## **The Royal Priesthood Essays Ecclesiastical And Ecumenical:**

Royal Priesthood John Howard Yoder, 1998-12-11 Readers will discover that it is not possible to disengage John Howard Yoder's practice of ecumenical dialogue from his vision of the church Yoder's approach to ecumenical dialogue correlates with his conception of the faithfulness of the church His vision of the church poses challenges for Christians of all communions because he calls both for disciplined dialogue and for faithful servanthood that renders the confession of Jesus Christ's lordship meaningful This collection of 17 essays on themes ecclesiological and ecumenical is intended to demonstrate the substantial unity of Yoder's work over the past four decades Many of these essays are often cited by researchers but have been till now unobtainable Three of these texts have never been published before Editor Michael Cartwright has contributed a substantial introduction on the Yoderian project and a select bibliography prepared by Mark Nation catalogs Yoder's writings published and unpublished on ecclesiology and ecumenism *The Distinctive Identity of the Church* Jeppe Bach Nikolajsen, 2015-03-20 An increasing number of theologians believe that the Western world has moved from an era of Christendom to an era of post Christendom This book goes to the heart of the debate related to this shift asking How are we to understand the distinctive identity of the church with special reference to its role in a post Christendom society It then presents an analysis of the work of the English Reformed theologian Lesslie Newbigin and the American Mennonite theologian John Howard Yoder both of whom reflect on how we should understand this important question At the end of *The Distinctive Identity of the Church* the charge of sectarianism is discussed It is argued that a missionary God sends the church to the world and consequently this sending should fundamentally determine its existence in the world The book argues that the task that lies before the church in the Western world is not to bypass its distinctiveness with accusations of sectarianism but to recapitulate an understanding of its own distinctiveness that should be seen as a precondition for its engagement in society Such an ecclesiological position holds important potential for an understanding of the role of the church in pluralistic Western cultures *The Church and Work* Joshua Sweeden, 2014-01-31 Work is one of the most dominant and unavoidable realities of life Though experiences of work vary tremendously many Christians share a common struggle of having to live in seemingly bifurcated spheres of work and faith Beginning with the conviction that Christian faith permeates all aspects of life Joshua Sweeden explores Christian understandings of good work in relationship to ethics community practice and ecclesial witness In *The Church and Work* Sweeden provides a substantial contribution to the theological conversation about work by proposing an ecclesiological grounding for good work He argues that many of the prominent theological proposals for good work are too abstract from context and demonstrates how the church can be understood as generative for both the theology and practice of good work This needed ecclesiological development takes seriously the role of context in the ongoing discernment of good work and specifically explores how ecclesial life and practice shape and inform good work Christian understandings of good work are inconceivable without the church Accordingly the

church is not simply the recipient and a dispenser of a theology of work but the locus of its development **Pro Ecclesia** Vol 22-N3 Pro Ecclesia,2013-07-16 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology **The Church's Book** Brad East,2022-04-26 What role do varied understandings of the church play in the doctrine and interpretation of Scripture In The Church's Book Brad East explores recent accounts of the Bible and its exegesis in modern theology and traces the differences made by divergent and sometimes opposed theological accounts of the church Surveying first the work of Karl Barth then that of John Webster Robert Jenson and John Howard Yoder following an excursus on interpreting Yoder's work in light of his abuse East delineates the distinct understandings of Scripture embedded in the different traditions that these notable scholars represent In doing so he offers new insight into the current impasse between Christians in their understandings of Scripture one determined far less by hermeneutical approaches than by ecclesiological disagreements East's study is especially significant amid the current prominence of the theological interpretation of Scripture which broadly assumes that the Bible ought to be read in a way that foregrounds confessional convictions and interests As East discusses in the introduction to his book that approach to Scripture cannot be separated from questions of ecclesiology in other words how we interpret the Bible theologically is dependent upon the context in which we interpret it Life among the Powers Rick Elgendy,2024-11-14 Many Christians have come to see that they live in a world marked by structural problems legacies of racial injustice climate change constraining forms of gender and sexuality to name just a few A faithful response to these problems calls for ethical and political witness and theologians have used the New Testament language describing the principalities and powers to provide just that a picture of faith in which Christ redeems humanity from structures of power This tradition though sometimes offers the hope of an outside ways of living in which we can be no longer complicit with the powers This book pushes this conversation further seeking a theological understanding and the spirituality that lives within it of how we are implicated in such structures what we are called to do to resist their harms and who we might still become Along the way it reads together unlikely fellow travelers Karl Barth and Michel Foucault to argue that while our complicity with the powers is inescapable we can still live meaningfully different movingly faithful lives that challenge the forms of the world that we believe are passing away Evangelism after Pluralism Bryan Stone,2018-05-01 What does it mean to evangelize ethically in a multicultural climate Following his successful Evangelism after Christendom Bryan Stone addresses reasons evangelism often fails and explains how it can become distorted as a Christian practice Stone urges us to consider a new approach arguing for evangelism as a work of imagination and a witness to beauty rather than a crass effort to compete for converts in pluralistic contexts He shows that the way we lead our lives as Christians is the most meaningful tool of evangelism in today's rapidly changing world Local and Universal C. Ryan Fields,2024-02-06 How might we reclaim the universality of the church without losing its local situatedness In this SCDS volume C Ryan Fields juxtaposes the Free Church tradition with its Episcopal counterpart arguing

that the Free Church tradition can helpfully inform our understanding of the one body of Christ while remaining true to its local roots

**The Freedom of a Christian Ethicist** Brian Brock, Michael Mawson, 2016-01-14 What is the significance of the Protestant Reformation for Christian ethical thinking and action Can core Protestant commitments and claims still provide for compelling and viable accounts of Christian living This collection of essays by leading international scholars explores the relevance of the Protestant Reformation and its legacy for contemporary Christian ethics

Bodies of Peace Myles Werntz, 2014 Bodies of Peace argues that Christian nonviolence is both formed by and forms ecclesial life creating an inextricable relationship between church commitment and resistance to war In this volume Myles Werntz examines the work of John Howard Yoder Dorothy Day William Stringfellow and Robert McAfee Brown demonstrating how each thinker's advocacy for nonviolent resistance depends deeply upon the ecclesiology out of which it comes The volume argues that any account of an ecclesially informed resistance to war must be open to a multitude of approaches not as pragmatic concessions but as a foretaste of ecumenical unity

Urban Ecclesiology Pascal D. Bazzell, 2015-05-21 Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today's ecclesial reality He contributes relevant data to support a theory of an ecclesial oriented paradigm that fosters ecclesial communities within homeless populations There is an extensive dialogue occurring between ecclesiologies church planting theories or urban missions and the urban poor Yet the situation with the homeless population is almost entirely overlooked The majority of urban mission textbooks do not acknowledge an ecclesial oriented state of being and suggest that the street level environment is a place where no discipleship can occur and no church should exist By presenting the FECH's case study Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community To be able to describe the FECH's ecclesial narrative Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical oriented ecclesiology e.g congregational studies in order to hold together theological and social understandings of the church in its local reality He articulates a theological framework for the FECH to reflect on who they are the essence of identity studies who they are in relationship to God the essence of theological studies and what that means for believers in that community as they relate to God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH's social world and communal identity The theological findings from the FECH's hermeneutical work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God's presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering Moreover it addresses ecclesial issues of the supernatural world honor shame values and further develop the neglected image of the familia Dei in classical ecclesiology that encapsulates well the FECH's nature mission and place

*The Witness of God* John G. Flett, 2010-04-30 The Witness of God is a constructive revision of Trinitarian missio Dei theology In it John G Flett argues that the neglect of mission as a theological locus has harmful consequences both for understanding the nature of God's connection with world and the corresponding nature of the Christian community

Reimagining Church Frank Viola, 2012-12-10 Author Frank Viola presents a compelling case for a new kind of church based on the model for fellowship found in Acts Redefine expectations and reimagine a life changing church The

Fragmentation of the Church and Its Unity in Peacemaking Jeffrey Gros, John D. Rempel, 2001 The Gospel Places Peacemaking at the center of Christian identity Over the centuries however churches have divided over the role and place of the peacemaking imperative in their lives and teachings This volume offers deep ecumenical discussion of the relationship of the church to its peacemaking mission from the standpoints of history and the contemporary context Contributors representing ten major faith traditions Lois Y Barrett Alexander Brunett Murray W Dempster Donald F Durnbaugh John H Erickson Eric W Gritsch Jeffrey Gros Paul Meyendorff Lauree Hersch Meyer Thomas H Olbricht Thomas D Paxson Jr James F Puglisi John D Rempel Alan P F Sell and Glen H Stassen address this crucial topic from the perspective of their own churches and explore paths that could lead to the reconciliation of existing differences **The Heterodox Yoder** Paul

Martens, 2012-01-01 The Heterodox Yoder provides a critical rereading of Yoder's corpus through his own conviction that discipleship is most basically ethics Tracing the development of Yoder's theological foundations through to their final role in redefining Jewish Christian and ecumenical relations this volume explains why the appropriation and use of the language of politics eventually constrains Yoder's ethical vision to the point that it reframes Christianity within the limits of social ethics alone Because this vision self consciously excludes or at best relativizes many of the claims of orthodox Christianity including but not limited to the ecumenical creeds Martens concludes that Yoder's Christian ethic is best described as heterodox

Augustinian and Ecclesial Christian Ethics D. Stephen Long, 2018-08-15 What is the relationship between the command to love one's enemies and the use of violence and or other coercive political means This work examines this question by comparing and contrasting two important contemporary approaches to Christian ethics neoAugustinian and the ecclesial or neoAnabaptist It traces the complicated conversation that has taken place since John Howard Yoder took on Reinhold Niebuhr's interpretation of the Anabaptists in the 1940's It consists of three parts The first part traces the development of the Augustinian Niebuhrian approach to ethics from Niebuhr through those who have advanced his work including Paul Ramsey Timothy Jackson Charles Mathewes Eric Gregory and Jennifer Herdt It also examines the Augustinian ethics of Oliver O Donovan John Milbank and Nicholas Wolterstorff Along with tracing the Augustinian approach and its trajectories through agapism theology and the interpretation of Augustine it identifies fifteen criticisms that this approach brings against the neoAnabaptists The second part traces the origin of the ecclesial or neoAnabaptist approach and then examines its relationship to and criticism of agapism what theological doctrines are central and its interpretation of Augustine Its purpose

is primarily constructive by explaining the role that ecclesiology Christology and eschatology have among the neoAnabaptists The third part addresses the criticisms levied by Augustinians against the neoAnabaptists by drawing on the constructive theology in the second part It intends to show where the Augustinian critics are correct where they have missed key theological teachings and where they misrepresent It also assesses the summons to the nationalist project the Augustinians put to the neoAnabaptists If this work is successful this third part will not be defensive It will instead illumine the reasons for the criticisms and suggest means by which the conversation that began between Yoder and Niebuhr can continue and possibly bear fruit for theological ethics in both its ecclesial and nationalist projects for generations to come *To Unite the Scattered Children of God* Stephen Finlan,2022-11-07 *To Unite the Scattered Children of God* is an accessible exploration of hope for the spiritual uniting of humankind in worship and in other ways from Isaiah on down to present times Several prophets shared this hope Many nations shall join themselves to the Lord on that day and shall be my people Zech 2 11 To an even greater degree Jesus set in motion a universalizing power Jesus and Paul inspired hope for the uniting of Jews Samaritans and Gentiles into one fold in the unity of the faith The book also builds upon the work of Teilhard de Chardin regarding the convergence of the human race under the spiritual influence of Christ the omega point of evolution Insights from pneumatology process theology personalism interfaith discussions and world peace advocacy add to the discussion

**Grace, Governance and Globalization** Martin G. Poulson,Stephan van Erp,Lieven Boeve,2017-04-06 What role does could or should theology play in current discussions about our political realities Is there a place for theological worldviews in the public conversation about policy making Should theology critically unmask the underlying theological and metaphysical sources of contemporary politics The contributors to this volume reflect on new questions in public and political theology inspired by the theology of Edward Schillebeeckx They discuss a variety of theological traditions and theories that could offer substantial contributions to current political challenges and debate whether theology should contribute to the liberation of communities of poor and suffering people We the People Tommy Givens,2014-10-01 *We the People* explores John Howard Yoder s account of peoplehood and develops an appreciative revision that considers the politics of Jesus in relation to the people of Israel This revision articulates the theopolitical stakes in relation to the modern nation state s claims to peoplehood and the observable effects of its exegetical and historical moorings in self assertion as the new and purified Israel Tommy Givens then undertakes a critical engagement with Karl Barth s account of God s election and a theologically sensitive exegesis of key biblical texts in dialogue with Carl Schmitt Jacob Taubes and N T Wright **Scripture: A Very Theological Proposal** Angus Paddison,2009-10-10 To identify the biblical texts as Scripture is to make a series of specific claims about this text that it is drawn into the activity of the triune God of Israel that its ultimate destination is the worshipping church and that it has a ministry in shaping Christian thinking and acting *Scripture A Very Theological Proposal* advances that the resources for reading Scripture understanding its claims and acting upon them will be found by looking to the church s life

and doctrines Reading Scripture with a host of theologians Paddison proposes a hermeneutic appropriate to reading Scripture both as divine address and the book of the church The book positions itself by resisting accounts in which Scripture's relationship to God and its life within the church are understood competitively as if the more we attend to one the less we are attending to the other Chapters further explore a doctrine of Scripture and the relationship of ethics doctrine and preaching to Scripture A final chapter asks can or should Scripture be read in the university
