Colette

"TABLE FOR TWO? This way, Monsieur, Madame, there is still a table next to the window, if Madame and Monsieur would like a view of the bay."

Alice followed the maitre d'.

"Oh, yes. Come on, Marc, it'll be like having lunch on a boat on the water . . ."

Her husband caught her by passing his arm under hers. "We'll be more comfortable over there."

"There? In the middle of all those people? I'd much rather . . ."

"Alice, please."

He tightened his grip in such a meaningful way that she turned around. "What's the matter?"

"Shh . . ." he said softly, looking at her intently, and led her toward the table in the middle.

"What is it, Marc?"

"I'll tell you, darling. Let me order lunch first. Would you like the shrimp? Or the eggs in aspic?"

"Whatever you like, you know that."

They smiled at one another, wasting the precious time of an over-worked maitre d', stricken with a kind of nervous dance, who was standing next to them, perspiring.

"The shrimp," said Marc. "Then the eggs and bacon. And the cold chicken with a romaine salad. *Fromage blanc*? The house specialty? We'll go with the specialty. Two strong coffees. My chauffeur will be having lunch also, we'll be leaving again at two o'clock. Some cider? No, I don't trust it . . . Dry champagne."

He sighed as if he had just moved an armoire, gazed at the colorless midday sea, at the pearly white sky, then at his wife, whom he found lovely in her little Mercury hat with its large, hanging veil.

"You're looking well, darling. And all this blue water makes your eyes look green, imagine that! And you've put on weight since you've been traveling . . . It's nice up to a point, but only up to a point!"

Her firm, round breasts rose proudly as she leaned over the table.

"Why did you keep me from taking that place next to the window?"

Marc Seguy never considered lying. "Because you were about to sit next to someone I know."

"Someone I don't know?"

"My ex-wife."

She couldn't think of anything to say and opened her blue eyes wider.

"So what, darling? It'll happen again. It's not important."

The words came back to Alice and she asked, in order, the inevitable questions. "Did she see you? Could she see that you saw her? Will you point her out to me?"

"Don't look now, please, she must be watching us . . . The lady with brown hair, no hat, she must be staying in this hotel. By herself, behind those children in red . . ."

"Yes I see."

Hidden behind some broad-brimmed beach hats, Alice was able to look at the woman

Reading and Writing from Literature Ap Version Schwiebert,2002 Making Sense of Taste Carolyn Korsmeyer,2014-01-17 Taste perhaps the most intimate of the five senses has traditionally been considered beneath the concern of philosophy too bound to the body too personal and idiosyncratic Yet in addition to providing physical pleasure eating and drinking bear symbolic and aesthetic value in human experience and they continually inspire writers and artists In Making Sense of Taste Carolyn Korsmeyer explains how taste came to occupy so low a place in the hierarchy of senses and why it is deserving of greater philosophical respect and attention Korsmeyer begins with the Greek thinkers who classified taste as an inferior bodily sense she then traces the parallels between notions of aesthetic and gustatory taste that were explored in the formation of modern aesthetic theories She presents scientific views of how taste actually works and identifies multiple components of taste experiences Turning to taste s objects food and drink she looks at

the different meanings they convey in art and literature as well as in ordinary human life and proposes an approach to the aesthetic value of taste that recognizes the representational and expressive roles of food Korsmeyer's consideration of art encompasses works that employ food in contexts sacred and profane that seek to whet the appetite and to keep it at bay her selection of literary vignettes ranges from narratives of macabre devouring to stories of communities forged by shared eating

Colette and the Incest Taboo Dr. Carol Mastrangelo Bove, 2025-01-14 This book makes an argument critical to literary theory and sexuality in 2022 It argues that Colette's fiction portrays a woman struggling to live in the throes of the incest taboo understood in its psychological implications for power relations both private and public then and now Informed by Julia Kristeva's work it approaches Colette's writing and its translation along with two films via close psychoanalytic readings It demonstrates that this version of Kristeva's psychoanalytic theory in an accessible form and with emphasis on the psychology of women and social transformation helps to read Colette for the twenty first century as well as to show how Kristeva's theory works This volume examines especially Colette's most admired novels especially from the second half of her life including the much misunderstood *La Maison de Claudine* 1922 where the incest taboo surfaces in the relationship of the narrator with the mother The taboo had appeared two years earlier in *Chéri* 1920 in the rapport between the maternal L a a woman of a certain age and the young man Chéri finally in *Gigi* the incest taboo characterises the relations between the young teenager of the eponymous title and her much older uncle figure Gaston

the history of entertainment and without a doubt one of the most misunderstood. In a career that spanned six decades, two Academy Awards and ten Oscar nominations, Bette Davis became one of the greatest screen legends of all time. But as her epitaph says, She did it the hard way. She was in constant battles with co-stars, directors, and studios, and struggled with addictions to alcohol and cigarettes. She had four stormy marriages, and even her three children brought pain and controversy. One wrote a scathing tell-all book, another had a severe mental disability, and a third was the subject of a prolonged custody battle. But in her iconic film roles, Davis transcended her troubles to leave an indelible mark on American cinema. Possessing none of the glamorous beauty of Greta Garbo, she had something more powerful and lasting: a restless incandescent energy that made her mesmerizing to watch on the big screen. Katharine Hepburn was far more than an iconic movie star who won four Academy Awards for best actress and made classic films that still rank among the greatest of all time. She also exerted a unique influence on American popular culture, challenging rigid assumptions about how women should behave and almost single-handedly gave them permission to wear pants. The list of adjectives used to describe Hepburn—bold, stubborn, witty, beautiful—only begin to hint at the complex woman who entranced audiences around the world. So here is the full epic story of the patron saint of the independent American female, as one critic described her. Hepburn always lived life strictly on her own terms. And oh, what a life it was. For a time, Elizabeth Taylor was the world's biggest star, but it was her off-screen life—eight stormy marriages, a jewel-encrusted lifestyle, and struggles with weight and various addictions—that provided the most riveting drama. Long before the age of reality television, Taylor showed how fame could take on a volatile life of its own, obscuring the real person behind the media facade. Now, in this compelling biography, we meet the real Elizabeth Taylor as she grows from precocious child star to the most beautiful woman in the world, to serious actress, to pop culture punch line, and finally, successful entrepreneur, philanthropist, and HIV/AIDS activist. Along the way, she is vilified by fans for stealing singer Eddie Fischer from Debbie Reynolds, becomes trapped in a cycle of destructive affairs with Richard Burton, and desperately tries to recapture the childhood she never had with the eccentric pop star Michael Jackson. I've always admitted that I'm ruled by my passions, she once said, and those passions make for a gripping epic tale of tribulation and triumph.

The Worlds of André Maurois Jack Kolbert, 1985. The centennial of André Maurois's birth in 1885 has made this a most appropriate moment to produce a comprehensive work assessing his role as one of the leading literary figures in the Western world. Jack Kolbert's *The Worlds of André Maurois* draws heavily from his close personal association with Maurois, as well as from painstaking analyses of each of Maurois's published works and of many of his unpublished and private papers. Maurois had the

virtue of serving as a supreme communicator a writer who could transform the most complex subject matter into readable tidily organized and above all lucid works of prose narrative Unchallenged as the foremost biographer of 20th century literary figures he also produced well written and accurate histories of the three nations he knew best France England and the United States For decades his novels and short stories enjoyed worldwide popularity Climats may well be regarded as a novelistic classic and his science fiction continues to attract many readers With a warm spirit of appreciation Jack Kolbert s monograph covers all of the major aspects of this fascinating literary figure his human characteristics his presence in French and international society the persons who peopled his private and public worlds his great biographies novels short stories histories essays and articles of criticism Kolbert s study on Maurois is probably the most comprehensive work on this subject to date
