and barbarian invaders And he is determined that one way or another he and his family will survive and even prosper The embassy is joined as well by a young scholar who helps them make inroads into China s complex and often dangerous society Can the up timers and their friends persuade the imperial dynasty and its mandarins to establish trade and diplomatic relations with the USE They have one great asset their knowledge may be the key to saving China from decades of mass suffering and civil war At the publisher s request this title is sold without DRM Digital Rights Management About 1636 Seas of Fortune by Iver Cooper expands the Ring of Fire universe into new or previously limited geography and culture Stretching Out includes seven excellent entries mostly in South America and the Caribbean built on real events but with a nice Grantville twist Rising Sun contains five terrific tales also built on real events enhanced by historical speculation but with a nice Grantville twist Alternate Worlds About 1635 A Parcel of Rogues The 20th volume in this popular fast paced alternative history series follows close on the heels of the events in The Baltic War picking up with the protagonists in London including sharpshooter Julie Sims This time the 20th century transplants are determined to prevent the rise of Oliver Cromwell and even have the support of King Charles Library Journal About 1634 The Galileo Affair A rich complex alternate history with great characters and vivid action A great read and an excellent book David Drake Gripping depicted with power Publishers Weekly About Eric Flint s Ring of Fire series This alternate history series is a landmark Booklist Eric Flint s 1632 universe seems to be inspiring a whole new crop of gifted alternate historians Booklist reads like a technothriller set in the age of the Medicis Publishers Weekly *Grantville Gazette II* Eric Flint,2006-03 The New York Times bestselling series continues For the thousands of readers of 1632 comes another close up look at life in Grantville the American town lost in time

1632, *Second Edition* Eric Flint, 2013-02-21 Now with a new Afterword by Eric Flint

The Ultimate Y2K Glitch
1632 In the year 1632 in northern Germany a reasonable person might

conclude that things couldn't get much worse. There was no food. Disease was rampant. For over a decade religious war had ravaged the land and the people. Catholic and Protestant armies marched and countermarched across the northern plains, laying waste to the cities and slaughtering everywhere. In many rural areas, population plummeted toward zero. Only the aristocrats remained relatively unscathed for the peasants' death was a mercy. 2000 Things are going OK in Grantville, West Virginia. The mines are working, the buck are plentiful, it's deer season, and everybody is attending the wedding of Mike Stearn's sister, including the entire membership of the local chapter of the United Mine Workers of America, which Mike leads. They are having a good time. THEN EVERYTHING CHANGED. When the dust settles, Mike leads a small group of armed miners to find out what's going on. Out past the edge of town, Grantville's asphalt road is cut as with a sword. On the other side, a scene out of Hell: a man nailed to a farmhouse door, his wife and daughter lying screaming in muck at the center of a ring of attentive men in steel vests. Faced with this, Mike and his friends don't have to ask who to shoot. At that moment, Freedom and Justice, American style, are introduced to the middle of The Thirty Years War.
