M. Hano, 2024-05-06 Charming and arrogant elite Ashana Calian has one purpose serve his prince He has never considered breaking his oath until her Clover Celestia The High Princess with a stubborn streak and a spark that incinerates his oath to ash She's nothing he expected and everything he needed Inch by inch she slowly incinerates his defenses until he faces the truth that all he wants is to mark his princess Because she's his His goddess His Fated Bound by the chains of her past Princess Clover dreams of living freely But when her parents are murdered she's suddenly thrust into a war she never knew existed As she navigates the choices and betrayals of her new role she must also confront her desire for the man who forced her hand The Ashana Her protector Her Fated Unexpected and forbidden theirs is a love that could destroy a realm and doom them both *Italian American Poetics of Place* Sabrina Vellucci, 2024-11-19 This volume examines the significance of place in contemporary Italian American literature from an ecocritical perspective It fills a gap in the theoretical discourse on Italian American culture whose concerns about environmental justice have been mostly overlooked From mid twentieth century poets such as John Ciardi and Diane di Prima to late twentieth and twenty first century fiction writers such as Carole Maso and Salvatore Scibona the study combines Italian American literary criticism with the spatial turn that over the last

decades has asserted the interpretive significance of place and the environment in literary texts Questioning the prejudice that sees Italian American culture as detached from ecological issues these works show that such diasporic heritage has helped forge different modes of relationship and new forms of expression in contact with the American land Their relevance lies not so much in defining or redefining Italian American ethnicity but in forging ideas and futures beyond their immediate framework and subject matter By focusing on the intersection of gender and ethnicity with local and transnational spaces and aesthetic practices Italian American Poetics of Place contributes to the growing field of inquiry that explores the resources of the literary in laying the basis for more dialogic and inclusive forms of awareness and community with both the human and other than human
