How Human is God? Mark S. Smith, 2014 Cardinal Walter Kasper has written It is time it is the right time to speak of God In this book readers are invited to explore the Hebrew Bible and use their God given ability to work through important questions about God including Why is God so angry in the Bible Is the biblical God male or female or what Who is Satan Why do people suffer By exploring the Bible's answers to these and other biblical questions Smith offers readers encouragement to think from the heart that is intellectual exploration that is touched by the heart and also touches on matters of the heart about the nature of God Readers are further invited to nourish their vision of God in order to better know and serve God and humanity

Better to Reign in Hell, Than Serve In Heaven Allan Wright, 2018-01-15 In this monograph the author argues that Satan was not perceived as a universal malevolent deity the embodiment of evil or the ruler of Pandemonium within first century Christian literature or even within second and third century Christian discourses as some scholars have insisted Instead for early Christian authors Satan represented a pejorative term used to describe terrestrial tangible and concrete social realities perceived of as adversaries To reach this conclusion I explore the narrative character of Satan selectively within the Hebrew Bible intertestamental literature Mark Matthew Luke Q the Book of Revelation the Nag Hammadi texts and the Ante Nicene fathers He argues that certain scholars such as Jeffrey Burton Russell Miguel A De La Torre Albert Hernandez Peter Stanford Paul Carus and Gerd Theissen homogenized reconstructions of the New Testament Satan as the universalized incarnation of evil and that God's absolute cosmic enemy is absent from early Christian orthodox literature such as Mark Matthew Luke Q the Book of Revelation and certain writings from the Ante Nicene Fathers Using Jonathan Z Smith's essay *Here There and Anywhere* the author suggests that the cosmic dualist approach to Satan as God's absolute cosmic enemy resulted from the changing social topography of the early fourth century where Christian insider and outsider

adversaries were diminishing With these threats fading early Christians universalized a perceived chaotic cosmic enemy namely Satan being influenced by the Gnostic demiurge who disrupts God's terrestrial and cosmic order Therefore Satan transitioned from a here insider and there outsider threat to a universal anywhere threat This study could be employed as a characterization study New Testament theory and application for classroom references or research purposes

Satanism and Feminism in Popular Culture Miranda Corcoran, 2025-10-01 This book constitutes a timely and necessary intervention in the academic study of Satanism At the same time the book also constitutes a vital addition to the field of Gothic and Horror Studies Although recent years have witnessed a revival of interest in figures such as the witch the zombie and the vampire Satan and his acolytes have been largely ignored aside from where they overlap with the witch This volume seeks to address this lacuna in Gothic Studies by examining how Satanism particularly as it relates to issues of gender and sexuality has shaped both the aesthetic and thematic content of horror media over the past half century

A Million and One Gods Page duBois, 2014-06-16 As *A Million and One Gods* shows polytheism is considered a scandalous presence in societies oriented to Jewish Christian and Muslim beliefs Yet it persists even in the West perhaps because polytheism corresponds to unconscious needs and deeply held values of tolerance diversity and equality that are central to civilized societies

Guthrie, 2022-02-02 For many Christians the concept of spiritual warfare involves scenarios that are often enchanting extravagant and even parapsychological Hard lined skeptics respond by treating it instead as an archaic and outmoded superstition a farce While we might think a simple reading of Scripture will settle the matter this has not been the case since those writing on the subject are tacitly influenced by dubious philosophical commitments and presuppositions left unchecked This groundbreaking book incorporates philosophical reasoning in formulating for the everyday Christian a robust biblical doctrine of spiritual warfare It is a serious but readable attempt to understand what spiritual warfare is by addressing both the theological and philosophical issues involved The Conqueror's Tread dares to take a reasoned approach to pressing questions such as Do supernatural beings really exist If so what are they and what can they do Are there territorial spirits Is exorcism a part of spiritual warfare Does spiritual warfare involve speaking aloud prayerwalking and breaking curses What can evil spirits do to Christians Can Christians be demon possessed Why would God allow his people to be in a state of conflict with evil spirits What is Christian holiness and how do we pursue it What role does apologetics have and many more **Philosophical Approaches to Demonology** Benjamin W. My Life of Ministry, Writing, Teaching, and Traveling Mark G. Boyer, 2021-02-04 In My Life of Ministry Writing Teaching and Traveling The Autobiography of an Old Mines Missionary I present my life as a child growing up in a French village about sixty miles south of St Louis in the middle of the twentieth century After eighteen years of life in Old Mines the oldest settlement in the state of Missouri I moved to St Louis for four years and then to St Meinrad Indiana for four years where education opened my eyes to a world very much larger than my village of origin Life continued for me after ordination as a priest in the Roman Catholic Church in Springfield and Joplin Missouri Because my life is the thread stitching together this book I have made it manageable by dividing it into four categories ministry writing teaching and travel These categories contain the stories of others whose life threads of seventy years are woven into my lifetime tapestry This is my autobiography one of a missionary from Old Mines to the thirty nine counties forming the southern third of the state of Missouri composed during my seventieth year of life

The Quest for Early Church Historiography Jeremiah Mutie, 2022-09-09 The Quest for Early Church Historiography explores how early church historiography underwent a significant shift beginning with the thought of Ferdinand Christian Baur 1792 1860 a shift that eventually culminated in the current extreme historiographies of such scholars as Bart D Ehrman 1955 Through the tracing of this historiographical trajectory this work argues that rather than seeing these current historiographies as having suddenly appeared in the scholarly scene a better approach is to see them as the fruit of this long trajectory Of course as the work has sought to demonstrate this trajectory is itself full of turns and twists But the careful reader will hopefully be able to see the intrinsic connections that are demonstrably evident

Asking Harry T. Cook, 2010-06-01 Too much communication in the world of religion is one way from clergy to lay persons who if ever respectfully engaged would become serious inquirers The most desirable means of effective engagement is the give and take method of eliciting and clarifying questions and then drawing the questioner into the answering process That combined with the intellectual rigor of Enlightenment thinking in the formation of beliefs will go a long way toward making contemporary religion a here and now enterprise thus saving it from hopeless irrelevance

Gods of this World Shandon L. Guthrie, 2018-10-30 Philosophers of religion have focused almost exclusively on the existence and nature of God and the

nature and destiny of human beings But these philosophers have been remiss in engaging discussions about the possibility of there being adverse gods of this world demonic beings despite being a doctrine that comprises a significant part of the Christian confession This drought in the literature has left a number of questions unaddressed including Hasn t science buried the demonic Are there any successful philosophical arguments for the existence of Satan What kind of being is Satan Is he the fallen angel of lore Is it reasonable for Christians to say that demons are purely immaterial spirits Can demons causally interact with the physical world and its inhabitants Can demons perform diabolical miracles Shandon Guthrie broaches new territory beginning with a rigorous defense for the existence of Satan and his cohorts He then advances and defends a model for how to understand their nature in terms of their ontology and causal powers No other book has attempted a full fledged natural diabolology on behalf of Christian orthodoxy This is a must read for anyone interested in the dark side of Christian theology and metaphysics
