The Republican Legacy In International Thought Paperback

Jens Bartelson

The Republican Legacy In International Thought Paperback:

The Republican Legacy in International Thought Nicholas Greenwood Onuf, 1998-01-08 Republicanism has enjoyed a revival of scholarly interest in several fields In this book Nicholas Onuf provides the first major treatment of the republican way of thinking about law politics and society in the context of international thought The author tells two stories about republicanism starting with Aristotle and culminating in the eighteenth century when international thought became a distinctive enterprise These two stories surround the thought of Vattel and Kant and by telling them side by side the author identifies a substantial but little acknowledged legacy of republicanism in contemporary discussions of sovereignty intervention international society peace levels of analysis and the global economy In identifying this legacy in contemporary thought Nicholas Onuf develops his constructivist approach to international theory Unnatural States Peter Ian Lomas, 2017-09-08 *Unnatural States* is a radical critique of international theory in particular of the assumption of state agency that states act in the world in their own right Peter Lomas argues that since the universal states system is inequitable and rigid and not all states are democracies anyway this assumption is unreal and to adopt it means reinforcing an unjust status quo Looking at the concepts of state nation and agency Lomas sees populations struggling to find an agreed model of the state owing to inherited material differences and unsurprisingly among theorists of the nation only controversy and a great confusion of terms Meanwhile the functional incarnations of the state agent are caricatures the mandarin state the lawyer state the landlord state the heir to history state and the patriot state Yet recent developments in international theory constructivism scientific realism postmodernism sacrifice state agency only at the price of an unhelpful abstraction The states system is dysfunctional and obsolete Lomas contends and international theory must be recast with morality as central to inspire and to guide historic change He focuses in his conclusion on prescriptions for change led by four moral concerns human rights weapons of mass destruction relations between rich and poor societies and the environment I begin this book writes Lomas with the commonest commonplace of international theory to expose it as a meaningless cliché In the masterly hands of Hobbes it was elaborated into a shock formula for organized society a reading of history as civilization's failure Kant sought to rescue morality from Hobbes and create the structures of modernity but Kant's influence is coming to an end In the Cold War politicians disagreeing over another philosopher almost brought the world to an end Hence the challenges of our time These are primary and profound Philosophers have done much to define the modern world The point of international theory is to change it Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense *The Rights of Strangers* Georg Cavallar, 2017-07-05 This study investigates the thinking of European

authors from Vitoria to Kant about political justice the global community and the rights of strangers as one special form of interaction among individuals of divergent societies political communities and cultures Taking an interdisciplinary approach it covers historical material from a predominantly philosophical perspective interpreting authors who have tackled problems related to the rights of strangers under the heading of international hospitality Their analyses of the *civitas maxima* or the *societas humani generis* covered the nature of the global commonwealth Their doctrines of natural law *ius naturae* were supposed to provide what we nowadays call theories of political justice The focus of the work is on international hospitality as part of the law of nations on its scope and justification It follows the political ideas of Francisco de Vitoria and the Second Scholastic in the 16th century of Alberico Gentili Hugo Grotius Samuel Pufendorf Christian Wolff Emer de Vattel Johann Jacob Moser and Immanuel Kant It draws attention to the international dimension of political thought in Thomas Hobbes John Locke Jean Jacques Rousseau David Hume Adam Smith and others This is predominantly a study in intellectual history which contextualizes ideas but also emphasizes their systematic relevance

Domination and Global Political Justice Barbara Buckinx, Jonathan Trejo-Mathys, Timothy Waligore, 2015-02-11 Domination consists in subjection to the will of others and manifests itself both as a personal relation and a structural phenomenon serving as the context for relations of power Domination has again become a central political concern through the revival of the republican tradition of political thought not to be confused with the US political party However normative debates about domination have mostly remained limited to the context of domestic politics Also the republican debate has not taken into account alternative ways of conceptualizing domination Critical theorists liberals feminists critical race theorists and postcolonial writers have discussed domination in different ways focusing on such problems as imperialism racism and the subjection of indigenous peoples This volume extends debates about domination to the global level and considers how other streams in political theory and nearby disciplines enrich expand upon and critique the republican tradition s contributions to the debate This volume brings together for the first time mostly original pieces on domination and global political justice by some of this generation s most prominent scholars including Philip Pettit James Bohman Rainer Forst Amy Allen John McCormick Thomas McCarthy Charles Mills Duncan Ivison John Maynor Terry Macdonald Stefan Gosepath and Hauke Brunkhorst

International Legal Theory Nicholas Onuf, 2009-05-07 Collecting together some of the author s most important articles and book reviews including previously unpublished material this book demonstrates Nicholas Onuf s own contribution to the theoretical dimension of international law and international relations and highlights the wider themes and developments present in international law over the last forty years

Democracy in Moderation Paul Carrese, 2016-04-15 A rediscovery of Montesquieu s legacy in shaping America s complex political order including influence on Washington s practical moderation

Sovereignty as Symbolic Form Jens Bartelson, 2014-05-09 This book is a critical inquiry into sovereignty and argues that the meaning and functions performed by this concept have changed significantly during the past decades with profound implications for the

ontological status of the state and the modus operandi of the international system as a whole Although we have grown accustomed to regarding sovereignty as a defining characteristic of the modern state and as a constitutive principle of the international system Sovereignty as Symbolic Form argues that recent changes indicate that sovereignty has been turned into something granted contingent upon its responsible exercise in accordance with the norms and values of an imagined international community Hence we need a new understanding of sovereignty in order to clarify the logic of its current usage in theory and practice alike and its connection to broader concerns of social ontology what kind of world do we inhabit and of what kind of entities is this world composed This book will be of interest to students of International Relations Critical Security and International Politics

Handbook of International Relations Walter Carlsnaes, Thomas Risse-Kappen, Thomas Risse, Beth A Simmons, 2002-03-13 NEW IN PAPERBACK FEBRUARY 2005 The most systematic and wide ranging survey of the multi faceted field of International Relations yet produced It is sure to become a standard reference work and teaching text and is unlikely to be superseded at any time in the near future It should be considered as essential reading International Affairs The Handbook of International Relations published 2002 in hardback quickly established itself as the benchmark volume providing a state of the art review and indispensable guide to the study of international relations It is now released in paperback in order to be accessible to students in classroom use Divided into three parts the volume reviews both the historical philosophical analytical and normative roots to the discipline and the key contemporary topics of research and debate today The first part introduces the major approaches within the field and unpacks many of the on going debates within the discipline including those between rationalist and constructivist approaches The second part moves on to explore the key concepts and contextual factors important to the subject from concepts like the state and power to international and transnational actors debates around globalization and contending feminist perspectives The final part reviews a number of the key substantive issues in international relations and is designed to complement the analytical tools and perspectives presented in Parts I and II Examples of the many topics included are foreign policy war and peace security nationalism and ethnicity finance trade development the environment and human rights

Justice, Order and Anarchy Alex Prichard, 2013-05-02 This book provides a contextual account of the first anarchist theory of war and peace and sheds new light on our contemporary understandings of anarchy in International Relations Although anarchy is arguably the core concept of the discipline of international relations scholarship has largely ignored the insights of the first anarchist Pierre Joseph Proudhon Proudhon s anarchism was a critique of the projects of national unification universal dominion republican statism and the providentialism at the heart of enlightenment social theory While his break with the key tropes of modernity pushed him to the margins of political theory Prichard links Proudhon back into the republican tradition of political thought from which his ideas emerged and shows how his defence of anarchy was a critique of the totalising modernist projects of his contemporaries Given that we are today moving beyond the very statist processes Proudhon

objected to his writings present an original take on how to institutionalise justice and order in our radically pluralised anarchic international order Rethinking the concept and understanding of anarchy Justice Order and Anarchy will be of interest to students and scholars of political philosophy anarchism and international relations theory *Just War and International Order* Nicholas J. Rengger, 2013-04-04 Argues the just war tradition rather than being a restraint on war has expanded its scope and criticises this trend

Kant's International Relations Sean Patrick Molloy, 2019-01-23 Why does Immanuel Kant 1724 1804 consistently invoke God and Providence in his most prominent texts relating to international politics In this wide ranging study Se n Molloy proposes that texts such as *Idea for a Universal History with Cosmopolitan Intent* and *Toward Perpetual Peace* cannot be fully understood without reference to Kant s wider philosophical projects and in particular the role that belief in God plays within critical philosophy and Kant s inquiries into anthropology politics and theology Molloy s broader view reveals the political theological dimensions of Kant s thought as directly related to his attempts to find a new basis for metaphysics in the sacrifice of knowledge to make room for faith This book is certain to generate controversy Kant is hailed as the greatest of all theorists in the field of International Relations IR in particular he has been acknowledged as the forefather of Cosmopolitanism and Democratic Peace Theory Yet Molloy charges that this understanding of Kant is based on misinterpretation neglect of particular texts and failure to recognize Kant s ambivalences and ambiguities Molloy s return to Kant s texts forces devotees of Cosmopolitanism and other Kantian schools of thought in IR to critically assess their relationship with their supposed forebear ultimately they will be compelled to seek different philosophical origins or to find some way to accommodate the complexity and the decisively nonsecular aspects of Kant s ideas

Identity and Global Politics P. Goff, 2004-03-17 This collected volume draws together essays written by International Relations scholars from a variety of regional methodological and theoretical perspectives to confront the challenges of identity centered analysis In particular the contributors seek to elucidate the general meaning and methodological implications of the commonly state yet largely unexamined assertion that identities are relational fluid constructed and multiple

Utopian Thinking in Law, Politics, Architecture and Technology van Klink, Bart, Soniewicka, Marta, van den Broeke, Leon, 2022-09-15 This is an open access title available under the terms of a CC BY NC ND 4 0 License It is free to read download and share on Elgaronline com This innovative book explores the role of utopian thinking in law and politics including alternative forms of social engineering such as technology and architecture Building on Levitas *Utopia as Method* the topic of utopia is addressed within the book from a multidisciplinary perspective

The Arctic Großraum Christopher R. Rossi, 2025-09-04 How should the Arctic be viewed in the 21st century In this book a leading commentator assesses the competing players for the Arctic looking at broad questions of governance and security The author challenges the view that the Arctic is a passive space which is the focus of competitive advances from superpowers arguing that it is more correctly understood as a dynamic pluriverse Drawing on international law international relations and diplomacy this is an important

re assessment of the Arctic and its position in geo politics International Theory at the Margins Nicholas Greenwood Onuf, 2024-03-12 This book brings together thirteen essays from the celebrated international theorist Nicholas Greenwood Onuf They address topics that Onuf has puzzled over for decades prompting him to develop a distinctive perspective on international theory as social theory Among these topics are the problem of materiality in social construction epochal change in the modern world and the power of language Building on the work of giants from Aristotle and Cicero Hume and Kant to Derrida and Foucault and drawing on diverse contemporary theorists including Seyla Benhabib James Der Derian Johan Galtung Morton Kaplan Joseph Nye James Rosenau Elaine Scarry and Kenneth Waltz the book ranges over the margins of the field and settles on issues that have never been put to rest **The Art of World-Making** Harry Gould, 2017-06-26 On its face The Art of World Making focuses on honouring the career of Nicholas Greenwood Onuf and his contributions to the study of international relations of equal importance however while using Onuf's work as their touchstone the contributions to this volume range widely across IR theory making important interventions in some of the most important topics in the field today The volume considers the place of Constructivism and Republicanism in the field of international relations and the contestation that accompanies the question of their place in the field asking What explains the dominance of some forms of Constructivism and the relative lack of influence of other forms What can rule oriented Constructivism the focus here provide our field that other forms of Constructivism have been unable to Into what new and productive directions can Constructivism be taken What are its gaps and what are the resources to remedy those gaps What can Republicanism tell us about ongoing issues in international law global governance liberalism and crisis Drawing together essays from some of the leading scholars in the field space is given after each chapter for a detailed and highly personal response piece to each contribution written by Onuf This unique volume will be essential reading for students and scholars of international relations International Relations and the Arctic: Understanding Policy and Governance Robert W. Murray, Anita Dey Nuttall, 2014-06-26 Increased global interest in the Arctic poses challenges to contemporary international relations and many questions surround exactly why and how Arctic countries are asserting their influence and claims over their northern reaches and why and how non Arctic states are turning their attention to the region Despite the inescapable reality in the growth of interest in the Arctic relatively little analysis on the international relations aspects of such interest has been done Traditionally international relations studies are focused on particular aspects of Arctic relations but to date there has been no comprehensive effort to explain the region as a whole Literature on Arctic politics is mostly dedicated to issues such as development the environment and climate change or indigenous populations International relations traditionally interested in national and international security has been mostly silent in its engagement with Arctic politics Essential concepts such as security sovereignty institutions and norms are all key aspects of what is transpiring in the Arctic and deserve to be explained in order to better comprehend exactly why the Arctic is of such interest The sheer number of states and organizations currently involved in

Arctic international relations make the region a prime case study for scholars policymakers and interested observers In this first systematic study of Arctic international relations Robert W Murray and Anita Dey Nuttall have brought together a group of the world s leading experts in Arctic affairs to demonstrate the multifaceted and essential nature of circumpolar politics This book is core reading for political scientists historians anthropologists geographers and any other observer interested in the politics of the Arctic region Metaphors in International Relations Theory M. Marks,2011-08-14 Metaphors constitute a fundamental way in which humans understand the world around them This book offers a comprehensive analysis of metaphors in theories of international relations Until recently conscious attention to metaphors in theories of international relations has been haphazard and sporadic This book examines the metaphors that inform the major paradigms in international relations theory Readers will discover that the vast majority of the terminology cataloguing defining and naming theories concepts and analytical tools pertaining to the study of international relations are metaphorical in nature The book concludes that metaphors are an essential element in all aspects of international relations theory **Fault Lines of International Legitimacy** Hilary Charlesworth,Jean-Marc Coicaud,2010-02-25 This book examines the features and functions of international legitimacy and how these change over time

The Enigmatic Realm of **The Republican Legacy In International Thought Paperback**: Unleashing the Language is Inner Magic

The Republican Legacy In International Thought Paperback Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Republican Legacy In International Thought Paperback has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Republican Legacy In International Thought Paperback has opened up a world of possibilities. Downloading The Republican Legacy In International Thought Paperback provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Republican Legacy In International Thought Paperback has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Republican Legacy In International Thought Paperback. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Republican Legacy In International Thought Paperback. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Republican Legacy In International Thought Paperback, users should also consider the potential security risks associated with online platforms. Malicious actors may

exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Republican Legacy In International Thought Paperback has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Republican Legacy In International Thought Paperback Books

What is a The Republican Legacy In International Thought Paperback PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Republican Legacy In International Thought Paperback PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Republican Legacy In International Thought Paperback PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Republican Legacy In International Thought Paperback PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Republican Legacy In International Thought Paperback PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files

without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
