magazine fiction and the strains placed on authors by the publishing industry prior to World War II Examining Hillman's writing as exemplary of Depression-era popular fiction Aiello includes eight stories written by Hillman and originally published in prominent midcentury American magazines including *Collier's* *Liberty* and *McCall's* to provide additional context and insight into this trying time and tragic life

Rethinking Anti-Americanism Max Paul Friedman, 2012-08-27 Anti-Americanism is an unusual expression although stereotypes and hostility exist toward every nation we do not hear of anti-Italianism or anti-Brazilianism Only Americans have elevated such sentiment to the level of a world view an explanatory factor so significant as to merit a name an -ism usually reserved for comprehensive ideological systems or ingrained prejudice This book challenges the scholarly consensus that blames criticism of the United States on foreigners irrational resistance to democracy and modernity Tracing 200 years of the concept of anti-Americanism this book argues that it has constricted political discourse about social reform and US foreign policy from the War of 1812 and the Mexican War to the Cold War from Guatemala and Vietnam to Iraq Research in nine countries in five languages with attention to diplomacy culture migration and the circulation of ideas shows that the myth of anti-Americanism has often damaged the national interest

Alan Brinkley David Greenberg, Moshik Temkin, Mason B. Williams, 2019-01-08 Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley His debut work the National Book Award-winning *Voices of Protest* launched a storied career that considered the full spectrum of American political life His books give serious and original treatments of populist dissent the role of mass media the struggles of

liberalism and conservatism and the powers and limits of the presidency A longtime professor at Harvard University and Columbia University Brinkley has shaped the field of U S history for generations of students through his textbooks and his mentorship of some of today s foremost historians Alan Brinkley A Life in History brings together essays on his major works and ideas as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with befriended and influenced Among the luminaries in this volume are the critic Frank Rich the journalists Jonathan Alter and Nicholas Lemann the biographer A Scott Berg and the historians Eric Foner and Elizabeth Cohen Together the seventeen essays that form this book chronicle the life and thought of a working historian the development of historical scholarship in our time and the role that history plays in our public life At a moment when Americans are pondering the plight of their democracy this volume offers a timely overview of a consummate student and teacher of the American political tradition

Sex, Violence, and the Avant-garde Richard David Sonn, 2010 Sex Violence and the Avant Garde examines the French anarchist movement between the wars from a socio cultural perspective considering the relationship between anarchism and the artistic avant garde and surrealism political violence and terrorism sexuality and sexual politics and gender roles

“Spain Mad”: British Engagement with the Spanish Civil War Tom Buchanan, 2024-06-15 Taking inspiration from a police informer s comment that his workmates had gone Spain mad in response to the Spanish Civil War this book uses biographical studies to explore the nature of British engagement with the conflict The opening chapter presents a general analysis of the subject and assesses the available evidence Some 2400 Britons volunteered to fight in the conflict and some 500 died there Accordingly the International Brigades are well represented in the book with chapters on two of the commanders of the British Battalion Wilfred Macartney and Fred Copeman and the Anglo Canadian volunteer Frank Whitfield Two of the other subjects George Orwell and Felicia Browne fought in other units However the book shows that engagement in the Civil War could take many forms hence the chapters on the journalist Philip Jordan clergyman E O Iredell and the humanitarian activist and politician G T Garratt The remaining chapters look at three historians and writers who have shaped the understanding of the Civil War in Britain Orwell Hugh Thomas and Jim Fyrrth The book is based on extensive new research and many of these subjects have never previously been studied in any depth

Reflections on the Music of Ennio Morricone Franco Sciannameo, 2020-01-23 Reflections on the Music of Ennio Morricone Fame and Legacy provides new contextualized perspectives on Ennio Morricone s position as a radical composer working at the cutting edge of music within the frame work of his cinematic compositions The Italian composer has reached world fame as the creator of some 500 film scores and hundreds more arrangements for commercial recordings however Sciannameo argues that Morricone s legacy must include his concert works a catalogued list of more than 100 titles By analyzing the composer s formative years as a music practitioner and his transition into the world of composing for the screen Franco Sciannameo reconsiders the best of Morricone s popular compositions and reveals the challenging concert works which have been an

intimate expression of Morricone's lifelong creative season *Reflections on the Music of Ennio Morricone* explores Morricone's legacy, its nature, and its eventual impact on posterity *Parallaxing Joyce* Penelope Paparunas, Frances Ilmberger, Martin Heusser, 2017-04-10 *Parallaxing Joyce* is a groundbreaking collection of critical essays as it approaches James Joyce's work using parallaxic principles as its overriding theoretical framework While parallax, a frequent term in Joyce's work, originally derives from astronomy, it has been appropriated in this volume to provide fresh perspectives on Joyce's oeuvre By comparing Joyce and Marilyn Monroe films, art serializations, philosophy, translation, and censorship, among others, these scholars transform our way of reading, not only Joyce but also the world around us This volume will appeal not only to academic researchers and Joyce enthusiasts but also to anyone interested in literary and cultural studies *Searching for Subversives* Mary Elizabeth Basile Chopas, 2017-10-03 When the United States entered World War II, Italian nationals living in this country were declared enemy aliens and faced with legal restrictions Several thousand aliens and a few U.S. citizens were arrested and underwent flawed hearings, and hundreds were interned Shedding new light on an injustice often overshadowed by the mass confinement of Japanese Americans, Mary Elizabeth Basile Chopas traces how government and military leaders constructed wartime policies affecting Italian residents Based on new archival research into the alien enemy hearings, this in-depth legal analysis illuminates a process not widely understood From presumptive guilt in the arrest and internment based on membership in social and political organizations to hurdles in attaining American citizenship, Chopas uncovers many layers of repression not heretofore revealed in scholarship about the World War II home front In telling the stories of former internees and persons excluded from military zones as they attempted to resume their lives after the war, Chopas demonstrates the lasting social and cultural effects of government policies on the Italian American community and addresses the modern problem of identifying threats in a largely loyal and peaceful population **Decolonization and the Cold War** Leslie James, Elisabeth Leake, 2015-02-26 The Cold War and decolonization transformed the twentieth-century world This volume brings together an international line-up of experts to explore how these transformations took place and expand on some of the latest threads of analysis to help inform our understanding of the links between the two phenomena The book begins by exploring ideas of modernity, development, and economics as Cold War and postcolonial projects and goes on to look at the era's intellectual history and investigate how emerging forms of identity fought for supremacy Finally, the contributors question ideas of sovereignty and state control that move beyond traditional Cold War narratives *Decolonization and the Cold War* emphasizes new approaches by drawing on various methodologies, regions, themes, and interdisciplinary work to shed new light on two topics that are increasingly important to historians of the twentieth century *Fighting over Fidel* Rafael Rojas, 2015-11-24 How New York intellectuals interpreted and wrote about Castro's revolution in the 1960s New York in the 1960s was a hotbed for progressive causes of every stripe, including women's liberation, civil rights, opposition to the Vietnam War, and the Cuban Revolution *Fighting over Fidel* brings this turbulent cultural moment to life by telling the

story of the New York intellectuals who championed and opposed Castro's revolution. Setting his narrative against the backdrop of the ideological confrontation of the Cold War and the breakdown of relations between Washington and Havana, Rafael Rojas examines the lives and writings of such figures as Waldo Frank, Carleton Beals, C. Wright Mills, Allen Ginsberg, Susan Sontag, Norman Mailer, Eldridge Cleaver, Stokely Carmichael, and Jose Yglesias. He describes how Castro's Cuba was hotly debated in publications such as the New York Times, Village Voice, Monthly Review, and Dissent, and how Cuban socialism became a rallying cry for groups such as the Beats, the Black Panthers, and the Hispanic Left. Fighting over Fidel shows how intellectuals in New York interpreted and wrote about the Cuban experience and how the Left's enthusiastic embrace of Castro's revolution ended in bitter disappointment by the close of the explosive decade of the 1960s. **Marc Blitzstein** Howard Pollack, 2012-10-01 Award-winning music historian Howard Pollack's new biography of Marc Blitzstein deftly captures the fascinating life and career of an American composer who was openly gay and Marxist at a time when neither was acceptable to the American public. The first biographer to deal with Blitzstein's music as well as his life, Pollack delves deeply into the Blitzstein's life, uncovering new details about his marriage to novelist Eva Goldbeck and his compositional process. Beautifully written and meticulously researched, this book is a must-have for any fan of Broadway or American music.

Little 'Red Scares' Robert Justin Goldstein, 2016-05-13 Anti-communism has long been a potent force in American politics, capable of gripping both government and popular attention. Nowhere is this more evident than the two great red scares of 1919-20 and 1946-54, the latter generally if somewhat inaccurately termed McCarthyism. The interlude between these two major scares has tended to garner less attention, but as this volume makes clear, the lingering effects of 1919-20 and the gathering storm clouds of McCarthyism were clearly visible throughout the 20s and 30s, even if in a more low-key way. Indeed, the period between the two great red scares was marked by frequent instances of political repression, often justified on anti-communist grounds at local, state, and federal levels. Yet these events have been curiously neglected in the history of American political repression and anti-communism, perhaps because much of the material deals with events scattered in time and space which never reached the intensity of the two great scares. By focusing on this twenty-five-year interim period, the essays in this collection bridge the gap between the two high-profile red scares, thus offering a much more contextualised and fluid narrative for American anti-communism. In so doing, the rationale and motivations for the red scares can be seen as part of an evolving political landscape rather than as isolated bouts of hysteria exploding onto and then vanishing from the political scene. Instead, a much more nuanced appreciation of the conflicting interests and fears of government politicians, organised labour, free speech advocates, employers, and the press is offered, which will be of interest to anyone wishing to better understand the political history of modern America.

Transnational Radicals Travis Tomchuk, 2015-04-17 Italian anarchism emerged in the latter half of the nineteenth century during that country's long and bloody unification. Often facing economic hardship and political persecution, many of Italy's anarchists migrated to North

America Wherever Italian anarchists settled they published journals engaged in labour and political activism and attempted to re create the radical culture of their homeland Transnational Radicals examines the transnational anarchist movement that existed in Canada and the United States between 1915 and 1940 Against a backdrop of brutal and open class war with governments calling upon militias to suppress strikes radicals thrown in jail for publicly speaking against capitalism and the church and those of foreign birth being deported and even executed for political activities Italian anarchism was successfully transplanted Transnationalism made it more difficult for states to destroy groups spread across wide geographical spaces In Italy and abroad the strong anarchist identity informed by class ethnicity and gender reinforced movement values promoted movement expansion and assisted mobilization during times of crisis In Transnational Radicals Tomchuk makes use of Italian government security files and Italian language anarchist newspapers to reconstruct a vibrant and little studied political movement during a tumultuous period of modern North American history
